

December 18, 2018

Good afternoon Colleagues,

As 2018 comes to a close, I would like for all of us to take a minute to reflect on the positive things around us and show gratitude to our loved ones. I am thankful for the work we have done throughout this year to serve our students and improve their lives. I am also thankful for what we learn from each other.

One of the things I like the most about our College is the sense of belonging and the attachment we have for Cerritos College. I am proud to be a part of the Cerritos College family and I look forward to working with each of you to facilitate our students' learning experience in 2019. Like every family, we sometimes we have disagreements; but as with all families, we continue to unite for a bigger cause. That is evident in the work we do for our students, the communities we serve, and how we take care of each other.

I wish you and your families a happy holiday season and I hope the coming year brings you joy and happiness.

Jose
