

Review of basic algebraic models

Name: _____

	Algebraic model	Explanation of parameters	Graph	Match the characteristics of the equation and the graph.	Additional information
Linear			<i>Increasing:</i>	When is the function increasing?	
			<i>Decreasing:</i>	When is the function decreasing?	
Exponential			<i>Increasing:</i>	When is the function increasing?	
			<i>Decreasing:</i>	When is the function decreasing?
