Chef Michael Pierini Empowers Students through the Real World Experience

Born in a large Italian family, Michael Pierini grew up in a small town in the San Joaquin Valley. He remembers spending a great amount of time at his grandfather's northern Italian restaurant and sneaking maraschino cherries from its kitchen. After graduating from high school at the age of 17, Michael moved to San Luis Obispo and started out in the restaurant business; working his way from the bottom up.

By the age of 19, Michael was working at a fine dining restaurant as a general manager; however, he realized he was missing a formal education.

He enrolled at California Culinary Academy in San Francisco. The school did not offer catering services, despite frequent inquiries and requests from the community. Michael and his classmate saw a business opportunity there and started a catering company that specialized in fine dining. They hit the right target and customers started to pour in as the school referred all inquiries to them. Their business worked just like a private contractor for the college and Michael and his partner earned quite a bit of money. The earnings paid for Michael's education.

Michael graduated from the Culinary Academy as a top student, receiving the Founder's Award for Culinary Excellence. Michael and his partner dissolved the business, and he interviewed for a job at Hyatt Hotels & Resorts. Although he did not have the required bachelor's degree, Michael was accepted into its nine-month hotel management training program and completed it in six months.

Upon completion of the training program, Michael joined the Opening Team Department which specialized in make-overs of distressed hotels. The team's responsibilities were to renovate a hotel, move in, re-train employees, get them ready for the grand opening, stay for the opening, and then leave to another hotel.

During this time, he successfully opened non-unionized hotels and survived the city-wide hotel union workers' strike. After the San Francisco Earthquake in 1989, he hosted and fed evacuees for two weeks without water or electricity.

Michael's ultimate goal at that time was to become a general manager and live the high life. He transferred to a hotel in Newport Beach, where he unfortunately experienced the 1992 Los Angeles riots. In the aftermath of such an ordeal, he experienced anxiety and burned out of the food business.

He left the company and moved to Venice Beach and began studying graphic art at the University of California, Los Angeles. One day, Michael saw a bulletin board that changed his life. There was a job flyer looking for a part-time baking and pastry instructor at Cerritos College. He applied and got the job; however, the Baking and Pastry Program was on the verge of shutting down, having only five students at that time.

Joined by the new permanent dean, Dr. Marilyn Brock, Michael began rebuilding the program. He incorporated food and pastry competitions into the program — serving as both coach to student competitors and as a competitor himself. "Competitions give the program reputation. That's why we continue to compete once a year," he said.

When the instructor who was in charge of the Cooking Program decided to retire, he assumed that role as well. He overhauled the program by rewriting the curriculum and menus from scratch.

That's when he started the on-campus culinary arts operations. At that time the college was in a financial downtime due to the state fiscal problems. He decided to start a business to support the program. "I knew how to make food and sell them," he said. Café, which serves 140 meals a day; banquet and catering services; food service for the Child Development Center; and, the newly added fine dining restaurant, Falcon Room, all generate revenue for the Culinary Arts Program. The program faculty and students also support the college's new tradition, the Hall of Fame Dinner and Awards, by serving dinner for nearly 400 guests.

Coming from hospitality, he treats students as customers. "I'm first and foremost a chef, not a teacher. Students are customers. Without them I'm no longer a teacher. I always look for ways to provide the best environment possible for student learning and make them successful," said Michael.

The Culinary Arts Program is the only revenue-generating program that awards degrees and certificates on campus, and that system was created by this instructor who has been "fixing things" from hotels to college programs, for most of his life. A chef and businessperson rather than a "professor," Michael Pierini continues to improve Cerritos College through innovation and entrepreneurship.

Los estudiantes pueden ser ubicados en cursos avanzados de Matemática si obtuvieron una calificación “B” o superior en cursos recientes de Álgebra en dos semestres consecutivos, cursados en una escuela secundaria o en cursos semejantes en una universidad. Se recomienda que estos cursos de Matemática se completen en los últimos tres años. Se requiere una constancia de las calificaciones de una escuela secundaria o universidad.

Cursos de Elegibilidad Avanzada – Los estudiantes que participan en elegibilidad para cursos avanzados en sus escuelas secundarias y obtienen los resultados requeridos en los exámenes, pueden obtener créditos universitarios para esos cursos cuando vienen a Cerritos College. Estudiantes que reciban puntuaciones de 3, 4 o 5 en el examen “College Board Advanced Placement Test” en las áreas de Biología, Química, Inglés, Matemáticas, Física, Español, Economía, Gobierno y Política e Historia puede ser elegible para recibir créditos universitarios en ciertas clases. Para más detalles, solicite hablar con un consejero.

Química – Por favor lea la sección de recomendaciones y requisitos anunciados para clases de Química. Asegúrese de cumplir los requisitos previos antes de matricularse en un curso.

Tenga en cuenta: Las excepciones mencionadas son opciones de la evaluación para determinar elegibilidad para tomar ciertos cursos. Para cumplir con los requisitos de lectura, matemáticas, y dominio de el idioma

inglés, necesarios para calificar para el título A.A. (Associate in Arts degree), revise su catálogo o pregunte a un consejero.

The student may enroll in English 52 on their scheduled appointment date via MyCerritos AND THEN enroll in English 100, on or after their scheduled appointment date, **IN PERSON** in the Admissions and Records Office.

PAYING YOUR FEES

IMPORTANT: Students are required to pay all fees at the time of enrollment. Payment plans are not available. Each enrollment in a class or add to a wait list for a class results in a fee amount due date. Students adding their names to wait lists will be charged the applicable enrollment fees, tuition, and applicable lab/materials fees. The amounts due will appear on the student account. **PAY CLOSE ATTENTION TO ALL DEBTS LISTED FOR EACH TRANSACTION.** The Board of Governors Fee Waiver (BOGFW) waives students' course enrollment fees; however all other fees, including but not limited to the Student Health fee, Student Activity fee, and applicable lab/materials fees, are due and payable at the time of enrollment. (See FEES on page 15 for waiver information.)

FEE PAYMENT DEADLINE CALENDAR: SPRING 2014

Enrollment Period	Deadline	Failure to Pay on Time
November 14, 2013 – January 3, 2014	7 days from the date of enrollment	Dropped from classes and/or wait lists*

- Fees must be paid by credit card (MasterCard, VISA, Discover or American Express).

BY MAIL:

- MyCerritos will indicate your total fees and the date your payment is due.
- Enclose a money order or cashier's check, or complete the credit card information on your registration payment coupon. Cerritos College does not accept personal checks. Please make your payment in the exact amount due and print your Student I.D. number in the "memo" portion of your money order or cashier's check.
- Send your payment to: Admissions and Records, Cerritos College, 11110 Alondra Boulevard, Norwalk, CA 90650

ON CAMPUS:

- Pay your fees on campus in the Admissions and Records Office. Fee windows are open 8 a.m. to 3:30 p.m., Monday and Thursday; and 8 a.m. to 6:30 p.m., Tuesday and Wednesday. You may also drop your fee payment in the box provided in the Admissions and Records Office by 3 p.m., Monday through Thursday, for same day processing.
- You will receive an enrollment print-out and receipt.

If you require further assistance, contact the Admissions and Records Office at (562) 860-2451, extension 2211, Monday and Thursday, 8 a.m.–4:30 p.m.; and Tuesday and Wednesday, 8 a.m.–7 p.m.

As you enroll in classes, you may find that some are “closed.” This means that these classes have reached maximum enrollment. In this event you may choose to add your name to the wait list. The number of additions to wait lists is limited to 10 units. Please follow the instructions in **MyCerritos, Student Center**.

Cerritos College has implemented a “paid” wait list. What this means is that once you have added your name to the wait list, you must pay all applicable fees for that class. Additionally, “auto-enroll” will be in operation. Auto-enroll will automatically enroll students from the wait list to the official roster when space becomes available. Auto-enroll from a wait list will not occur if:

1. Student has a hold (service indicator) on their account. Please check in **MyCerritos, Student Center**, under **Holds and ToDos**.
2. The class prerequisite has not been met.
3. Illegal course repetition has occurred. (See Admission and Records for Academic Records and Standards petition.)
4. There is a class time conflict. Students may not be enrolled in two classes that meet at the same time.
5. If you are enrolled in a class AND are on a wait list for the same course (i.e., enrolled in SOC 101 and #1 on the wait list for SOC 101 at another time) you will lose a seat when “auto-enroll” tries to move you from the wait list to the official roster due to “Multiple Enrollment”.

