CERRITOS COMMUNITY COLLEGE DISTRICT

SHARED GOVERNANCE PURPOSE, STRUCTURE, AND PROCESS

I. INTRODUCTION

Shared governance is a collaborative collegewide process dependent on trust and open communication among stakeholders in an environment of mutual respect, collegiality and accountability.

Shared governance at Cerritos College operates through a collaborative decision-making process in which the members of each of the major campus constituencies—the Board of Trustees, the Administration, the Management, the Faculty, the Classified/Confidential Staff, and the students—play an appropriate role. This shared governance process functions in accordance with the Education Code, Title 5 (including AB 1725), and approved policies of the Board of Trustees. As a result, the Board utilizes each constituency group’s knowledge, training, experience, and expertise in the formulation and development of college policies and procedures.

When a management representative is to serve on a college committee or other governance group, the ACCME group shall appoint the representative unless a manager is a member of a committee by virtue of the function of the position. When a faculty representative is to serve on a college committee or other governance group, the Faculty Senate shall appoint the representative unless a faculty member is a member of a committee by virtue of the function of the position. When a CCFF representative is to serve on a college committee or other governance group, the CCFF chapter shall appoint the representative. When a classified staff representative is to serve on a college committee or other governance group, the CSEA chapter shall appoint the representative unless a classified staff member is a member of a committee by virtue of the function of the position. When a confidential representative is to serve on a college committee or other governance group, the confidential employee group shall appoint the representative. When a student representative is to serve on a college committee or other governance group, the ASCC shall appoint the representative unless a student is a member of a committee by virtue of the function of the position. This process intends to ensure that campus decision making is the result of timely and pertinent advice from relevant constituencies.

This collegial decision-making process encourages the campus communities to work together to find the best responses to issues the college must address. This collegial governance process assigns primary responsibility for academic and professional matters to the Faculty Senate in accordance with both Title 5 and approved Board Policy. For classified, confidential, and administrative staff, shared governance at Cerritos College functions through the shared governance committee structure and collaborative decision making among the representative college constituencies. This governance process provides opportunities for effective participation in the development and formulation of

district policies and procedures and ensures that jointly developed recommendations for action are forwarded to the Governing Board.

For students, shared governance at Cerritos College promotes opportunities to participate in the development and formulation of district and college policies that will have a significant effect on students. This process ensures that positions or recommendations developed by students are given meaningful consideration, and further ensures the collegial development of all recommendations to the Governing Board.

The Cerritos College shared governance process ensures that decisions regarding policies and procedures to be recommended to the College President and Board of Trustees are the result of contributions from appropriate college constituencies that have been developed through the campus committee structure and forwarded to the College Coordinating Committee. Committee members will draw upon their expertise to make informed recommendations that support the mission, goals, and needs of Cerritos College. This collaborative shared governance structure in no way infringes on any of the roles, responsibilities, or legal powers of the College President or the Board of Trustees. The intent of this document is to promote a more efficient, cooperative, and productive environment at Cerritos College. (See [Appendix A](#), Cerritos College Board Policy 2510)

Within each committee, the decision-making processes occur and lead to institutional recommendations. Consensus shall be the preferred decision-making process. If consensus cannot be achieved, committees shall use majority vote of members present and voting as its voting method. In the interest of moving agenda items forward and recognizing the time demands on committee members' schedules, a substitute may be selected to represent any shared governance committee member in his or her absence by the appropriate constituent group. The substitute shall have full voting rights; however, constituent groups must inform the committee chairperson in advance of the meeting. All Institutional, District and Faculty Senate committee meetings are open to the public.

