Debra Moore

Excellence is the Standard

Since she joined Cerritos College in 2001, Deb Moore has shown herself to be not only an excellent librarian and faculty member, but also a willing volunteer, serving on numerous committees to help the college run smoothly. With a teamwork spirit and a warm sense of humor, Moore is respected and admired by her colleagues.

Moore supervises the technical aspects of the Cerritos College library system, overseeing the cataloguing of the 6,000 books the library purchases each year. In 2006, she led the implementation of the new library cataloguing and management system—an enormously time-consuming project, as all the information had to be moved from one system to another. Moore went through training on all the system modules with the library staff. At the outset, she distributed troll dolls to show them that, as she put it, “it might be hair-raising, but we’d get through it.” After successfully getting the system online on schedule, Moore shouldered the task of maintaining it. Though she’s still learning the system, she enjoys the challenge of dealing with it, likening it to a giant puzzle.

Thanks to her work, the Cerritos College library now offers an advanced system that lets students and faculty access their accounts and renew books online, and search many databases at one time. They can even create RSS feeds of their favorite searches, and be updated when the library purchases new books by a favorite author or on a favorite topic.

Helping students at the reference desk is one of Moore’s favorite duties. “I enjoy the hunt, and I enjoy helping them with it,” she says. “I deal with such a wide variety of topics—it keeps me up on things.”

Moore also teaches classes in library research techniques, helping students learn to find information without the help of librarians. For Moore, helping students find information themselves accomplishes more than making them efficient researchers; she also sees herself as contributing to a healthy democracy.

“Good research skills give people power and independence, because they can find the information they need when they need it, so they’re not dependent on other people,” she says. “If they don’t believe what the person on the news is saying, they can do some research and decide for themselves.”

Outside of her library duties, Moore demonstrates a strong commitment to helping Cerritos College thrive, as she serves on several committees including the Sabbatical Leave Committee, the Accreditation Committee and the Learning Communities Committee. She has also volunteered to update the Web pages of several of the committees, working to make them more useful for students and faculty.

Moore was elected vice-president of the Faculty Senate last year, where she continues her committed service to the college by working with other campus leaders to promote student success.

NOTE:

- Prerequisites **ARE NOT** CHECKED WHEN YOU ARE PLACED ON A WAIT LIST. They are checked at enrollment. **YOU MAY LOSE A SEAT** if prerequisites are not met when the instructor adds you to a class, or "auto-enroll" is activated. "Auto-enroll" will automatically enroll students from the wait list to the official roster when space becomes available.
- Cerritos College uses an **"auto-enroll" process from wait list to roster**. You are responsible for all drops. If you do not want your wait-listed classes, please drop to avoid a substandard grade and forfeiture of enrollment fees. For more information on wait lists, see "Wait List" on page 15.
- If you are enrolled in a class AND are on a wait list for the same course (i.e., enrolled in SOC 101 and #1 on the wait list for SOC 101 at another time) you will lose a seat when "auto-enroll" tries to move you from the wait list to the official roster due to "Multiple Enrollment".

TO ENROLL

- **For Falcon Phone use only a touchtone phone.** Touchtone phones make a tone sound when each button is pressed. **Please no cellular phones**
- **For MyCerritos**, please log on to www.cerritos.edu, select **MyCerritos**, and follow the directions.
- If you call **Falcon Phone** or log on to **MyCerritos** **before** your appointment date and time, the system will not allow you to enroll. However you may call or log on anytime on or after your scheduled appointment date and time during published enrollment hours.
- If **Falcon Phone** does not answer, all lines are busy. Please continue to call or log on to www.cerritos.edu and select **MyCerritos**, to complete your enrollment.
- **Falcon Phone and MyCerritos** will lead you through step-by-step instructions. Do not get ahead of the instructions as this may result in **incomplete** enrollment and **loss** of classes.

WAIT LIST

As you enroll in classes, you may find that some are “closed.” This means that these classes have reached maximum enrollment. In this event you may choose to add your name to the wait list. The number of additions to wait lists is limited to 10 units. Please listen to the instructions on Falcon Phone or follow the instructions on **MyCerritos**.

Cerritos College has implemented a “paid” wait list. What this means is that once you have added your name to the wait list, you must pay all applicable fees for that class. Additionally, “auto-enroll” will be in operation. Auto-enroll will automatically enroll students from the wait list to the official roster when space becomes available. Auto-enroll from a wait list will not occur if:

1. Student has a hold (service indicator) on their account. Please check MyCerritos under “Holds and ToDos”.
2. The class prerequisite has not been met.
3. Illegal course repetition has occurred. (See Admission and Records for Academic Records and Standards petition.)
4. There is a class time conflict. Students may not be enrolled in two classes that meet at the same time.
5. If you are enrolled in a class AND are on a wait list for the same course (i.e., enrolled in SOC 101 and #1 on the wait list for SOC 101 at another time) you will lose a seat when “auto-enroll” tries to move you from the wait list to the official roster due to “Multiple Enrollment”.

Auto-enrollment will continue through the first week of the 18-week semester and the first day of class for shorter sessions. View your enrollment status on **MyCerritos** (<http://my.cerritos.edu>).

Prompt attendance on the first day is mandatory for all wait listed students. Failure to attend will jeopardize your enrollment status.

REFUND POLICIES AND PROCEDURES

It is the student's responsibility to apply for a refund. A student is eligible for a refund after classes have been officially dropped. A student is eligible for a refund if: a) classes are dropped by the required deadline; b) the program change is the result of action taken by the district to cancel or reschedule a class; c) the student is dropped for failure to meet a prerequisite(s) or corequisite(s); and/or, d) the student is active or reserve U.S. Military personnel who withdraws due to military orders. The above listed eligible students may file a petition with the district requesting refund of their enrollment fee(s). A refund will not be processed if academic credit has been awarded for the class. Refunds are not automatically processed. Students must come to the Admissions and Records Office in the Administration Building beginning on the refund start date and sign a claim statement. Approved refunds will then be mailed in approximately two to four weeks. The student's correct address is required on the claim statement when filing.