Auto-enrollment will continue through the Friday before classes begin. View your enrollment status on **MyCerritos** (<http://my.cerritos.edu>). Failure to attend class IS NOT an automatic drop or refund. If you do not want your wait-listed classes, please drop to avoid a substandard grade and forfeiture of enrollment fees.

Prompt attendance on the first day is recommended for all wait listed students. Failure to attend will jeopardize your enrollment status.

Students who do not pay fees and drop classes after the refund date are still responsible for all fees. **The Board of Governors Fee Waiver (BOGFW) waives students' course enrollment fees; however all other fees, including but not limited to the Student Health fee, Student Activity fee, and applicable lab/materials fees, are due and payable at the time of enrollment.** Payments for the parking, student activity, and student health fees may be subject to additional considerations.

The parking fee is required to park a vehicle on campus. The student activities fee is subject to student waiver. *Subject to legislative change

RESIDENT REQUIREMENTS

To be considered a California resident for purposes of admission to Cerritos College, a student is required to have resided in the state of California for at least one year and one day prior to the start of the semester for which the student is enrolling.

REFUND POLICIES AND PROCEDURES

It is the student's responsibility to apply for a refund. A student is eligible for a refund after classes have been officially dropped. Classes must be dropped by the appropriate deadline for the session in order to be eligible for a refund. Stated deadlines are not adjusted due to late enrollment. See the "Calendar of Important Dates" for specific deadlines.

A student is eligible for a refund if: a) classes are dropped by the required deadline; b) the program change is the result of action taken by the college to cancel or reschedule a class; c) the student is dropped for failure to meet a prerequisite(s) or corequisite(s); and/or, d) the student is active or reserve U.S. Military personnel who withdraws due to military orders.

Eligible students may file a petition with the district requesting refund of their enrollment fee(s). A refund will not be processed if academic credit has been awarded for the class. Refunds are not automatically processed.

To request a refund, a student must come to the Admissions and Records Office and submit a refund request form. The refund request form is also available online and can be mailed to the Admissions and Records Office. Approved refunds will be mailed in approximately four to six weeks. Be sure your current mailing address is on file with the college.

A check is the only form of payment that Cerritos College uses to issue refunds. If a payment is made by credit card for any registration transaction, and you later drop any or all of your classes within the required refund period, we will NOT credit your credit card account. All refund checks are made payable to the student.

Refunds are made pursuant to Title 5, Section 58501 or 58501.1.

CREDITS/REFUNDS

Credits

Enrollment Fee, Non-Resident Tuition, and Capital Outlay Fee will be credited if the official drop has occurred within the appropriate deadline* for session or semester. This is in accordance with the Refund of Enrollment Fee regulation, Title 5, 58508.

Student Health, Student Activity¹ and Parking Fees² will be credited only if all classes within the semester have been officially dropped within the appropriate deadline* for the semester.

* *Deadlines for fee credit are defined as the first two weeks of full semester length classes or 10% of class meetings for shorter than semester-length classes.*

¹ *Student Activity sticker for the semester must be surrendered at the time of refund request. No refund will be given if sticker is marked or used.*

² *Parking Permit for the semester must be surrendered at the time of refund request.*

Refunds

A refund request form must be completed to receive credit funds on account. The Refund Request Form is available online at the Admissions webpage under FORMS or in the Admissions and Records Office.

Time limit on requesting a refund: A one year limitation exists on the credit. Students must apply for the refund between the beginning of the semester in which the credit was issued and the last day of the semester one year later. Example: Beginning of the Spring semester to the end of the Spring semester of the following year. Credit totals will be removed from the student account after this time.

**MYCERRITOS ACCEPTS PAYMENT BY MASTERCARD, VISA, DISCOVER OR AMERICAN EXPRESS CREDIT CARD.
This method of payment is encouraged for immediate confirmation of your enrollment.**

REPETITION OF COURSES

At Cerritos College, previous course enrollment is reviewed electronically for prior enrollment attempts. All courses have repetition limitations. Cerritos College offers some courses that have designated repeatability. Please review the catalog for maximum repeat units available.

Students may repeat a course in which a substandard grade (D, F, NP, FW) or “W” in any combination has been received one time. Students receiving any combination of substandard grades may petition the Academic Records and Standards Committee for an exception to the two attempts rule. All petitions are subject to approval or denial. Upon completion of a repeated course, the most recent grade earned will be computed in the cumulative grade point average and the student’s academic record so annotated.

When a student repeats a class to alleviate substandard academic work, the previous grade and credit shall be disregarded in the computation of grade point averages, but shall not be deleted from the student’s permanent record. Courses that are repeated shall be recorded on the student’s permanent academic record using an appropriate annotation. Annotating the permanent academic record shall be done in a manner so that all work remains legible, insuring a true and complete academic history.

Students may use an equivalent course from an accredited college or university to replace a Cerritos College course in which a substandard grade was recorded, if earned subsequent to the substandard grade at Cerritos College. The student must petition the Academic Records and Standards Committee to record the change. The College may honor the prior course repetition actions of other accredited colleges and universities in determining acceptance of credits, subject to student petition to, and approval by, the Academic Records and Standards Committee.

Examples of Exceptions for Consideration of Course Repetition Limitations

An Academic Records and Standards petition must be filed for official consideration of course repetition. All petitions are subject to approval or denial. Contact the Admissions and Records Office for specific directions.

1. Student received an “MW” (Military Withdrawal).
2. Student’s previous grades are a result of documented circumstances beyond his/her control.
3. Cooperative work experience courses, subject to stated maximums, as provided in the College Administrative Procedures.
4. Certain activity or skill building courses, subject to stated maximums, as provided in College Administrative Procedures.
5. Certain classes for students with disabilities, subject to stated qualifications, as provided in College Administrative Procedures.
6. Repetition necessary for legally mandated training. Such courses may be repeated any number of times, regardless of whether or not substandard work was previously recorded, and the grade received each time shall be included for purposes of calculating the student’s grade point average.
7. After a significant lapse of time, a student may repeat a course in which a grade of “C” or better was received.

PASS/NO PASS CLASSES

Classes offered on a non-optional pass/no pass basis only will be indicated on a student’s permanent record as a “P” grade (with unit credit) or “NP” grade (no units earned). This will not affect the student’s grade point average. Optional pass/no pass courses are designed to encourage students to explore courses in areas they feel they may have an interest. See page 19 for guidelines and a list of approved courses in each department.

OPEN ENTRY/OPEN EXIT CLASSES

All students should meet with the instructor as soon as possible after the start of the session to inquire about enrollment (unless otherwise noted). A student may enter these classes at any time during the session prior to the specific cut-off date for the individual classes. The courses may be completed within the session in whatever time is necessary for the student to finish the course requirements.

DIRECTED STUDIES

Any student interested in pursuing independent projects on an individual basis for one or two units should contact a faculty member to determine if he/she is available to sponsor a directed studies project. Students may enroll in these classes only through the second week and with the authorization to enroll in Directed Studies. Form must be signed by both the instructional dean and the faculty member conducting the Directed Studies.

WORK EXPERIENCE

Students may register for Cooperative Work Experience only through the second week of classes. Only a reduction of hours may be made after the first week.

PREREQUISITES, COREQUISITES, RECOMMENDATIONS AND PREREQUISITE CHALLENGE PROCEDURE

Please see “Prerequisites” in the Cerritos College Catalog.

DEFINITION OF A CLASS HOUR

At Cerritos College a class hour is defined as 50 minutes. Classes scheduled for more than an hour follow formulas to stay close to this definition. For example, a class scheduled from 6:00 to 7:30 p.m. (90 minutes) actually meets for 80 minutes, allowing for a 10 minute passing period. Longer class meeting patterns have required breaks. Cerritos College follows these time patterns.

WITHDRAWALS [TITLE V, SECTION 58004 (C) (3)]

Pursuant to Title 5, section 58004 and Cerritos College Board Policy, it is the student's responsibility to participate fully in class (es), once enrollment is complete. However, should it become necessary to withdraw from class, it is the student's responsibility to drop in person in the Admissions and Records Office or through MyCerritos.

THE ULTIMATE RESPONSIBILITY OF WITHDRAWAL FALLS TO THE STUDENT.

How to officially withdraw after enrollment ends:

Complete an Add/Drop card (available in the Admissions and Records Office) or for a faster response, use MyCerritos (<http://my.cerritos.edu>). Retain an updated printout for your records.

ALL WITHDRAWALS MUST BE COMPLETED BY THE LISTED DEADLINES. FAILURE TO OFFICIALLY WITHDRAW FROM CLASS(ES) MAY RESULT IN AN "F/FW" GRADE FOR EACH CLASS. SEE THE "Calendar of Important Dates" for specific deadlines.