III. CONCLUSION

The responsibility of shared governance at Cerritos College is undertaken in the spirit of collegiality, cooperation and collective effort. This shared governance process seeks the appropriate involvement of staff and students in the planning and operation of the college. The campus committee structure exists to formalize collegiality, facilitate communication, develop effective plans and processes, and to support the guidance of the college toward its goals. (For a Graphic Representation see Appendix C)

This governance structure benefits from the substantial efforts that individuals and campus constituent groups have devoted to its design. It is not a static plan; rather it is expected that fine-tuning over time will enhance collegial governance at Cerritos College. This plan attempts to: (1) provide appropriate representation for each constituent group; (2) delineate committee responsibilities and reporting relationships; (3) establish the appropriate number and size of committees; (4) ensure that operational matters are handled appropriately; and (5) establish a framework for short-term and long-range strategic planning with goals and objectives for the future and processes for achieving them. This document is to be reviewed periodically by the College Coordinating Committee.

7 The Board of Trustees is the ultimate decision-maker in those areas assigned to it by state and
8 federal laws and regulations. In executing that responsibility, the Board of Trustees is committed
9 to its obligation to ensure that appropriate members of the District participate in developing
10 recommended policies for Board action and administrative procedures for
11 President/Superintendent action under which the District is governed and administered.

12 The Cerritos College governance process allows decisions regarding policies and regulations of
13 the college to include appropriate input from all relevant campus constituencies. This shared
14 governance process shall be implemented in accordance with the Education Code, Title 5
15 regulations, and shared governance policies adopted by the Board of Trustees. This governance
16 process shall include collegial consultation between the Board of Trustees (or its representative)
17 and the Faculty Senate on academic and professional matters, and shall support collaborative or
18 shared decision-making with major college constituencies--faculty, classified staff, students, and
19 managers. In the exercise of this process, the members of each major constituency on campus
20 retain all rights granted by state law, the Education Code, Title 5 regulations, and Board Policy.

22 Cerritos College District Board of Trustees adopts the following statement of policy, delegating
23 authority and responsibility over certain academic and professional matters to the Cerritos College
24 Faculty Senate.

- 25 1) Each Board Member, faculty member, classified staff member, manager and student of
26 Cerritos College has a vested interest in ensuring that the college fulfills its mission of
27 providing quality education to the people of the Cerritos Community College District. The
28 fulfillment of that mission is best accomplished through cooperative effort, trust, mutual
29 respect, and the sharing of responsibilities.
- 30 2) The Faculty Senate of Cerritos College, established by Board policy, and duly elected in
31 accordance with the Faculty Senate Constitution and By-Laws, is recognized as the official

36 respect to the development and implementation of policy regarding academic and
37 professional matters of the college.

- 38 4) The academic and professional matters referred to above include, but are not limited to, the

- 55 5) The Board of Trustees of Cerritos College and the duly appointed administrators of the
56 college will consult collegially with the Faculty Senate when adopting policies and
57 procedures relating to the matters described above. The Board of Trustees will give at least
58 four (4) weeks written notice to the Faculty Senate prior to the adoption, modification or
59 implementation of policies relating to any of the above, including a written statement of
60 the proposed policy.
- 61 6) The Board of Trustees of Cerritos College and the duly appointed administrators of the
62 college will rely primarily on the advice and judgment of the Faculty Senate in relation to
63 the academic and professional matters described in items a, b, c, and d, of section 4 above.
64 The recommendations of the Faculty Senate will normally be accepted in developing and
65 implementing policy concerning these matters, and only in exceptional circumstances and
66 for compelling reasons, will the recommendations not be accepted. If a recommendation
67 is not accepted, the Board of Trustees will, upon request of the Faculty Senate, provide a
68 written explanation as to why the recommendation was not followed.
- 69 7) The Board of Trustees of Cerritos College and the duly appointed administrators of the
70 college will reach mutual agreement with the Faculty Senate, by written resolution,
71 regulation or policy in relation to the academic and professional matters described in items
72 e, f, g, h, i, j, and k, of section 4, above. In instances where agreement has not been reached,
73 existing policy shall remain in effect unless continuing with such policy exposes the
