Guillermo Rivera Business
Rep.
Kathy Hogue
Ernest Lew
Kristi Blackburn Angie
Conley

Special Guests

(No special Guests)

- 1. Introductions & Welcome** – The committee introduced themselves and began the meeting at 3:15 PM.
- 2. Approval of Minutes 2/5/19** – The committee unanimously approved the minutes.
- 3. Action on Engineering, Design and Technology and Plastics/Composites Manufacturing Program – Resolution** – The committee made some changes of the language in the document and finalized the resolution towards ENGT and Plastic/Composites Manufacturing Program. This document will be submitted to

Faculty Senate in order to move forward the process of trying to get these programs up for review. The purpose of this document is to recommend the holding of funds for these programs until they present their reports to the committee. The committee wants it on record that they have been trying with great effort to work with these departments in a reasonable fashion. However, due to the noncompliance of Mickey and his lack of communication, this resolution is the final step for the committee. The committee unanimously approved the resolution with a motion to pass to the senate.

4. **Review of Programs Updates** – The next program up for review is Speech/Communication Studies on March 5, 2019. Nursing has been moved from March 19th to April 2nd because of spring recess. They will now present along with the Dance program. Dance has submitted their draft. The final program up for review is Math on April 16th.
5. **IPR Workbook – Updates** – Sunday suggested to take a look at the handbook and point out any language that needs to be revised in order to work on it on the next meeting.
6. **Items from the Floor** – Stephanie brought forth the idea of an Off Campus Retreat for the committee to engage in learning insights and process all of the hard work that was done for the past year. April 30th is the date.

Meeting Adjourned at 3:15 PM
Next Meeting is March 05, 2019
