

Dr. Jose Fierro
President's Message
October 9, 2017

Dear Campus,

There are multiple brush fires burning across the region, including in the Anaheim Hills/Yorba Linda area. As many of you live in communities near and outside of the District, your route home will likely be affected by freeway and street closures due to the fires. We have learned that as of this afternoon, evacuations were ordered south of the 91 freeway near Anaheim Hills/East Yorba Linda area (west of 241 toll road), north of Nohl Ranch and east of Serrano Avenue.

For your safety, I encourage all employees who live near the affected area to leave campus early to make plans to safeguard your home, collect personal belongings and find a safe place to take shelter for you and your loved ones. If you live in the Anaheim Hills/Yorba Linda area, there are shelters at East Anaheim Community Center, 8201 E. Santa Ana Canyon Road and in the downtown Anaheim Community Center, 250 E. Center Street.

Please contact my office if I can be of any assistance.

Stay safe.