ADD/DROP PROCEDURES

If you wish to change your class schedule, please follow the steps below:

- Classes may be added via **MyCerritos, Student Center** (<http://my.cerritos.edu>).

To add a closed class, go to class on the first day and time that it meets; be on time. Respectfully request of the instructor(s) to be added to the class(es); if the instructor approves, an electronic enrollment will be submitted on your behalf to the Admissions and Records Office. Note that prerequisites, holds/service indicators (SI), conflicts, and illegal course repetition will be checked. Refer to the "Fee Payment Deadline Calendar" on page 12 for payment deadlines. Check your student account via **MyCerritos, Student Center** (<http://my.cerritos.edu>) or in the **Admissions and Records Office**. All enrollments must be completed by the listed add deadlines.

- Classes may be dropped via **MyCerritos, Student Center** (<http://my.cerritos.edu>). Be mindful of deadline dates for refunds and posting of "W's" to transcripts.

LEVEL/SECTION CHANGES

Level/section changes must be processed in person. Program changes which involve level changes in skill and performance classes may be made by the add deadline. Students may also make level changes in Work Experience classes by the add deadline, but only a reduction of hours may be made after the add deadline.

Section changes may not be made between terms or semesters. A student may not drop a first six/eight week course and then enroll in a second six/eight week course by executing a section change. The student is required to officially drop the first six/eight week class and then pay the appropriate fees to be enrolled in the second six/eight week class. The money will not transfer from one term to another if the drop is processed outside of the refund date.

WHAT CERRITOS COLLEGE OFFERS

- Freshman and sophomore level course work transferable to four-year colleges and universities.
- Vocational/Technical courses designed to prepare for immediate employment.
- General education course work designed for academic, cultural, and educational enrichment.

DEADLINES

Throughout the enrollment process (including class petitioning), certain deadlines are necessary in order to comply with state attendance laws and must be followed by all students. Failure to comply with these guidelines may mean that the student will not be enrolled and will not receive credit for or be allowed to attend classes. Stated deadlines are not adjusted due to late enrollment.

RETURNED CHECK POLICY

A \$25 fee will be charged on all returned and stop payment checks. All fees are subject to change without notice in accordance with action taken by the Board of Trustees. Under Assembly Bill 1226, any person who writes a check which is dishonored for lack of funds is civilly liable, and under the law is liable for three times the amount of the check plus the face value of the check.

**BUY YOUR
BOOKS
WHEN YOU
ENROLL!**

Now you can buy your textbooks during the enrollment process. Just click the "buy books" button in MyCerritos on either of two screens: one when you "Add Classes" and another on "My Class Schedule". The button links to the Cerritos College Bookstore's eFollett website and presents a list of items (if available) that directly relate to your enrolled classes for the term.

ACADEMIC INFORMATION (CONTINUED)

FAILURE TO PAY FINANCIAL OBLIGATIONS

Failure to pay a financial obligation will result in an administrative withholding of grades, transcripts, diplomas or enrollment privileges or any combination thereof. The item or items being withheld shall be released when the financial obligation has been met. (California Code of Regulations, Title 5, Section 59410)

AUDITING OF COURSES

Auditing courses is permitted at Cerritos College. An auditor is a student who attends a course or courses for no credit or notation on an official transcript. Auditing may be available, pending signed permission, for any student who wishes to attend a course for information, review purposes or skill building. Students wishing to audit should be aware that audited courses will NOT appear on the official transcript.

1. Students may not audit a course unless he/she has **exhausted all possibilities to take the course for credit**.
2. If criteria is met, permission to audit a course is granted at the discretion of the instructor. Signature of both the instructor and division dean are required.
3. With the instructor's and division dean's signed permission, a student may submit the audit form to the Admissions and Records Office anytime during the semester after the first class meeting.

4. An auditor may be allowed to elect credit in lieu of audit **prior** to the end of the **5th week** of school for a semester length course or **prior** to 30% of a course for a short-term course, **with the instructor's written permission**. No refund of audit fees will be available and all credit fees must be paid in full at the time of credit election.
5. A credit student may be allowed to elect audit status in lieu of credit **prior** to end of the **5th week** of school for a semester length course or **prior** to 30% of a course for a short-term course, **with the instructor's written permission**. No refund of credit fees will be available after the refund deadline and all audit fees must be paid in full at the time of audit election.
6. Credit students have priority over auditing students. If a course closes after an auditor has been admitted, the auditor may be asked to withdraw to make room for a credit student. Instructor discretion is strongly recommended.
7. The fee to audit a class is \$15.00 per unit (in addition to the student fees). Students enrolled in 10 or more units can audit 3 units free (may be 3 one-unit classes). The \$15.00 per unit audit fee will automatically be charged if the student drops below 10 units.

For additional information regarding auditing, students may make inquiries at the Counseling Office, Office of Academic Affairs, division office, or the Admissions and Records Office. Audit forms may be obtained in the Admissions and Records Office.

CREDIT BY EXAM CLASSES

Occasionally a student may feel that he/she can earn credit for a certain course by taking a special examination. The student may have gained proficiency through work experience, travel, or independent study. In these cases, a student may petition to receive unit credit by taking an exam prepared by the department. For more information, contact your counselor.

Credit by Examination will not be offered this semester by the Modern Languages Department.

PASS/NO PASS CLASSES

The option to enroll in a pass/no pass class is designed to encourage students to explore courses in areas they may feel they have an interest. Only these courses listed specifically for pass/no pass may be taken on this basis. Units thus earned may be counted toward the A.A. degree, but grade points are not assigned to pass/no pass grading symbols.

Courses approved for pass/no pass will be indicated on the student's permanent records as "P" with units earned and no grade points; or "NP" with no units earned and no grade points. Units attempted for which "NP" is recorded shall be considered in probation and dismissal procedures. The student is required to take all tests, complete all assignments, and shall be subject to all withdrawal and attendance regulations. Standards of evaluation are identical for all students. Please refer to the college catalog for additional information.

COURSE REPEATABILITY

Effective Fall 2013, repeatability in Dance, Drama, Physical Education, Visual Arts, and most Music courses has been changed. Intercollegiate Athletics and some Music and Theater courses that are required for transfer programs are the only courses in these disciplines that will remain repeatable; all other courses previously offered as repeatable will be offered as single enrollment courses. There will be a notation after the course description if the course is allowed to be repeated.

The college has developed Families of Courses. The Families of Courses include old and new courses related in content (see below for Families of Courses listed by Department). A family of courses may consist of more than four courses, but students are limited to a maximum of four courses in any family. Further, all grades, including "W"s, will count toward the four-course enrollment limitation. Students can repeat Art, Dance, Drama, Music, and PE courses that are included in Families of Courses in which a grade of "NP", "D", or "F" was earned or a "W" was assigned; however, all enrollments count toward the four-enrollment maximum for each family of courses.

ATTENDANCE AND GRADING

ATTENDANCE

It is the responsibility of students to attend classes regularly and apply themselves to the college studies in which they are enrolled. When students have been absent due to illness, they should report to their instructor to explain the absence. **Students not in attendance or late for the first class meeting are subject to drop. Students who are absent in excess of 10% of the total class hours are subject to drop. Students who are absent during the course add period are subject to drop.** Certain academic and career technical education areas may have stricter attendance requirements. Listed below are two types of absences which permit the making up of work missed, provided that the work is of such a nature that it can be made up.

1. **AUTHORIZED ABSENCE:** For an approved educational field trip or school activity.
2. **EXCUSED ABSENCE:** For illness, injury, or quarantine.

NO CREDIT WILL BE GIVEN FOR A CLASS IN WHICH A STUDENT IS NOT OFFICIALLY ENROLLED. Students must attend the first class meeting or their names may be removed from the roll to allow another student seeking admission to enter. If a student is unable to attend the first class meeting, the instructor must be notified.

REMOVAL FROM CLASS

A student may be involuntarily removed from a course due to excessive absences, failure to meet prerequisite(s), or as a result of official disciplinary action. (California Code of Regulations, Title 5, Section 55003).