GENERAL INFORMATION

REPEATING A COURSE

A student may repeat the same course TWICE for purposes of improving a substandard grade ("D," "F," "NP," or "NC"). The previous grade and grade points will be disregarded in computation of Cerritos College grade point average. For any course repetition in what is otherwise a non-repeatable course, credit and grade points will be counted only once. Other courses which are designated in the catalog may be repeated as many times as the catalog indicates.

Exception: Certain classes are designated in the catalog and may be repeated for the maximum units indicated. See your counselor before repeating any class.

Please check the list of repeatable courses available at the Counseling station during registration. If you have an individual problem, check with one of the counselors on duty.

PASS/NO PASS CLASSES

Classes offered on a **Non-Optional** pass/no pass basis only will be indicated on the students permanent record as a "**P**" grade (with unit credit) or an "**NP**" grade (and no units earned). This will not affect the students grade point and SHALL NOT be considered as part of the 15 unit limit policy for the **Optional** pass/no pass courses that are designed to encourage students to explore courses in areas they feel they may have an interest.

See page 21 for guidelines and a list of approved courses in each department.

OPEN ENTRY/OPEN EXIT CLASSES

All students should meet with the instructor as soon as possible after the start of the session to inquire about enrollment (unless otherwise noted). A student may enter these classes at any time during the session prior to the specific cut-off date for the individual classes. The courses may be completed within the session in whatever time is necessary for the student to finish the course requirements.

DIRECTED STUDIES

Any student interested in pursuing independent projects on an individual basis for one or two units should contact a faculty member to determine if he/she is available to sponsor a directed studies project. Students may enroll in these classes only through the second week and with the authorization to enroll in Directed Studies. Form must be signed by both the instructional dean and the faculty member conducting the Directed Studies.

WORK EXPERIENCE

Students may register for Cooperative Work Experience only through the second week of classes. Only a reduction of hours may be made after the first week.

NOTE: Section changes may not be made between terms or semesters. A student may not drop a first six/eight week course and then enroll in a second six/eight week course by executing a section change. The student is required to officially drop the first six/eight week class and then pay the appropriate fees to be enrolled in the second six/eight week class. The money will not transfer from one term to another if drop is processed outside of refund date.

Stated deadlines are not adjusted due to late enrollment.

RETURNED CHECK POLICY

A \$10 fee will be charged on all returned and stop payment checks. All fees are subject to change without notice in accordance with action taken by the Board of Trustees. DISCLAIMER

Cerritos College has made every reasonable effort to determine that everything stated in the class schedule is accurate. Class sections offered together with other matters contained herein, are subject to change without notice by the administration of Cerritos College for reasons related to student enrollment, level of financial support or for any reason, at the discretion of the College. The college further reserves the right to add, amend, or repeal any of the rules, regulations, policies and procedures, consistent with applicable laws. With some programs, portions of some classes may be assigned to instructors other than those identified in this schedule. Fees are subject to change by the Board of Trustees or the State of California.

ATTENDANCE AND GRADING

ATTENDANCE

It is the responsibility of students to attend classes regularly and apply themselves to the college studies in which they are enrolled. When students have been absent due to illness, they should report to their instructor to explain the absence. When the hours of absence exceed one more than twice the number of class hours per week, the students are considered to be excessively absent and are subject to exclusion from class. Listed below are two types of absences which permit the making up of work missed, provided that the work is of such a nature that it can be made up.

1. **AUTHORIZED ABSENCE:** For an approved educational field trip or school activity.
2. **EXCUSED ABSENCE:** For illness, injury, or quarantine. NO CREDIT WILL BE GIVEN FOR A CLASS IN WHICH A STUDENT IS NOT OFFICIALLY ENROLLED. Students must attend the first class meeting or their names may be removed from the roll to allow another student seeking admission on an availability card to enter. If a student is unable to attend the first class meeting, the instructor must be notified.

DISMISSAL FROM CLASS OR COLLEGE

Excessive absences, unsatisfactory academic or progress achievement, undesirable citizenship, or falsification of information supplied to the Office of Admissions and Records shall serve as a basis for dismissal from a class or from the college.

GRADING

Accomplishment in course work is indicated by the following symbols:

Symbol	Definition	Grade Point
A	Excellent	4
B	Good.....	3
C	Satisfactory	2
D	Passing, less than satisfactory	1
F	Failing	0
FW	Failing, due to lack of participation and failure to withdrawal	0

NP	No Pass (less than satisfactory or failing units not counted in GPA)	0
I	Incomplete.	0
MW	Military Withdrawal (without penalty).....	0
W	Withdrawal	0
RD*	Report Delayed.....	0

* The RD symbol is used when there is a delay in reporting the grade of a student due to circumstances beyond the control of the student. It is a temporary notation to be replaced by a permanent symbol as soon as possible. RD shall not be used in calculating grade point averages.

GRADE CHANGES

The determination of the student's grade by the instructor shall be final in the absence of mistake, fraud, bad faith, or incompetency. The correction of a grade given shall only be allowed for a request initiated within one year following the end of the term in which it was assigned.

Exceptions to the one-year limit on grade changes may be requested by petition of the student in extenuating circumstances. A formal petition must be submitted to the Academic Standards Committee. Extenuating circumstances are verified cases of accident, illness, or other circumstances beyond the control of the students (Title 5, Section 55760, Board of Trustees policy 12/8/92).

