**President's Message**  
**February 26, 2018**

Dear Colleagues,

I understand there are some concerns about the safety alert sent last night. Last night's safety alert was in response to a non-specific post circulating on social media about a potential threat to "a Norwalk School." Cerritos College was briefly mentioned in the post, but was not identified as a target. There were numerous e-mails and social media messages that the campus received. After our partners with the Los Angeles County Sheriff's Department determined that the threat was not credible and a false rumor, it was still important to inform our campus community. While the threat was not made directly to Cerritos College, our goal is to always address any concerns that relate to campus safety as quickly as possible.

There have been no reported threats received by Cerritos College

Thanks,  
Jose Fierro, D.V.M., Ph.D.  
President/Superintendent