GRADING

Accomplishment in course work is indicated by the following symbols:

Symbol	Definition	Grade Point
A	Excellent	4
B	Good	3
C	Satisfactory	2
D	Passing, less than satisfactory	1
F	Failing (earned)	0
FW	Failing, due to lack of participation and failure to withdrawal	0
P	Pass (at least satisfactory, the equivalent of a "C;," units awarded not counted in GPA)	-
NP	No Pass (less than satisfactory or failing; units not counted in GPA)	-
I	Incomplete	-
MW	Military Withdrawal (without penalty)	-
W	Withdrawal	-
RD*	Report Delayed	-

* The RD symbol is used when there is a delay in reporting the grade of a student due to circumstances beyond the control of the student. It is a temporary notation to be replaced by a permanent symbol as soon as possible. RD shall not be used in calculating grade point averages.

INCOMPLETE

Students are not to re-enroll or audit a course in which a grade of "I" has been recorded. Incomplete academic work for unforeseeable, emergency, and justifiable reasons at the end of the term may result in an "I" symbol being entered in the student's record. The condition for removal of the "I" shall be stated by the instructor in a written record. This record shall contain the conditions for removal of the "I" and the grade assigned in lieu of its removal. This record must be given to the student with a copy on file with the Admissions and Records Office until the "I" is made up or the time limit has passed. A final grade shall be assigned when the work stipulated has been completed and evaluated, or when the time limit for completing the work has passed. The "I" may be made up no later than one year following the end of the term in which it was assigned. The "I" symbol shall not be used in calculating units attempted nor for grade points. A student may petition for a time extension due to unusual circumstances by completing a petition form from the Admissions and Records Office.

GRADE CHANGES

The determination of the student's grade by the instructor shall be final in the absence of mistake, fraud, bad faith, or incompetency. The correction of a grade given shall only be allowed for a request initiated within one year following the end of the term in which it was assigned. Exceptions to the one-year limit on grade changes may be requested by petition of the student in extenuating circumstances. A formal petition must be submitted to the Academic Standards Committee. Extenuating circumstances are verified cases of accident, illness, or other circumstances beyond the control of the students (Title 5, Section 55760, Board Policy 4231).

IMPORTANT POINTS OF SATISFACTORY ACADEMIC PROGRESS (SAP)

To be eligible for federal and state financial aid funds (excluding the Board of Governors Fee Waiver), a student must make satisfactory academic progress. The Financial Aid Office at Cerritos College has established the following Satisfactory Academic Progress (SAP) standards to determine if a student is making satisfactory academic progress.

Grade Point Average (GPA) Requirement

You must maintain a 2.0 cumulative Grade Point Average (GPA).

Maximum Time Frame Requirement

Students must complete their educational program within a maximum time frame of 150% of the published program's required units at Cerritos College. For example, associate in arts degree and transfer programs generally require 60 units. Therefore, 150% of those programs would be 90 units (60 units × 1.5).

Unit Completion Requirement – Pace of Progress

Students are required to complete 70% of the units they have attempted. The cumulative units completed will be divided by the cumulative units attempted to calculate the pace of progress. All units are considered in his calculation. Units for which a grade of W, I, NP, NC, and/or F was received are considered as units attempted, but not completed.

ENGLISH

If you place into English 20, you are also eligible to enroll in English 72, allowing you to complete the work of both English 20 and 52 in a single accelerated course.

Students who pass English 72 will be able to move directly into English 100, Freshman Composition, the required college writing course for the A.A. degree and transfer.

Traditional 18-Week Writing Class Sequence

Depending on the results of your writing placement test, it could take as many as **4 18-week semesters** or two years to complete all four writing classes. English 100 is required for transfer and A.A. degrees. English 103 meets admission requirements for many universities.

Paired 9-Week Writing Class Sequence

If you select 9-week paired writing classes, it could take **2 semesters instead of 4** to complete your requirements. 9-week classes have longer class meetings and are more intensive, but they also allow you to complete your writing requirements more quickly.

Students may choose either single stand-alone writing classes or paired 9-week writing classes that run back-to-back in a single semester. Students who register for a paired first 9-week English class will be automatically enrolled in the second 9-week English class that meets at the same time and day. This will allow students to complete the two courses in one semester and to move more quickly toward completion of English 100, the course required for the A.A. degree and transfer. Only students who intend to take both courses in one semester should enroll in these 9-week paired courses.

Students who do not wish to take both classes in one semester should register for a separate 18-week traditional section of the course.

Cerritos College Mathematics Department

Sequence of Courses

*MATH 70 is a prerequisite for Math 105, 110A, 140 and above. Although it is not a prerequisite, it is recommended for Math 115 and Math 116.

SEMI-INDEPENDENT SECTIONS

(MANDATORY ORIENTATION AND ATTENDANCE FOR ALL SEMI-INDEPENDENT SECTIONS FIRST DAY)

Mathematics classes in LC-111 are SEMI-INDEPENDENT classes. These classes cover the same content as other Mathematics courses, but use an entirely different method of instruction. Instead of attending regular lectures, students read and learn the material on their own. Tutorial assistance is provided. Students take exams according to a schedule given out the first day of class at a mandatory orientation.

These classes are recommended ONLY for students with a strong background in Mathematics who are independent learners. For students who experience Math anxiety or whose background in Mathematics is not strong, we recommend enrolling in a traditional lecture class. FOR MORE INFORMATION ABOUT THE MATH LEARNING CENTER AND SEMI-INDEPENDENT COURSES PLEASE VISIT OUR WEBSITE,

PLAZA COMMUNITARIA

The Office of Adult Education & Diversity Programs in collaboration with the Mexican Consulate in Los Angeles offers an innovative new program called Plaza Comunitaria. The program consists of three levels of progression which teach the Spanish speaking adults to read, write and speak in their native tongue and to complete their first and secondary education. At the completion of this program the student will receive a diploma from the Secretary of Public Education from Mexico. Our goal is to transition the student into regular ESL courses with a higher rate of success and then introduce them to a higher level of education.

FIRST YEAR EXPERIENCE TRACK:

The First-Year Experience Program (FYE) is a special part of the Learning Community Program (see detailed information below). FYE is designed to provide students with a strong start in college. Students who are interested in this program should check the Internet at www.cerritos.edu/lcp and click the FYE link for additional information.

To enroll in the FYE Program, students are required to submit a signed contract and proof that course prerequisites have been met to the Learning Community Center located in the South Administration Building. LC Center hours are Monday-Thursday, 8 a.m. – 4:30 p.m. All FYE students are required to attend an information session and orientation on **Thursday, January 9, from 5-7 p.m. in LC 155**. Students will meet their instructors and classmates. They will also receive important information about their classes, parking, and books.

To qualify for full-time status, FYE students will need to enroll in an additional course(s) to complete the full schedule of 12 units. This requirement may be met by adding mathematics, reading, or another G.E. course(s). Recommendations for courses to take in addition to each House are listed below.

LEARNING COMMUNITIES (CONTINUED)

LEARNING COMMUNITIES CLASSES

Learning communities involve the intentional creation of class pairs or clusters around a common theme, public issue, or question. Typically, the same group of students is co-enrolled in two or more courses, usually from different disciplines—for instance, history and art, English and career guidance, political science and philosophy. Students enroll in both courses but receive a separate grade for each one.

Courses include an integrated assignment that encourages students to gain a deeper understanding of each course, even as they discover connections between the two. Classroom activities, tests, assignments, field trips, research projects, and educational technology are used to engage students in their own learning, as well as provide them with valuable “real-world” skills.

Perhaps more importantly, the learning community model promotes student-centered learning, with an emphasis on an enriched classroom environment. It promotes greater intellectual growth and genuine mastery of course content through collaborative activities, frequent feedback, and increased student-teacher and student-student interactions. Traditional lecturing is minimized; active learning and thoughtful integration of content are maximized.

Research indicates learning communities promote student achievement, retention, and progress toward degree completion. Faculty benefit from professional development and training, fresh approaches to teaching, and collaboration with colleagues.

FIRST-YEAR EXPERIENCE (FYE)

The First-Year Experience Program is a special part of the Learning Community Program. These courses are designed to provide students with a positive, strong start in college to be a successful college student. Students who are interested in this program should call (562) 860-2541, ext. 2782, for more information.

WHAT ARE THE BENEFITS OF JOINING A LEARNING COMMUNITY?

A Learning Community helps you:

- Smooth your transition into college
- Meet other students and form lasting friendships
- Reinforce learning in one class while working on projects in the other
- Learn how to choose your major and reach your academic goals sooner
- Graduate or transfer to a four-year college or university sooner
- Increase your learning and earn better grades

ARE LEARNING COMMUNITY COURSES TRANSFERABLE?

Many of the courses are transferable to CSUs and UCs. See the Schedule of Classes or the Cerritos College Catalog to check specific courses.

WHAT ARE THE REQUIREMENTS TO ENROLL?

