2 References:

3 Title 5, Sections 55040, 55041, 55253 and 56029

4 Only the following types of courses may be designated as repeatable:

- 5 • Courses for which repetition is necessary to meet the major requirements of CSU
- 6 or UC for completion of a bachelor's degree;
- 7 • Intercollegiate athletics courses; and
- 8 • Intercollegiate academic or vocational competition courses. Such courses may
- 9 be repeated no more than four times for semester courses or six times for
- 10 quarter courses.

11 Under special circumstances, students may repeat courses in which a "C" or better grade
12 was earned.

13 Students may repeat a course without petition when repetition is necessary to enable that
14 student to meet a legally mandated training requirement as a condition of volunteer or
15 continued paid employment. Students may repeat such courses any number of times.

16 Students may petition to repeat a course as a result of a significant change in industry or
17 licensure standards such that repetition of the course is necessary for the student's
18 employment or licensure. Students can repeat such courses any number of times.

19 The District shall identify and designate repeatable courses in the catalog.

20 Students may enroll in activity courses in physical education, visual arts, or performing
21 arts. Such courses may not be repeated for more than four semesters. This limit applies
22 even if the student receives a substandard grade or "W" during one or more enrollment
23 or if a student petitions for repetition due to extenuating circumstances.

24 Students with disabilities may repeat a special course for students with disabilities any
25 number of times when an individualized determination verifies that such repetition is
26 required as a disability-related accommodation for the student for one of these reasons
27 specified in Title 5, Section 56029:

- 28 a) When continuing success of the student in other general and/or special classes
- 29 is dependent on additional repetitions of a specific special class;
- 30 b) When additional repetitions of a specific special class are essential to completing
- 31 a student's preparation for enrollment into other regular or special classes; or
- 32 c) When the student has a student educational contract which involves a goal other
- 33 than completion of the special class in question and repetition of the course will
- 34 further achievement of that goal.

35 The District shall maintain the mechanism(s) necessary for proper monitoring of course
36 repetition.
