

Office of International Student Services (OISS)

Purpose and Goals

The program aims to recruit, enroll, and support international students to enhance campus globalization and cultural exchange.

Student Population Served

We serve international students, primarily in F-1 status, representing 12 different countries.

Number of Students Served Annually and Capacity

We are currently serving 73 students. Our capacity is 150-200 with current staffing; increasing international enrollment is a priority.

High-Impact Interventions

We provide dedicated part-time academic counselors, regular enrollment checks, federal regulation reporting, international scholarships, mixers and social gatherings, and dedicated orientations.

Intended Impacts and Measured Outcomes

We intend for our students to successfully complete certificates, degrees, and transfer.

Did You Know?

The OISS is in many ways a one-stop-shop: we serve our students BEFORE they are Cerritos students through recruitment and admissions processing, through their time at Cerritos, and even beyond graduation through employment authorization and reporting.