INCOMPLETE

Students are not to re-enroll for a course in which a grade of "I" has been recorded. Incomplete academic work for unforeseeable, emergency, and justifiable reasons at the end of the term may result in an "I" symbol being entered in the student's record. The condition for removal of the "I" shall be stated by the instructor in a written record. This record shall contain the conditions for removal of the "I" and the grade assigned in lieu of its removal. This record must be given to the student with a copy on file with the Admissions and Records Office until the "I" is made up or the time limit has passed. A final grade shall be assigned when the work stipulated has been completed and evaluated, or when the time limit for completing the work has passed. The "I" may be made up no later than one year following the end of the term in which it was assigned. The "I" symbol shall not be used in calculating units attempted nor for grade points. A student may petition for a time extension due to unusual circumstances by completing a petition form from the Admissions and Records Office.

RETURN OF TITLE IV FUNDS

Federal aid recipients who withdraw or are dropped from all classes by the instructor are subject to new regulations regarding the Return of Title IV funds. Students who withdraw or are dropped from all classes prior to completing more than 60% of the enrollment period are subject to these rules. Based on the date of the complete withdrawal or drop, the Financial Aid Office will determine the amount, if any, of "unearned" federal financial aid received by the student. The calculation will begin by determining the percentage of the enrollment period completed by the student as follows:

**Number of days completed
Total number of days in the semester**

The result will equal the percentage of the enrollment period completed. The amount of federal financial aid that was paid or could have

been paid to the student will be based on this percentage. If the student received more financial aid than the amount earned, the student will be billed for the overpayment. Financial aid recipients should be cautioned to (1) avoid total withdrawal from all classes, (2) successfully complete at least one class during the semester, and (3) repay any "unearned" financial aid as soon as possible to regain eligibility for financial aid.

Any aid recipient who needs to withdraw from all classes should contact the Admissions and Records Office and the Financial Aid Office. Recipients are encouraged to discuss alternatives to withdrawing from a class(es) with their instructor(s) or a counselor before making a final decision.

Title IV funds are awarded to a student under the assumption that the student will attend school for the entire period for which the assistance is awarded.

LEARNING COMMUNITIES (CONTINUED)

LEARNING COMMUNITIES CLASSES

Learning communities involve the intentional creation of class pairs or clusters around a common theme or concept. Typically, the same group of students is co-enrolled in two or more courses, usually from different disciplines—for instance, history and art, English and career guidance, political science and philosophy. Students enroll in both courses but receive a separate grade for each one.

Course instructors integrate their syllabi, encouraging students to gain a deeper understanding of each course, even as they discover connections between the two. Classroom activities, tests, assignments, field trips, research projects, and educational technology are used to engage students in their own learning, as well as provide them with valuable “real-world” skills.

Perhaps more importantly, the learning community model promotes student-centered learning, with an emphasis on an enriched classroom environment. It promotes greater intellectual growth and genuine mastery of course content through collaborative activities, frequent feedback, and increased student-teacher and student-student interactions. Traditional lecturing is minimized; active learning and thoughtful integration of content are maximized.

Research indicates learning communities promote student achievement, retention, and progress toward degree completion. Faculty benefit from professional development and training, fresh approaches to teaching, and collaboration with colleagues. Finally, the college profits from institutional research and development that is intimately tied to teaching/learning outcomes.

LEARNING COMMUNITIES PROGRAM FYE AND LC OPTION WITHDRAWAL POLICY

When a student enrolls in a group of two or more courses as part of a learning community LC or FYE House, he or she **MUST MEET THE PREREQUISITE(S)**, if there are any, for **EACH** course in the combination. Students enrolled in one section of a course that is part of a learning community must be enrolled in all other courses in that group. Labs must be taken with lecture. If one course is dropped, the student **MUST** and **WILL BE DISENROLLED** from all other courses in the learning community. **THERE ARE NO EXCEPTIONS TO THIS POLICY.**

QUESTIONS

If you have questions about the Learning Communities Program (LCP), please call (562) 860-2451, ext. 2782, or stop by the LCP Center in the Admissions Building.

MATHEMATICS

SEMI-INDEPENDENT SECTION MATH CLASSES (See *)

All Mathematics classes in LC111 are SEMI-INDEPENDENT classes.

These classes cover the same content as other Mathematics courses, but use an entirely different method of instruction. Instead of attending regular lectures, students read and learn the material on their own. Tutorial assistance is provided Monday through Thursday 8:30 a.m. – 9:00 p.m. and Friday 9:00 a.m. – 4:00 p.m. Students take exams according to a schedule given out the first day of class. There may also be mandatory sessions. These classes are recommended ONLY for students with a strong background in Mathematics who are independent learners. For students who experience Math anxiety or whose background in Mathematics is not strong, we recommend enrolling in a traditional lecture class.

MATHEMATICS PREREQUISITE POLICY

All students taking Mathematics courses at Cerritos College for the first time should take all the necessary placement tests, obtain transcripts of prior coursework, and see their counselors PRIOR to the first day of classes. All students should expect to bring copies of the appropriate documentation with them to class the first day of school to show to the instructor who will verify that a student has met the prerequisites listed in the Cerritos College catalog prior to enrollment in a Mathematics course.

Informal and formal complaints under this policy shall be processed through the District's Investigation and Resolution of Complaints of Unlawful Discrimination procedure through the Faculty and Staff Diversity Officer. GENERAL EDUCATION REQUIREMENTS FOR THE ASSOCIATE DEGREE AND FOR TRANSFER TO THE CALIFORNIA STATE UNIVERSITY AND UNIVERSITY OF CALIFORNIA

Requirements for the Associate in Arts (A.A.) Degree at Cerritos College can be met in one of three different ways: Plan A, B or C.