The only requirement is that you must enroll in all the courses listed for that Learning Community. The prerequisites are listed in the Cerritos College Catalog and must be met prior to enrollment.

ARE LEARNING COMMUNITY COURSES MORE DIFFICULT?

No, you will not be required to do more work than if you took the two classes separately. In fact, by taking the courses in a learning community, you may find that material is easier to understand.

HOW WILL LEARNING COMMUNITY COURSES BE LISTED ON MY TRANSCRIPT?

Your transcript will reflect the classes as separate courses.

LEARNING COMMUNITIES PROGRAM WITHDRAWAL POLICY

When a student enrolls in a group of two or more courses as part of a learning community or FYE House, he or she **MUST MEET THE PREREQUISITE(S)**, if there are any, for **EACH** course in the combination. Students enrolled in one section of a course that is part of a learning community must be enrolled in all other courses in that group. If one course is dropped, the student **MUST** and **WILL BE DISENROLLED** from all other courses in the learning community. **THERE ARE NO EXCEPTIONS TO THIS POLICY.**

QUESTIONS

If you have questions about the Learning Communities Program (LCP), please call (562) 860-2451, ext. 2782, or stop by the LCP Center located on the south side of the Administration Building.

DISTANCE EDUCATION PROGRAM

ONLINE COURSES

For complete course descriptions, see the regular course listings in the schedule of classes.

WHAT IS DISTANCE EDUCATION?

Distance education takes place when a teacher and students are separated by physical distance and technology. In place of traditional classroom delivery, voice, video, data, and print are used to bridge the instructional gap. Cerritos College offers online and hybrid courses. All courses carry full academic credit and their content is equivalent to what you would receive in a more traditional mode of delivery.

WHAT SKILLS ARE REQUIRED FOR ONLINE LEARNING?

In order to support student success in online classes, students and faculty should be aware of core skills and expectations that promote student achievement in an online learning environment. For students who are interested in taking an online class for the first time, please refer to the Student Success Center in the LRC for assistance, or contact the instructor of the course directly.

Necessary Student Skills:

1. Basic computer skills (send and receive e-mail and attachments; download files; fundamentals of file management; search and navigate the Internet using a browser)
2. Awareness of institutional support services (Student Success Centers)
3. Successful completion of prerequisite coursework
4. Organizational skills
5. Reading comprehension
6. Writing skills
7. Communication skills
8. Time-management skills
9. Proficiency in any adaptive computing software/hardware needed to access the online course material when there is a disability-related barrier
10. Recommended completion of online orientation (such as EDT 50) or equivalent preparation
11. Familiarity with college course management system (such as TalonNet)

Student Learning Expectations:

1. Motivated and focused
2. Awareness of online expectations, environment and workload
3. Autonomous, self-motivated learner
4. Positive attitude toward technology
5. Intention to complete the course
6. Ability to work independently
7. Ability to work as a group member
8. Having the confidence to follow directions and to ask for assistance

Before registering for any online course, you should make sure that you have proficient skills in basic computing, web browsing, e-mail, and word processing. Your instructor will not teach these skills as part of the course content. If you do not possess these skills, you may want to enroll in EDT 50, Preparation for Online Learning, or CIS 101, Introduction to Computer Info Systems.

WHAT ARE THE TYPES OF ONLINE INSTRUCTION?

Online courses occur online. Some instructors may require on-campus attendance for orientation, test-taking, or to satisfy other course requirements. Access to email and the Internet are required to complete work using email, chat rooms, discussion boards, and other instructional tools. Online courses are designated as OL in the published class schedule.

Hybrid courses include the combination of traditional in-class instruction with computer-based learning and other instructional technologies. Therefore, students will be required to attend on-campus meetings as scheduled by the instructor, as well as complete work using email, chat rooms, discussion boards, and other instructional tools. These courses are designated as HYBRID in the published class schedule.

ENROLLING IN AN ONLINE COURSE?

Students enroll in online sections in the same manner as regular classes. Consult the general enrollment procedures in this schedule for more information.

ACCESSING ONLINE AND HYBRID COURSES:

Once you are enrolled in a class, go to the TalonNet website, <http://talonnet.cerritos.edu>, and log on with your username and password.

Username: This is your 7-digit student ID number. Example: John Smith, ID #1234567.

Password: Your initial password is your 6-digit date of birth in the "mmddyy" format. Example: John Smith's date of birth is May 30, 1990. His password would be 053090.

MANDATORY ORIENTATION:

There is also an online general orientation for all online courses. Go to www.cerritos.edu/de. Some instructors give on campus orientations. Check course listings for information. **You must attend the orientation and/or contact your instructor prior to the 1st week of class or you will be dropped.** If the orientation for an online class conflicts with a class that meets on campus, you must attend the on campus class and notify the online instructor about the conflict in advance.

SEXUAL HARASSMENT

It is the policy of the Cerritos Community College District to provide an educational, employment, and business environment free of unwelcome sexual advances, requests or offers for sexual favors, and other verbal or physical conduct or communications constituting sexual harassment, as defined and otherwise prohibited by federal and state statutes and Board Policy.

The Board of Trustees and the President-Superintendent have provided regulations and procedures to implement this policy and the regulations and procedures are included as a part of the District's Equal Employment Opportunity Plan and Board Policy.

It is a violation of Board Policy for anyone who is authorized to recommend or take personnel or academic actions affecting an employee or student, or who is otherwise authorized to transact business or perform other acts or services on behalf of the Cerritos Community College District, to engage in sexual harassment as defined in Board Policy or as described below.

Sexual harassment occurs when unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature takes place and:

1. Is made explicitly or implicitly a term or condition of an individual's educational status or employment; or
2. Is used as a basis for educational or employment decisions affecting such individual; or
3. Has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive educational or working environment; or
4. Is used as the basis for any decision affecting the individual regarding benefits, services, honors, programs, or activities available at or through the District.

Informal and formal complaints under this policy shall be processed through the District's Administrative Procedure 3435, Discrimination and Harassment Investigations, through the Director of Diversity, Benefits, and Compliance. The District's Policies and Procedures are available on the website at <http://cms.cerritos.edu/board/policies>.

POLICY ON SEXUAL AND OTHER ASSAULTS

Cerritos College is committed to providing a safe and secure environment for all members of the campus community. Board Policy 3540, Sexual and Other Assaults on Campus, conforms with relevant State and Federal Laws. Sexual assault and acquaintance rape are crimes and will be treated as such. Any student or employee who becomes a victim of sexual assault or acquaintance rape is encouraged to report the crime immediately to Campus Police. The District is dedicated to providing prompt and compassionate services to all crime victims. In the event of an incidence of sexual assault or acquaintance rape, Student Health Services will provide support services and direction. NOTIFICATION OF RIGHTS UNDER FERPA

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

- 1) The right to inspect and review the student's education records within 45 days of the day the College receives a request for access.

A student should submit to the registrar or designee a written request that identifies the record(s) the student wishes to inspect. The registrar will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the registrar, the registrar shall advise the student of the correct official to whom the request should be addressed.

- 2) The right to request the amendment of the student's education records that the student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

A student who wishes to ask the College to amend a record should write the registrar, clearly identify the part of the record the student wants changed, and specify why it should be changed.

If the College decides not to amend the record as requested, the College will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

- 3) The right to provide written consent before the College discloses personally identifiable information from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

The College discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by the College in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the College has contracted as its agent to provide a service instead of using College employees or officials (such as an attorney, auditor, or collection agent); or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the College. The College may also disclose education records without consent to officials of another school in which a student seeks or intends to enroll.

- 4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the College to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-5901

GENERAL EDUCATION REQUIREMENTS FOR THE ASSOCIATE DEGREE AND FOR TRANSFER TO THE CALIFORNIA STATE UNIVERSITY AND UNIVERSITY OF CALIFORNIA

Requirements for the Associate in Arts (A.A.) Degree at Cerritos College can be met in one of three different ways: Plan A, B or C.

PLAN A is designed primarily for those students interested in preparing for a vocational career upon graduation. Plan A may also be used by university transfer students and for students in vocational majors who may possibly wish to transfer in the future. However, there are courses listed under Plan A that are not transferable for general education credit to the four-year universities. Therefore, students wishing to use this option should see a Cerritos College counselor for advice in selecting the A.A. General Education plan that in combination with a major will best match their educational and career goals. Please see the Plan A degree description page for further details.

