

January 24, 2025

Colleagues,

Thank you to everyone who joined us for the EC Games Kickoff event! It was an incredible start filled with energy, fun, and a fantastic sense of community. We loved seeing all of you come together to celebrate, enjoy a little friendly competition, and begin finalizing your teams.

In case you didn't have a chance to join us, I wanted to provide the sneak peak we shared at the event. The EC Games will be a monthly team competition series, with the following challenges:

- February 28th Falcon Find: A Cerritos College Themed Scavenger Hunt
- March 4th 60-Second Showdown: Teams will compete to head-to-head in minute-to-win it challenges
- April 18th Can You Relay: a not so typical relay race
- May 8th The Finale: an esports battle between the finalists

Before each challenge, our game designers, Wendy Thomas and Monique Valencia, will be sending out the information and challenge instructions for the event. This information will include a description of the challenge, how it will be scored, and any rules for the challenge.

We also announced the prize for the winning team: **Knott's Berry Farm tickets, including a dining pass and fast pass wristbands.**

If you haven't already, there's still time to register for the EC Games competition. If you are assembling your own team, we ask that you follow the below guidelines:

- At least 1 long-term employee (10+ years at Cerritos College)
 - At least 1 new employee (less than 5 years at Cerritos College)
- Academic Affairs, Business Services, Human Resources, President's Office, and Student Services
- Teams should consist of 5 to 10 members.

[Register HERE](#) before February 7th