PLAN A is designed primarily for those students interested in preparing for a vocational career upon graduation. Plan A may also be used by university transfer students and for students in vocational majors who may possibly wish to transfer in the future. However, there are courses listed under Plan A that are not transferable for general education credit to the four-year universities. Therefore, students wishing to use this option should see a Cerritos College counselor for advice in selecting the A.A. General Education plan that in combination with a major will best match their educational and career goals. Please see the Plan A degree description page for further details.

PLAN B is designed primarily for students who will transfer to a California State University (CSU) campus and are not interested in attending a University of California campus. Students may use this plan to combine completion of both the Associate in Arts general education requirements, and the California State University (CSU) General Education Certification pattern. Students should see a counselor for advice on selecting the A.A. General Education plan that in combination with a major will best match their educational and career goals. Please see the Plan B degree description page for further details.

PLAN C is designed primarily for students who intend to transfer to the University of California (UC), or who are undecided between transferring to the University of California or the California State University. Students may use this plan to combine completion of both the A.A. degree general education requirements and the Intersegmental General Education Transfer Curriculum (IGETC) requirements. Plan C may not be recommended for some majors at certain CSU or UC campuses. Please see the Plan C description page for further details.

The significant differences between Plan A, Plan B and Plan C are:

Plan A requires the completion of a minimum of 18 units of identified general education courses and requirements and a minimum of 18 units of specified “major” courses, proficiency requirements and electives, if necessary, to total a minimum of 60 degree applicable units.

Plan B requires a minimum of 39 units of identified CSU general education courses and requirements plus specified lower-division major preparation, the health and wellness proficiency requirement, and elective courses, if necessary, for a minimum of 60 degree applicable units.

If a student only wishes to transfer at an upper division level and is not seeking an A.A. degree, a minimum of 60 CSU transferable units is required. (See transfer requirements for CSU and your counselor)

Plan C requires a minimum of 34 (UC) or 37 (CSU) units of identified general education courses and requirements plus specified lower-division major preparation courses, the health and wellness proficiency requirement, and electives, if necessary, to total a minimum of 60 degree applicable units.

If a student only wishes to transfer at an upper division level and is not seeking an A.A. degree, a minimum of 60 UC transferable units is required. (See IGETC, UC transfer requirements, and your counselor.)

There are important differences among the three plans. In order to select the plan that best meets each individual's AA and transfer goals, students should see a Cerritos College counselor.

GENERAL EDUCATION REQUIREMENTS FOR THE ASSOCIATE DEGREE AND FOR TRANSFER TO THE CALIFORNIA STATE UNIVERSITY

Associate in Arts Degree General Education 2007-08 Plan B and/or The General Education Certification Requirements For The Bachelor's Degree At The California State University

Plan B is designed primarily for students who will transfer to a California State University (CSU) campus and are not interested in attending a University of California campus. Students may use this plan to combine completion of both the Associate in Arts general education requirements and the CSU General Education Certification pattern. Students should see a counselor for advice on selecting the AA General Education plan that in combination with a major will best match their educational and career goals.

To earn an Associate in Arts Degree using Plan B, students must complete a minimum of 60 degree applicable units with an overall grade point average of "C" (2.0) or better which must include the specified general education requirements and designated courses for a major. The Health and Wellness Proficiency requirement must be completed (See description in Plan A).

If a student wishes only to transfer and is not seeking an A.A. degree, they can follow the requirements below. However, there are no proficiencies required for CSUGE certification.

It should be noted that completion of the CSU General Education Certification is not required for admission to the CSU nor is it the only way to fulfill the lower division general education requirements. Depending upon the student's major, it may be advantageous to complete the requirements of the specific campus the student plans to attend.

STATE UNIVERSITY GENERAL EDUCATION CERTIFICATION REQUIREMENTS

A maximum of 39 units is required to fulfill the CSU lower division general education requirements, with the units to be distributed as follows: Nine (9) units in Area A; nine (9) units in Areas B, C and D, with no more than 30 units total in areas B through D combined; and three (3) units in Area E.

GENERAL EDUCATION REQUIREMENTS FOR THE ASSOCIATE DEGREE AND FOR TRANSFER TO THE CALIFORNIA STATE UNIVERSITY AND UNIVERSITY OF CALIFORNIA

Associate in Arts Degree General Education 2007-08 Plan C and/or The Intersegmental General Education Transfer Curriculum (IGETC) For Transfer To UC And CSU

Plan C is designed primarily for students who intend to transfer to the University of California (UC) or are undecided between transferring to the UC or the California State University (CSU). Students may use this plan to combine completion of both the AA Degree general education requirements and the IGETC General Education requirements.

The purpose of IGETC is to provide an option for students to fulfill lower division general education requirements prior to transferring to a UC or CSU campus.

Depending upon the student's major and campus choice, it may be advantageous to complete the requirements of the specific campus the student plans to attend. In general, it is not advisable for transfer students preparing for majors at any UC campus requiring a high number of units, such as engineering and science, to use IGETC.

Plan C can be fulfilled by completing the IGETC requirements specified for either the UC or CSU.

A letter grade of "C" or better is required in all Plan C courses.

To earn an Associate in Arts degree using Plan C, students must complete a minimum of 60 degree applicable units with a grade point average of "C" (2.0) or better which must include the specified general education requirements and designated courses for a major. The Health and Wellness Proficiency requirement must be completed (See description in Plan A).

If a student wishes only to transfer and is not seeking an A.A. degree, they can follow the requirements below. However, there are no proficiencies required for IGETC certification.

It should be noted that completion of IGETC is not required for admission to the UC or CSU.

