**RE:** Catalog addenda to include MATH 75 for Mathematics proficiency for previous academic years

**DATE:** February 26, 2020

---

Please be advised that catalog addenda will be published for each of the following academic years to **include MATH 75 in the list of courses which meet the Mathematics proficiency requirement for the Associate in Arts Degree for General Education (Plan A):**

- 2015-2016
- 2016-2017
- 2017-2018
- 2018-2019

The Mathematics department and the Office of Admissions & Records endorsed the inclusion of MATH 75 to meet the requirement retroactively, and both were consulted regarding the language of the addendum. Please note that no other changes have been made to the catalog verbiage related to Math proficiency for any of the years indicated above.

Efforts to inform eligible students regarding the applicability of MATH 75 toward the Math proficiency requirement are underway in the Counseling department.

Thank you for the role you play in supporting student equity and success.