PLAN B is designed primarily for students who will transfer to a California State University (CSU) campus and are not interested in attending a University of California campus. Students may use this plan to combine completion of both the Associate in Arts general education requirements, and the California State University (CSU) General Education Certification pattern. Students should see a counselor for advice on selecting the A.A. General Education plan that in combination with a major will best match their educational and career goals. Please see the Plan B degree description page for further details.

PLAN C is designed primarily for students who intend to transfer to the University of California (UC), or who are undecided between transferring to the University of California or the California State University. Students may use this plan to combine completion of both the A.A. degree general education requirements and the Intersegmental General Education Transfer Curriculum (IGETC) requirements. Plan C may not be recommended for some majors at certain CSU or UC campuses. Please see the Plan C description page for further details.

The significant differences between Plan A, Plan B and Plan C are:

Plan A requires the completion of a minimum of 18 units of identified general education courses and requirements and a minimum of 18 units of specified “major” courses, proficiency requirements and electives, if necessary, to total a minimum of 60 degree applicable units.

Plan B requires a minimum of 39 units of identified CSU general education courses and requirements plus specified major courses, the health and wellness proficiency requirement, and elective courses, if necessary, for a minimum of 60 degree applicable units.

If a student only wishes to transfer at an upper division level and is not seeking an A.A. degree, a minimum of 60 CSU transferable units is required (see transfer requirements for CSU and your counselor).

Plan C requires a minimum of 34 (UC) or 37 (CSU) units of identified general education courses and requirements plus specified major courses, the health and wellness proficiency requirement, and electives, if necessary, to total a minimum of 60 degree applicable units.

If a student only wishes to transfer at an upper division level and is not seeking an A.A. degree, a minimum of 60 UC transferable units is required (see IGETC, UC transfer requirements, and your counselor).

There are important differences among the three plans. In order to select the plan that best meets each individual's AA and transfer goals, students should see a Cerritos College counselor.

GENERAL EDUCATION REQUIREMENTS FOR THE ASSOCIATE DEGREE AND FOR TRANSFER TO THE CALIFORNIA STATE UNIVERSITY

Associate in Arts Degree General Education 2013-14 Plan B and/or The General Education Certification Requirements For The Bachelor's Degree At The California State University

Plan B is designed primarily for students who will transfer to a California State University (CSU) campus and are not interested in attending a University of California campus. Students may use this plan to combine completion of both the Associate in Arts general education requirements and the CSU General Education Certification pattern. Students should see a counselor for advice on selecting the AA General Education plan that in combination with a major will best match their educational and career goals.

To earn an Associate in Arts Degree using Plan B, students must complete a minimum of 60 degree applicable units with an overall grade point average of "C" (2.0) or higher, which must include the specified general education requirements and designated courses for a major. The Health and Wellness Proficiency requirement must be completed (see description in Plan A).

If a student wishes only to transfer and is not seeking an A.A. degree, they can follow the requirements below. However, there are no proficiencies required for CSUGE certification.

It should be noted that completion of the CSU General Education Certification is not required for admission to the CSU nor is it the only way to fulfill the lower division general education requirements. Depending upon the student's major, it may be advantageous to complete the requirements of the specific campus the student plans to attend.

CALIFORNIA STATE UNIVERSITY GENERAL EDUCATION CERTIFICATION REQUIREMENTS

A maximum of 39 units is required to fulfill the CSU lower division general education requirements, with the units to be distributed as follows: Nine (9) units in Area A; nine (9) units in Areas B, C and D, with no more than 30 units total in areas B through D combined; and three (3) units in Area E.

A letter grade of "C" or higher is required in Oral Communication, Written Communication, Critical Thinking, and Mathematical Concepts.

GENERAL EDUCATION REQUIREMENTS FOR THE ASSOCIATE DEGREE AND FOR TRANSFER TO THE CALIFORNIA STATE UNIVERSITY AND UNIVERSITY OF CALIFORNIA

Associate in Arts Degree General Education 2013-14 Plan C and/or The Intersegmental General Education Transfer Curriculum (IGETC) For Transfer To UC And CSU

Plan C is designed primarily for students who intend to transfer to the University of California (UC) or are undecided between transferring to the UC or the California State University (CSU). Students may use this plan to combine completion of both the AA Degree general education requirements and the IGETC General Education requirements.

The purpose of IGETC is to provide an option for students to fulfill lower division general education requirements prior to transferring to a UC or CSU campus.

Depending upon the student's major and campus choice, it may be advantageous to complete the requirements of the specific campus the student plans to attend. In general, it is not advisable for transfer students preparing for majors at any UC campus requiring a high number of units, such as engineering and science, to use IGETC.

Plan C can be fulfilled by completing the IGETC requirements specified for either the UC or CSU.

A letter grade of "C" or higher is required in all Plan C courses.

To earn an Associate in Arts degree using Plan C, students must complete a minimum of 60 degree applicable units with a grade point average of "C" (2.0) or higher which must include the specified general education requirements and designated courses for a major. The Health and Wellness Proficiency requirement must be completed (see description in Plan A).

If a student wishes only to transfer and is not seeking an A.A. degree, they can follow the requirements below. There are no proficiencies required for IGETC certification.

It should be noted that completion of IGETC is not required for admission to the UC or CSU.

Further information and other regulations pertaining to IGETC and the Associate in Arts Degree are found in the catalog.

STUDENT ENROLLMENT APPOINTMENT ASSIGNMENT

Priority for assignment of enrollment appointments is based on student groups or total units earned and overall grade point average at Cerritos College. College Bridge and Special Admit Minor students are not included.

General continuing student enrollment appointment times are newly calculated each term. Appointment timing is based on a combination of units earned, up to a maximum of 110 units, and overall grade point average. When a student's unit total exceeds 110, the calculated unit total is reset to zero. Student numbers are used to separate students with the same point total. An exemption, exception, or challenge may be available for this procedure. For information, contact the Office of Admissions and Records.

A continuing student is defined as one who has completed a course during the 2013 Fall semester with any grade or notation. This does not apply to College Bridge or Special Admit Minor students.

Note regarding final grades: Grades may be found in your MyCERRITOS account. Grade reports are not mailed. If you wish to receive a grade in the mail, you should supply your instructor with a self-addressed, stamped envelope with an enclosure on which to state your grade. You may also pick up your grades from the Office of Admissions and Records.

STATEMENT OF STUDENT RIGHTS AND RESPONSIBILITIES PREAMBLE

The community college exists for the transmission of knowledge, the pursuit of truth, the development of students, and the general well-being of society. Free inquiry and free expression are indispensable to the attainment of these goals. As members of the academic community, students should be encouraged to develop the capacity for critical judgment and to engage in a sustained and independent search for truth and knowledge.

Freedom to teach and freedom to learn are inseparable facets of academic freedom. The freedom to learn depends upon appropriate opportunities and conditions in the classroom, on the campus, and in the larger community. Students should exercise their freedom with responsibility so as not to endanger the rights, goals, and beliefs of other students.

Cerritos College is open to all qualified students regardless of national origin, religion, age, gender, gender identity, gender expression, race or ethnicity, color, medical condition, genetic information, ancestry, sexual orientation, marital status, physical or mental disability, pregnancy, or because he or she is perceived to have one or more of the foregoing characteristics, or based on association with a person or group with one or more of these actual or perceived characteristics, or any other status protected by law in person or in an online environment and, when the victim or victims are associated with the District, whether or not the location is associated with the District.

CLASSROOM RIGHTS AND RESPONSIBILITIES

The professor in the classroom and in conference should permit free discussion, inquiry, and expression of thought by the student. Student performance should be evaluated solely on an academic basis, not on opinions or willingness to accept professors' personal beliefs, or conduct unrelated to academic standards. Students should be free to take reasoned exception to the data or views offered in any course of study for which they are enrolled and for maintaining standards of academic performance established for each course in which they are enrolled. The student has the right to have the course taught in a systematic, meaningful manner and to know at the beginning of the course those academic standards required of the student in the course.

Administrative staff and faculty members should respect confidential information about students, such as student views, beliefs and political associations, that is acquired in the course of their work. Transcripts of academic records should contain only information about academic status.

ON THE CAMPUS RIGHTS AND RESPONSIBILITIES

Students should be free to examine and discuss all questions of interest to them, and express opinions publicly and privately. They should be

free to organize and join associations to promote their common interests. The membership, policies and actions of a student organization will be determined by vote of only those persons who hold bona fide membership in that college organization. Campus advisors shall advise organizations in the exercise of their rights and responsibilities.

Student organizations shall be required to submit a statement of purpose, criteria for membership, rules of procedures, a current list of officers, and the advisor shall certify the list of verified members. Campus organizations should be open to all students.

