- Cerritos has been accepted to participate.

- There will be an upcoming webinar this Friday, October 19, 2018 at 2:30 in the Liberal Arts conference room.
- Along with majors pathway there will be course of interest that goes along with that "guided exploration" along with courses.
 - Can this mapper be integrated into the enrollment process maybe in the CC Apply application?
 - Can the word "Undecided" be changed to something that could capture the Areas of Interest? For example, Social and Behavioral Sciences/Exploring? It just needs to be clear for financial aid what the goal is (e.g., AA or transfer)

- CPP/VitaNavis demo: Tues., Oct. 23, 10:00-11:00, LA conference room

 - Provided a demo (videoconference) during the summer.
 - Traci and Frank talked to people from LBCC and PCC about their experience with it. Both campuses reported that it takes higher end of the range of time the company estimates (12-16 weeks). The early alert function has the most use. Many of the other bells and whistles do not appear to be fleshed out.

3. GP committee and task forces/subcommittees

- Should there be a formal committee? Consensus was to continue informally as continue to learn and get a better sense of needs and questions to consider.

- Reassess need for and foci of task forces/subcommittees
 - **Areas of interest/composition of pathways/on ramps**—Identify brief career assessment or interest inventory to integrate into AOC process and link to AOIs and specific majors ([Holland codes](#))
