Cloud Storage

Patrick informed the committee that there were no updates on our Cloud Storage this month.

Replacement Wi-Fi Project Update

Patrick gave an update on the Wi-Fi upgrade and replacement project currently underway. There have been 233 wireless access points replaced with 123 old internal and external remaining. Patrick explained that these are Wi-Fi 6 capable and that we are waiting for the arrival of additional access points. As a reminder, there are instructions for help with Lenovo issues located on the I.T. site, under, FAQ's, https://www.cerritos.edu/it/faqs/wifi-lenovo-laptops.htm

PortalGuard Update

Javier presented a chart to the committee comparing the moved/migrated vs. remaining. There was a discussion on Zoom and SSO. Out of 1600 Zoom sign-ins we are approximately 70 away from hitting the limit of users.

IT Master Plan Update

Patrick met with Felipe Lopez and Plante Moran regarding the status the IT Master Plan items and we will be working on setting priorities. We completed one the items on the list by upgrading our network to Aruba network equipment and retiring the old Cisco network equipment.
