OPTION D- Acknowledgement of Understanding
(Limitations of Option D)**

STUDENT NAME _____ **STUDENT ID#** _____
First name Last name

I understand that applying as a 30-unit program option (Option D) student at Cerritos College has limitations including:

- ❖ This is a non-degreed educational program option. Students pursuing this option do not receive an Associate of Science Degree in Nursing (ASN). Students will not complete a petition for graduation nor participate in campus commencement.
- ❖ Students completing this educational pathway will be granted permission to sit for the National Counsel Licensure Examination for Registered Nurses (NCLEX-RN) examination to obtain licensure as a Registered Nurse (RN). However, the license received will only be valid in the state of California. Reciprocity in other states may not be granted.
- ❖ Students will not be permitted to change their program option once admission is offered and accepted.
- ❖ As a non-degreed nursing program (Option D) student, seeking future educational endeavors at a college or university can be difficult without having completed undergraduate work to complete an Associate Degree in Nursing at an accredited program. Option D is not a pathway to further education or obtaining a degree (in nursing).

I have read the limitations noted above. I choose to continue the application process under this option (Option D) and understand these limitations.
