100% In Person

- In person attendance counts
- You arrange time for homework and study
- Some communication, grades and possible assignment submissions will take place in Canvas.

100% Online

- All instruction and interaction takes place online with specific due dates
- Specific assignments and participation count for attendance
- You are responsible for completing class lessons and homework each week
- All communication takes place online with no mandatory meetings

Remote Online

- You must be present during class for attendance
- Class lessons take place during online class time
- Additional outside of class work and assignments are likely required.
- Communication, grades, and some assignment submissions may be noted in Canvas.

Hybrid

- Mandatory meetings take place in person at a specific time
- Additional required activities are online in the Canvas course
- Due dates are required in the Canvas course for online and for in person activities.

Hyflex

- Mandatory meetings take place online and in person simultaneously
- You must be present in one or the other modality for attendance
- Offers flexibility to attend in person or join the live remote class
- Additional homework, communication and some assignment submission on Canvas

Online with Required Campus Activities

- All instruction and interaction will take place online except for either noted assessments or specified activities which will be in person
- Specific dates are required for in person attendance and they're noted in the schedule of classes