Students and student organizations should be free to support causes by orderly means which do not disrupt the regular and essential operation of the college. Student organizations shall have the right to recommend, invite, and hear any person of their own choosing as long as such speakers and topics are in accordance with federal, state and local laws, and guarantee the safety of students and protection of public property. Guest speakers invited by students or student organizations should be subjected only to those policies, requirements, and regulations as established by the Board of Trustees in order to insure an appropriate and meaningful contribution to the academic community. It should be made clear to the academic community and the larger community that the public expressions of students, student organizations and guest speakers speak only for themselves.

As constituents of the academic community, students should be free, individually and collectively, to express their views on issues of institutional policy, instruction, the evaluation of professors as it pertains to their course content, and on matters of general interest to the student body.

IN THE LARGER COMMUNITY

College students are both citizens and members of the academic community. As citizens, students should enjoy the same freedom of speech, peaceful assembly, and right of petition that other citizens enjoy. As citizens, they should be subject to civil law as others and may incur penalties prescribed by civil authorities when violating these laws. Only where the college's interest as an academic community are distinct and clearly involved should the special authority of the college be asserted.

STUDENT PUBLICATIONS

Student publications and the student press perform the traditional roles of informing, entertaining, and influencing. They are both instructional and informational, and as such should meet the highest academic and professional standards in serving the broad college community and should set forth as the primary goal of the student newspaper the coverage of news events, happenings, and experiences on the college campus.

Associated Student Body, administrative and academic authorities, in consultation with students and advisors have the responsibility to define and clarify the role of student publications, and the standards to be used in their evaluation.

They must also assure that both academic freedom and editorial freedom are protected and exercised so that the integrity of the student publications program and the free press will not be compromised.

It is incumbent upon student editors and managers to act according to the highest ethics of responsible journalism. This corollary responsibility includes careful adherence to the laws of libel and good taste, and such considerations as the avoidance of indecency, undocumented allegations, attacks on personal integrity, and the techniques of harassment and innuendo, and should allow adequate space for rebuttal and differing views in regard to articles in which there is some controversy.

STUDENT SERVICES AND POLICIES

Safeguards to assure freedom of the student press with responsibility should include freedom from censorship or arbitrary control of the press, and protection of editors and managers from arbitrary attack, suspension, or removal because of disapproval of editorial policy or content by any external influence.

STUDENT GRIEVANCE PROCEDURES

A student of the College may address grievances as applied to and regarding academic, administrative, and instructional matters relating to students, and including, but not limited to, any grievance dealing with any academic or management employee of the District.

A grievance shall herein be defined as any act depriving a student of any of the rights set forth in the statement of "Student Rights and Responsibilities," or any state, federal, or local codes. Grades and grading grievances are not addressed within this administrative procedure. Student should refer to "Student Grade Grievance Procedure."

The determination of whether the Statement of Grievance presents sufficient grounds for a hearing shall be based on the following:

- The statement contains facts which, if true, would constitute a grievance under these procedures;
- The grievant is a student, which includes applicants and former students;
- The grievant is personally and directly affected by the alleged grievance;
- The grievance was filed in a timely manner;
- The grievance is not clearly frivolous, clearly without foundation, or clearly filed for purposes of harassment.

If the grievance does not meet each of the requirements, the Office of Judicial Affairs or ASCC Chief Justice or designee shall notify the student in writing of the rejection of the request for a grievance hearing, together with the specific reasons for the rejection and the procedures for appeal.

GRIEVANCE PROCEDURE (EXCEPT GRADES AND GRADING, SEXUAL HARASSMENT, AND OTHER ILLEGAL DISCRIMINATION):

STEP I - INFORMAL ACTION

- A. The student with a grievance shall first attempt to resolve the matter by informal discussion with the employee(s) involved.
- B. If the problem is not resolved in step I-A, the student shall then attempt to resolve the matter by informal discussion with the person at the lowest level of supervisory authority for the person with whom there is a complaint.
- C. If the grievant still believes the issue has not been resolved satisfactorily after Step I-B, a student Statement of Grievance Form may be obtained from the Office of Judicial Affairs. After completion of the Form, specifying the time, place, nature of the complaint and remedy or correction requested, it should be submitted to the Coordinator of Judicial Affairs who will send a copy of the written statement to the ASCC Supreme Court Chief Justice and the Vice President of Academic Affairs. This statement must be submitted within 30 instructional days after the grievant has become aware of the act or condition on which the complaint is based. An instructional day is defined as any day Monday through Friday that all normal college business is conducted, both in the classroom and administrative offices. All weekend days and college holidays are excluded.
- D. The ASCC Chief Justice or Court designee shall attempt to resolve the problem through informal meeting and discussion among the pertinent parties while remaining neutral on all issues involved.

This informal meeting and discussion is intended to include the levels of management or administration concerned with the problem and should be completed within ten instructional days, as such days are defined herein. In the event the informal procedure fails, the formal procedure may be implemented.

STEP II - FORMAL ACTION

A. PRELIMINARY STEPS

1. If the grievant does not believe the grievance has been resolved, the grievant may request Step II-Formal Action through the ASCC Chief Justice. The Chief Justice upon receiving the request of the grievant shall call a meeting of the Student Grievance Hearing Committee. The Hearing Committee will be composed in the following manner:
 - ASCC Chief Justice or designee and two Court Justices or designees,
 - the Vice President of Academic Affairs or administrative designee,
 - the Faculty Senate President or Senate designee, and
 - one Faculty Senate member, chosen by the Faculty Senate.

If replaced per section II.A.5. herein, the ASCC Chief Justice or designee or Court Justices or designees substitute(s) shall be appointed by the ASCC Court.

2. The Chief Justice or designee shall serve as the Hearing Committee Chair, but shall have no vote in committee decisions. The five voting members of the Hearing Committee may be selected within the first six weeks of the academic year. Names selected by the Faculty Senate are to be submitted to the Chief Justice. Members of the Committee are to serve for an academic year.
3. The Vice President of Academic Affairs or administrative designee shall serve as Hearing Committee Executive Secretary. The Executive Secretary, a voting member of the committee, shall be responsible for keeping necessary records of committee hearings and assist the ASCC Chief Justice in the conduct of the hearing.
4. Grievance Committee members are to deal with all grievances in a confidential manner, except when both parties agree to a public hearing or otherwise required by law.
5. No person shall serve as a member of a Hearing Committee if that person has been personally involved in any matter giving rise to the grievance, has made any statement on the matters at issue, or could otherwise not act in a neutral manner. Any party to the grievance may challenge for cause any member of the hearing committee prior to the beginning of the hearing by addressing a challenge to the Hearing Committee Chair, who shall determine whether cause for disqualification has been shown. If the Hearing Committee Chair determines that sufficient grounds for removal of a member of the committee have been presented, the Hearing Committee Chair shall remove the challenged member or members and request a substitute from the original appointing constituent group.

B. FORMAL HEARING

The Hearing Committee shall conduct its proceedings according to the following procedures:

1. The Hearing Committee must meet within 15 instructional days after informal action has been completed and the grievant has requested a formal hearing.