Further information and other regulations pertaining to IGETC and the Associate in Arts Degree are found in the catalog.

STATEMENT OF STUDENT RIGHTS AND RESPONSIBILITIES

PREAMBLE

The community college exists for the transmission of knowledge, the pursuit of truth, the development of students and the general well-being of society. Free inquiry and free expression are indispensable to the attainment of these goals. As members of the academic community, students should be encouraged to develop the capacity for critical judgment and to engage in a sustained and independent search for truth and knowledge.

Freedom to teach and freedom to learn are inseparable facets of academic freedom. The freedom to learn depends upon appropriate opportunities and conditions in the classroom, on the campus and in the larger community. Students should exercise their freedom with responsibility so as not to endanger the rights, goals and beliefs of other students.

Cerritos College should be open to all qualified students regardless of race, creed, national origin, disability or sex.

CLASSROOM RIGHTS AND RESPONSIBILITIES

The professor in the classroom and in conference should permit free discussion, inquiry and expression of thought by the student. Student performance should be evaluated solely on an academic basis, not on opinions or willingness to accept professors' personal beliefs, or conduct unrelated to academic standards. Students should be free to take reasoned exception to the data or views offered in any course of study for which they are enrolled and for maintaining standards of academic performance established for each course in which they are enrolled. The student has the right to have the course taught in a systematic, meaningful manner and of knowing at the beginning of the course those academic standards required of the student in the course.

Administrative staff and faculty members should respect confidential information about students such as student views, beliefs and political associations, which is acquired in the course of their work. Transcripts of academic records should contain only information about academic status.

ON THE CAMPUS RIGHTS AND RESPONSIBILITIES

Students should be free to examine and discuss all questions of interest to them, and express opinions publicly and privately. They should be free to organize and join associations to promote their common interests. The membership, policies and actions of a student organization will be determined by vote of only those persons who hold bona fide membership in that college organization. Campus advisors shall advise organizations in the exercise of their rights and responsibilities.

Student organizations shall be required to submit a statement of purpose, criteria for membership, rules of procedures, a current list of officers and the advisor shall certify the list of verified members. Campus organizations should be open to all students.

Student and student organizations should be free to support causes by orderly means which do not disrupt the regular and essential operation of the college. Student organizations shall have the right to recommend, invite and to hear any person of their own choosing as long as such speakers and topics are in accordance with federal, state and local laws, and guarantee the safety of students and protection of public property. Guest speakers invited by students or student organizations should be subjected only to those policies, requirements, and regulations as established by the Board of Trustees in order to insure an appropriate and meaningful contribution to the academic community. It should be made clear to the academic community and the larger community that the public expressions of students, student organizations and guest speakers speak only for themselves.

As constituents of the academic community, students should be free, individually and collectively, to express their views on issues of institutional policy, instruction, the evaluation of professors as it pertains to their course content and on matters of general interest to the student body.

IN THE LARGER COMMUNITY

College students are both citizens and members of the academic community. As citizens, students should enjoy the same freedom of speech, peaceful assembly and right of petition that other citizens enjoy. As citizens, they should be subject to civil law as others and may incur penalties prescribed by civil authorities when violating these laws. Only where the college's interest as an academic community are distinct and clearly involved should the special authority of the college be asserted.

STUDENT PUBLICATIONS

Student publications and the student press perform the traditional roles of informing, entertaining and influencing. They are both instructional and informational, and as such should meet the highest academic and professional standards in serving the broad college community and should set forth as the primary goal of the student newspaper the coverage of news events, happenings and experiences on the college campus.

Associated Student Body, administrative and academic authorities, in consultation with students and advisors have the responsibility to define and clarify the role of student publications, and the standards to be used in their evaluation.

They must also assure that both academic freedom and editorial freedom are protected and exercised so that the integrity of the student publications program and the free press will not be compromised.

It is incumbent upon student editors and managers to act according to the highest ethics of responsible journalism. This corollary responsibility includes careful adherence to the laws of libel and good taste, and such considerations as the avoidance of indecency, undocumented allegations, attacks on personal integrity, and the techniques of harassment and innuendo and should allow adequate space for rebuttal and differing views in regard to articles in which there is some controversy.

Safeguards to assure freedom of the student press with responsibility should include freedom from censorship or arbitrary control of the press, and protection of editors and managers from arbitrary attack, suspension, or removal because of disapproval of editorial policy or content by an external influence.

STUDENT SERVICES/POLICIES

Grades and grading grievances are not covered by this policy. Students should refer to "Grades or Grading Grievance Policy."

GRIEVANCE PROCEDURE:

STEP I – INFORMAL ACTION

- A. The student (or group of students), who believe that an injustice has been done to him (them), shall first attempt to resolve the matter by informal discussion with the employee(s) involved.
- B. If the problem is not resolved in step 1-A, an informal discussion should take place with the person at the lowest level of authority directly above the person(s) at which the complaint is directed.
- C. If the grievant still believes the issue has not been resolved satisfactorily, they may obtain a student grievance form from the Office of Judicial Affairs. After completion of this form, specifying the time, place, nature of the complaint and remedy or correction requested, it should be submitted to the Coordinator of Judicial Affairs who will send a copy of the written statement to the ASCC Supreme Court Chief Justice and the Vice President of Academic Affairs. This statement must be submitted within thirty (30) instructional days after the grievant has become aware of the act or condition on which the complaint is based. An instructional day is defined as any day Monday through Friday that all normal college business is conducted, both in the classroom and in the administrative offices. All weekend days and college holidays are excluded.
- D. The ASCC Supreme Court Chief Justice or Court designee shall attempt to resolve the problem through informal meeting and discussion among the pertinent parties while remaining neutral on all issues involved. This informal meeting and discussion will attempt to involve the levels of management or administration concerned with the problem and should be completed within ten (10) instructional days. In the event the informal procedure fails, then the formal procedure would be implemented.

