

Dr. Jose Fierro
President's Message
August 9, 2018

Good Evening Colleagues,

I have had the opportunity to speak with many of you during the past week regarding the Vice President of Student Services search. I want to thank all who took the time to meet, email, and call me, and well as all who completed the VPSS feedback forms. After analyzing the feedback received and giving it much thought, I concluded that we need to continue our search; consequently, I have decided to re-open the VP search effective Monday, August 13, 2018, with the goal of hiring a permanent Vice President of Student Services to begin January 1, 2019.

I want to thank everyone on the screening committee for their hard work, everyone who attended and watched the forums, and overall, the campus community for your engagement and commitment to finding the best fit for our institution.

Best,
Jose Fierro, D.V.M., Ph.D.
President/Superintendent
