Did you know Northwood University (NU) is one of the largest, all-business universities in the country? Or that we're located on the campus of Cerritos Community College and online throughout the United States? How about the fact we've collaborated to offer a clearly defined educational Pathway Program for the Western Association of Food Chains' (WAFC) Retail Management Certificate holders?

It's designed for busy people like you who need accommodating classes options—such as meeting one night per week from 6-9pm or taking classes completely online. Enjoy the advantages of our 3+1 Program which means you pay three years of community college tuition and just one year of Northwood University tuition (31 NU units). With a “learn today, apply tomorrow” curriculum and 8-week courses that advance degree completion, you'll find you don't have to go far to get further ahead. Increase your career and income potential with a bachelor's and/or master's degree from NU. Contact us today!

Why do Retail Management students choose N.U.?

- One of the largest, all-business Universities in the U.S.A. with campuses in China, Malaysia, Sri Lanka, and Switzerland.
- Each on-campus course meets one night/week from 6-9pm
- New courses begin every eight weeks (complete MORE/semester).
- Clearly defined Pathway Program streamlines degree completion.
- Transfer Friendly: Transfer in up to 92 units.
- Utilize military education benefits here!
- Master's degree programs available.
- Lifelong career advancement services.

Ask about our:

Prior Learning Program

Eligible students can earn up to 30 units through prior work/life/military experience.

How soon can you earn your bachelor's degree?

We can tell you! After we evaluate your official or unofficial transcript(s), together we will create your "Degree Completion Plan."

What will it cost?

A 31-unit program at NU is \$13,795 (\$445/unit). Veterans discount rate is \$10,850 (\$350/unit). That's it! That's not per year. That's the total tuition cost. NO application fee! Books not included in tuition.

However, what a program costs and what students pay are two different things. Through FAFSA and other possible aid opportunities (such as military benefits, tuition assistance, and outside scholarships), we make a bachelor's degree not only attainable, but affordable!