STEP II – FORMAL ACTION

A. Preliminary

1. If the grievant does not believe the grievance has been resolved, then the grievant must request through the Chief Justice Step II-Formal Action. The Executive Secretary, a voting member of the committee, shall be responsible for keeping necessary records of committee hearings and assist the ASCC Chief Justice in the conduct of the hearing.
4. Grievance Committee members are to deal with all grievances in a confidential manner, except when both parties agree to a public hearing or otherwise required by law.
5. Any party to the grievance may challenge for cause any member of the hearing committee prior to the beginning of the hearing by addressing a challenge to the Hearing Committee Chair. The Chair shall determine whether cause for disqualification has been shown. If the Hearing Committee Chair determines that sufficient grounds for removal of a member of the committee have been presented, the Hearing Committee Chair shall remove the challenged member or members and request a substitute from the original appointing constituent group.

B. Formal Hearing

The Hearing Committee shall conduct its proceedings according to the following procedures:

1. The Hearing Committee must meet within fifteen (15) instructional days after informal action has been completed and grievant has requested formal hearing.
2. The Chair must notify the parties involved within five (5) instructional days before the hearing of the date, time, and location of the hearing and must include a copy of the written complaint, a copy of the Statement of Student Rights and Responsibilities, and copy of the Grievance Procedure.
3. Four (4) members shall constitute a quorum by which business may proceed. The quorum must include at least one student member, one faculty member, and one administrative member.
4. Both parties shall have the right to present personal statements, testimony, evidence, and witnesses. Each party shall have the right to be present, to be accompanied by the person of their choice, and to question witnesses who are present.
5. The Hearing Committee shall discuss the charge, hear the testimony, examine the witnesses, and receive all available evidence to the charge.
6. The hearing shall be closed to the public unless otherwise agreed upon in writing by both parties.
7. The Hearing Committee shall make decisions in private. The Hearing Committee shall write up findings and decisions. Copies of findings and decisions, including majority and minority reports, are to be sent to each party and the College President. The Hearing Committee's decision shall be final unless appealed.
8. A recording of the proceedings shall be kept in a confidential file in the Office of Judicial Affairs and shall be available at all times to parties directly involved. All documents, communications, and records dealing with the processing of a grievance will be filed separately from the personnel files of the participants. After a period of four years, the grievance file shall be destroyed.

STUDENT SERVICES/POLICIES

9. Reprisals of any kind will not be taken by the District or any of its agents against any party of interest or any other participant in the grievance procedure by reason of such participation.
10. Evidence and testimony given in each case presented shall not be the sole cause of initiating or filing further grievances.
11. If the grieved party does not respond within the time limits provided herein, the grievance is considered terminated and no further action will be taken.
12. The number of instructional days indicated at each step herein should be considered a maximum and every effort must be made to expedite the process. Time limits may be extended by mutual consent in writing or by decision of the Hearing Committee.
13. The Hearing Committee should attempt to reach a decision by discussion and consensus on a workable solution. Voting should be a last course of action.
14. If in the course of the proceedings, a student graduates before a solution is found, the student shall not be denied full consideration under this policy. A student may also submit a grievance after graduation if the grievance did not become known until that time. However, it must be submitted within thirty (30) instructional days after the grievant should have reasonably become aware of the act or condition on which the complaint is based.

STEP III – APPEALS PROCESS

If either party is dissatisfied with the recommendation of the Hearing Committee, an appeal must be submitted within ten (10) instructional days to the College President/Superintendent provided the President is not a direct party to the grievance. If the President is a party to the grievance, and either party is dissatisfied with the recommendation of the Hearing Committee, an appeal may be submitted directly to a Vice President, provided the Vice President is not a direct party to the grievance..
2. Upon receiving the findings and recommendations of the Hearing Committee, and after examination of the appeal as requested by either party, the President or alternate may accept or reject the Hearing Committee's decision.
3. STUDENT GRADES OR GRADING GRIEVANCE POLICY

In accordance with the Statement of Student rights and Responsibilities, Section: "Classroom Rights and Responsibilities," this policy describes the procedure by which a student of Cerritos College may present his/her grievance on grades or grading practices.

The California Education Code, Section 76224, quoted below, states clearly the conditions upon which grades or grading can be questioned. "When grades are given for any courses of instruction taught in a community college district, the grade given to each student shall be determined by the instructor of the course and the determination of the student's grade by the instructor, in the absence of mistake, fraud, bad faith, or incompetence, shall be final."

GRIEVANCE PROCEDURE

STEP I

A student who believes a final grade received was due to mistake, fraud, bad faith, or incompetence shall meet with the faculty member to resolve his/her concern.

STEP II

1. The student will obtain a grade grievance form from the Office of Judicial Affairs.
2. The student must return the grade grievance form to the Office of Judicial Affairs within thirty (30) instructional days after the completion of the course for which the grievance was filed. An instructional day is defined as any day Monday through Friday that all normal college business is conducted, both in the classroom and in the administrative offices. All weekend days and college holidays are excluded.
3. The Coordinator of Judicial Affairs will meet with the student and review the grade grievance form. If the student wishes to pursue the grievance, the Coordinator of Judicial Affairs will sign and date the form.
4. The student will present a copy of the grade grievance form to the Division Dean. The Division Dean may schedule a meeting of all concerned if appropriate. The Division Dean should schedule a meeting only if the form has the signature of the Coordinator of Judicial Affairs and is dated. The Division Dean shall make a recommendation to the parties within ten (10) instructional days.

STEP III

If either party is dissatisfied with the recommendation of the Division Dean, he/she may appeal the matter to the Vice President of Academic Affairs or designee within ten (10) instructional days of each recommendation. The Vice President of Academic Affairs or designee shall call a meeting with the student, the ASCC Chief Justice, Division Dean, and if needed, the faculty member. The Vice President of Academic Affairs or designee shall make a recommendation to the parties within ten (10) instructional days.

STUDENT SERVICES/POLICIES

STEP IV

If either party is dissatisfied with the recommendation of the Vice President of Academic Affairs, he/she may appeal the matter to the President of the College within ten (10) instructional days of such recommendation. If a faculty member is dissatisfied with a recommendation and neither acts on it, nor appeals it, the Vice President of Academic Affairs will forward the matter to the President. The President will review the recommendation and if needed, request persons involved in the grievance to meet.

The President shall make a recommendation within ten (10) instructional days. If either party is dissatisfied with the recommendation of the President, an appeal of the President's recommendation may be submitted to the Board of Trustees by either party. The appeal must be submitted within ten (10) instructional days after the President's recommendation. The Board may review an appeal for two (2) consecutive regular Board meetings, and if needed, request persons involved in the grievance to appear before making a final determination of the matter at the District level.

JUDICIAL AFFAIRS

Information regarding student rights and responsibilities is available from the Coordinator of Judicial Affairs. The coordinator is available to meet with you to explain the "System" and your rights with regard to student grievances, student conduct and academic-related student grievances. This office also serves as a source of information and/or referral for all student problems and concerns. The Office of Judicial Affairs is located in the Student Activities Office. Inquiries should be directed to the Coordinator of Judicial Affairs in the Office of Student Activities or by calling (562) 860-2451, ext. 2471.

TITLE IX POLICY

No person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any "...education program of activity which..." benefits from Federal financial assistance. (Title IX of the Education Amendments of 1972).

It is the policy of the State of California to afford all persons, regardless of their sex, equal rights and opportunities in the educational institutions of the state. (Educational Code sections 200 – 264.)

In compliance with Title IX, Cerritos College's educational programs and activities are offered to the total Community without regard to sex. Questions regarding Title IX policies affecting the educational program should be directed to the Dean of Academic Affairs in the Office of Academic Affairs by calling (562) 860-2451, ext. 2228, or the Faculty and Staff Diversity Officer at ext. 2284.

EQUAL OPPORTUNITY POLICY

Cerritos College does not unlawfully discriminate in educational opportunities on the basis of race, religion, sexual orientation, color, national origin, age, or marital status and is subject to Title VII of the Civil Rights Acts of 1964 as amended.

The District is strongly committed to achieving staff diversity and the principles of equal opportunity employment. The District encourages a diverse pool of applicants and does not discriminate on the basis of race, color, national origin, ancestry, sex, age, religion, marital status, disability, or sexual orientation, in any of its policies, procedures, or practices. In fact, the college encourages applications from all segments of qualified people.

Questions concerning the application of the policy may be addressed to the Human Resources Office by calling: (562) 860-2451, ext. 2284.

SECTION 504/508/AMERICANS WITH DISABILITIES ACT POLICY

Under Section 504/508/ADA of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act of 1990, Cerritos College will take all necessary steps to ensure that no student with a verified disability is denied the benefits of, excluded from participation in, or otherwise subjected to discrimination because of the absence of auxiliary aids or academic accommodations. The decision to authorize such aids or accommodations is the responsibility of the Disabled Student Programs and Services (DSPS) dean, disability specialist, or DSPS counselor after a review of documentation verifying the disability and any resulting educational limitations.

It is the responsibility of the student with a verified disability and resultant educational limitation to apply for DSPS assistance in the Santa Barbara Building and to file a request for accommodations with DSPS via the college form entitled "Disabled Student Programs and Services – Application for Services". The request should be completed with adequate notice provided for an effective response. Classroom related requests will be reviewed for approval on the "Service Request Form" and, upon approval by DSPS, notification will be sent within 3 days to any involved instructor by DSPS staff. The instructor will respond to the request in writing in a timely manner. Non-return will be construed as agreement.

If the instructor denies the classroom related request(s) the DSPS Dean, or designee, will intervene with the appropriate academic staff and attempt to resolve the matter. In the event of continued denial of an accommodation request or request for course substitution or waiver

DSPS will provide the student with the policy, procedures and form entitled "Academic Accommodation Request Form". The DSPS Dean or designee, will concurrently inform the student that he/she has the right to file a grievance under the college's discrimination grievance procedure and/or the Office for Civil Rights and will provide the student with the information necessary to do so.

Inquiries regarding DSPS or the district's non-discrimination policy relative to students, employees, or applicants with disabilities should contact the 504/508/ADA Coordinator or Human Resources at ext. 2284.

Complaint Procedure

The complaining party should first discuss the complaint regarding discrimination due to a disability with the individual (s) involved or with the Cerritos College Section 504/508/ADA Coordinator at ext. 2333 or the Faculty and Staff Diversity Officer at ext. 2284. The 504/508/ADA Coordinator will contact all parties concerned and attempt to reach some resolution of the problem. If the complaint cannot be formally resolved within ten working days, the complaining party may then proceed to file a formal complaint. The informal complaint procedure is optional.

ACADEMIC HONESTY/DISHONESTY POLICY

Your instructors are eager to help you succeed in your studies at Cerritos College. But success means more than just receiving a passing grade in a course. Success means that you have mastered the course content so that you may use that knowledge in the future, either to be successful on a job, or to continue on with your education in advanced classes.

Your success depends on a combination of the skill and knowledge of your instructors, and your own hard work. You will reach your future goals only if you gain new knowledge from every course you take. That knowledge becomes yours, and can be used by you, only if it is gained through your own personal efforts. Receiving a grade in a course, without acquiring the knowledge that goes with it, diminishes your chances for future success.

While in college, you are also shaping the principles which will guide you throughout the rest of your life. Ethical behavior and integrity are a vital part of those principles. A reputation for honesty says more about you, and is more highly prized, than simply your academic skills.

For that reason, academic honesty is taken very seriously by the Cerritos College faculty. The following guidelines have been prepared so that you will understand what is expected of you in maintaining academic honesty.

Academic Dishonesty is normally to be dealt with as an academic action by the instructor, reflected in the student's grade in the particular course, rather than through college disciplinary procedures. No specific departmental, divisional or institutional procedures are established for academic dishonesty other than the normal process for review and appeal of an instructor's grading procedures.

Academic Dishonesty is defined as the act of obtaining or attempting to obtain credit for work by the use of any dishonest, deceptive or fraudulent means. Examples of academic dishonesty would include, but not be limited to the following:

- Copying, either in part or in whole, from another's test or examination;
- Discussion of answers or ideas relating to the answers, on examination or test when such discussion is prohibited by the instructor;
- Obtaining copies of an exam without the permission of the instructor;

STUDENT SERVICES/POLICIES

- Using notes, “Cheat sheets,” or otherwise utilizing information or devices not considered appropriate under the prescribed test conditions;
- Altering a grade or interfering with the grading procedures in any course;
- Allowing someone other than the officially enrolled student to represent the same;
- Plagiarism, which is defined as the act of taking the ideas, words or specific substantive material of another and offering them as one’s own without giving credit to the source.

Options may be taken by the faculty member to the extent that the faculty member considers the cheating or plagiarism to manifest the student’s lack of scholarship or to reflect on the student’s lack of academic performance in the course. One or more of the following actions are available to the faculty member who suspects a student has been cheating or plagiarizing:

1. Review-no action.
2. An oral reprimand with emphasis on counseling toward prevention of further occurrences.
3. A requirement that work be repeated.
4. A reduction of the grade earned on the specific work in question, including the possibility of no credit for the work.
5. A reduction of the course grade as a result of item 4 above, including the possibility of a failing grade for the course.
6. Referral to the Office of Judicial Affairs for further administrative action, such as suspension or expulsion.

Cerritos College promotes a smoke-free environment. In compliance with AB846 and Education Codes 19994.30 and 19994.33, smoking is prohibited inside a public building and within 20 feet of a main exit, entrance, or operable window of a public building.

Radio's Breit Spot

Cerritos College Instructor Lets Creativity Abound at WPMD

Cerritos College's "radio guy," Craig Breit, found his niche in radio not working at a station, but in teaching. During his own days in college, Breit never intended to teach, but after he earned his degree in radio/TV and started working at a radio station, he realized that he liked the business less and less the longer he worked in it. But teaching, Breit says, is another story. Besides having more creative freedom than he would working for a major station, he also says that "it's just more fun."

"Working in radio was fun until the '80s," he says. "After that, there was a shift to tight playlists and format. There really wasn't much of the creativity you used to get, and unless you became a really big name, you wouldn't get to do your own thing."

He finds ample freedom as an instructor, however—as far as Breit's concerned, students can make Cerritos College's radio station, WPMD, exactly what they want. "Students have a broad range of interests," he says. "We tailor WPMD to what they want to do."

Breit characterizes the station as a hybrid of the old and new. "I use the new technology, but I also encourage students to have an old feel. They take risks—they have choices and freedom," he explains.

This freedom isn't just limited to playlists and format—Breit encourages his students to fight for what they want in other areas as well, going so far as to get behind a disabled student, John Longlais, who successfully took his case for a wheelchair-accessible studio to the college's board of trustees. The remodel came with the big bonus of updated equipment, making the facility one of the most technologically-advanced college studios around.

During his time at Cerritos College, Breit has steered the radio program from a fledgling operation to a dual-station production, with WPMD broadcasting one stream on the AM 1700 frequency and a separate stream via its Internet site, wpmd.org.

"Having not only an AM radio station but also an Internet stream is a dream come true," says Breit. "Our Web station has talk and music and sports, and commercials may come in the future."

In addition to creating an Internet radio station, Breit has also moved the program along by bringing talented instructors on board, including Casey Piotrowski and Dennis Clare, both of whom are part-time employees who still work in the industry. With their combined contacts, the three have been able to bring in radio professionals from all areas of the industry to share with students what it's really like in the working world. They've also drawn working and retired DJs to WPMD to serve as hosts, and helped students secure internships at L.A. radio stations.

"The frequent contact we have with professionals is something that not a lot of community colleges have," says Breit. "Even if they have the technology, or a radio program, I don't know many colleges that have professionals the way that we do."

Breit says that his favorite aspect of teaching is his interaction with the students, especially being able to nurture the creative spark. "You can't teach creativity—you just present ideas to the students and see what they can come up with," he says.

As an instructor, Breit has the sometimes difficult job of showing students that working in radio is not just about coming in and spinning their favorite tunes.

"Most of my students are so married to the music," he says. "I teach that radio takes in much more than that. I try to give students as broad an experience as possible, to train them in several different areas—board operator, news, traffic, sports or sales."

In the end, though, Breit knows that he can only take students so far. "I give them the tools. I can teach them writing, recording, and post-production. But I can't make them stars—they have to get out there and get the real-world experience themselves," asserts Breit.

After nearly 30 years of teaching students the ins and outs of radio production at Cerritos College, Breit still loves what he does.

"I taught at other colleges, but this was my first teaching position. Cerritos College has always been home," he says.