STUDENT SERVICES AND POLICIES

2. The Chair must notify the parties involved within five instructional days before the hearing of the date, time, and location of the hearing and must include a copy of the written complaint, a copy of the Statement of Student Rights and Responsibilities, and copy of the Grievance Procedure.
3. Four members shall constitute a quorum by which Hearing Committee business may proceed. The quorum must include at least one student member, one faculty member, and one administrative member.
4. The members of the Hearing Committee shall be provided with a copy of the grievance and any written response provided by the respondent before the hearing begins.
5. Both parties shall have the right to present personal statements, testimony, evidence, and witnesses. Formal rules of evidence shall not apply. Any relevant evidence shall be admitted. Unless the Hearing Committee determines to proceed otherwise, each party to the grievance shall be permitted to make an opening statement. Thereafter, the grievant or grievants shall make the first presentation, followed by the respondent or respondents. The grievant(s) may present rebuttal evidence after the respondent(s)' evidence. The burden shall be on the grievant or grievants to prove by substantial evidence that the facts alleged are true.
6. Each party shall have the right to be present, to be accompanied by the person of his or her choice (who may not participate in the hearing), and to question witnesses who are present. In a closed hearing, witnesses shall not be present at the hearing when not testifying, unless all parties and the committee agree to the contrary.
7. The hearing shall be recorded by the Coordinator of Judicial Affairs, either by audio recording or stenographic recording, and shall be the only recording made. No witness who refuses to be recorded may be permitted to give testimony. The audio or stenographic recording shall remain in the custody of the District, at all times, unless released to a professional transcribing service. Any recognized party to the grievance may request a copy of the recording.
8. The Hearing Committee Chair shall, at the beginning of the hearing, ask each person present to identify themselves by name, and thereafter shall ask witnesses to identify themselves by name.
9. The Hearing Committee shall discuss the stated grievance(s), hear testimony, examine witnesses, and receive all available evidence to the charge.
10. The hearing shall be closed to the public unless otherwise agreed upon in writing by both parties.
11. The Hearing Committee shall make decisions in private. The Hearing Committee shall write up findings and decisions. Copies of findings and decisions, including majority and minority reports, are to be sent to each party and the appropriate Vice President. The Hearing Committee's decision(s) shall be final unless appealed.
12. A recording of the proceedings shall be kept in a confidential file in the Office of Judicial Affairs and shall be available at all times to parties directly involved. All documents, communications, and records dealing with the processing of a grievance will be filed separately from the personnel files of the participants. After a period of four years, the grievance file shall be destroyed.
13. Reprisals of any kind will not be taken by the District or any of its agents against any party of interest or any other participant in the grievance procedure by reason of such participation.
14. Evidence and testimony given in each case presented shall not be the sole cause of initiating or filing further grievances.
15. If the grievant does not act within the time limits provided herein, the ability to proceed with the grievance shall be terminated and no further action will be taken.
16. The number of instructional days indicated at each step herein should be considered a maximum and every effort must be made to expedite the process. Time limits may be extended by mutual consent in writing or by decision of the Hearing Committee.
17. The Hearing Committee should attempt to reach a decision by discussion and consensus on a workable solution. Voting should be a last course of action.
18. If in the course of the proceedings a student graduates before a solution is found, the student shall not be denied full consideration under this policy. A student may also submit a grievance after graduation if the grievance did not become known until that time. However, it must be submitted within 30 instructional days after the grievant should have reasonably become aware of the act or condition on which the complaint is based.

APPEALS PROCESS

1. If a party wishes to formally appeal a recommendation of the Hearing Committee, an appeal must be submitted within ten instructional days to the appropriate Vice President provided the appropriate Vice President is not a direct party to the grievance. If the appropriate Vice President is a direct party to the grievance, and either party is dissatisfied with the recommendation of the Hearing Committee, an appeal may be submitted to a Vice President/Assistant Superintendent not a direct party to the grievance.
2. Upon receiving the findings and recommendations of the Hearing Committee, and after examination of the appeal as requested by either party, the appropriate Vice President or alternate may accept or reject the Hearing Committee's decision.
3. If the appropriate Vice President or alternate rejects the Hearing Committee's decision, he or she shall submit his/her decision with the stated reasons for objections to the Hearing Committee within ten instructional days. The Hearing Committee shall within ten instructional days reconsider its decision(s) and submit its decisions to the appropriate Vice President for a final decision.
4. The appropriate Vice President shall transmit his or her final decision to the parties within ten instructional days.
5. An appeal of the appropriate Vice President's decision may be submitted to the President/Superintendent by either party within five instructional days of the appropriate Vice President's decision. The President/Superintendent shall transmit his or her final decision to the parties within ten instructional days.
6. An appeal of the President/Superintendent's decision may be submitted to the Board of Trustees by either party within five instructional days of the President/Superintendent's decision.

STUDENT SERVICES AND POLICIES

The Board of Trustees may review an appeal for two consecutive regular Board meetings before making a final determination of the matter at the District level.

7. The President/Superintendent or designee, or the Board of Trustees may reject a Hearing Committee decision only after reviewing a transcription of the involved hearing.

STUDENT GRADE GRIEVANCE PROCEDURE

A student of the College may present a grade grievance. The California Education Code, Section 76224, quoted, states clearly the conditions upon which grades or grading can be questioned.

“When grades are given for any courses of instruction taught in a community college district, the grade given to each student shall be determined by the instructor of the course and the determination of the student’s grade by the instructor, in the absence of mistake, fraud, bad faith, or incompetence, shall be final.” “Mistake” may include, but is not limited to, errors made by an instructor in calculating a student’s grade and clerical errors.

STEP I – INDIVIDUAL ACTION

A student who believes a final course grade was assigned due to mistake, fraud, bad faith, or incompetence shall meet with the faculty member to resolve his/her concern.

STEP II – MANAGEMENT ACTION

1. The student will obtain a Grade Grievance Form from the Office of Student Judicial Affairs.
2. The student must return the Grade Grievance Form to the Office of Student Judicial Affairs within 30 instructional days after the completion of the course about which the grade grievance is filed. An instructional day is defined as any day Monday through Friday that all normal college business is conducted, both in the classroom and in the administrative offices. All weekend days and college holidays are excluded.
3. The Coordinator of Judicial Affairs will meet with the student and review the completed Grade Grievance Form. If the student wishes to pursue the grievance, the Coordinator of Judicial Affairs will sign and date the Form.
4. The Coordinator of Judicial Affairs will present a copy of the Grade Grievance Form to the applicable Division Dean. The Division Dean may schedule a meeting of all concerned if appropriate. The Division Dean should schedule a meeting only if the Form has the signature of the Coordinator of Judicial Affairs and is dated. The Division Dean shall make a recommendation to the parties within ten instructional days.

STEP III – ADMINISTRATIVE ACTION

If either party is dissatisfied with the recommendation of the Division Dean, he or she may appeal the matter to the Vice President of Academic Affairs or designee within ten instructional days of the Division Dean’s recommendation. The Vice President of Academic Affairs or designee shall call a meeting with the student, the ASCC Chief Justice, the Division Dean, and if needed, the faculty member. The Vice President of Academic Affairs or designee shall transmit his or her decision to the parties within ten instructional days.

STEP IV – PRESIDENT/SUPERINTENDENT ACTION

If either party chooses to appeal the decision of the Vice President of Academic Affairs, he or she may appeal the matter to the President/Superintendent of the College within ten instructional days of such decision. If a faculty member is dissatisfied with a recommendation and neither acts on it, nor appeals it, the Vice President of Academic Affairs will forward the matter to the President/Superintendent. The President/Superintendent will review the recommendation and if needed, request persons involved in the grievance to meet.

The President/Superintendent shall make a recommendation within ten instructional days. If either party is dissatisfied with the recommendation of the President/Superintendent, an appeal of the President/Superintendent’s recommendation may be submitted to the Board of Trustees by either party. The appeal must be submitted within ten instructional days after the President/Superintendent’s recommendation. The Board may review an appeal for two consecutive regular Board meetings, and if needed, request persons involved in the grievance to appear before making a final determination of the matter at the District level.

ADDITIONAL INFORMATION

Most complaints, grievances, and disciplinary matters should be resolved at the college level. If a complaint does not fall into one of the college’s established procedures, it may be addressed in writing to the College President. Individuals are strongly encouraged to make every attempt to resolve matters through the appropriate administrative processes.

Matters that are not resolved at the college level may be submitted to one or more of the following agencies for consideration:

- The Accrediting Commission for Community and Junior Colleges (ACCJC) at <http://www.accjc.org/complaint-process>, if the complaint is associated with the institution’s compliance with academic program quality and accrediting standards. The ACCJC is the agency that accredits the academic programs of the California Community Colleges.
- If the complaint does not concern the college’s compliance with academic program quality and accrediting standards, it may be directed to the California Community College Chancellor’s Office by completing the web form found at <http://californiacommunitycolleges.cccco.edu>.

STANDARDS OF CONDUCT

The President/Superintendent shall establish procedures for the imposition of discipline on students in accordance with the requirements for due process of the state and federal laws and regulations.

The procedures shall clearly define the conduct that is subject to discipline, and shall identify potential disciplinary actions, including but not limited to the removal, suspension, or expulsion of a student.

Due process requires that in all significant disciplinary situations a student is informed of charges against him/her, is given an opportunity to refute them, and has the opportunity to appeal a decision.

The Board of Trustees shall consider any recommendation from the President/ Superintendent for expulsion. ACADEMIC HONESTY/DISHONESTY POLICY

Your instructors are eager to help you succeed in your studies at Cerritos College. But success means more than just receiving a passing grade in a course. Success means that you have mastered the course content so that you may use that knowledge in the future, either to be successful on a job, or to continue on with your education in advanced classes.

Your success depends on a combination of the skill and knowledge of your instructors, and your own hard work. You will reach your future goals only if you gain new knowledge from every course you take. That knowledge becomes yours and can be used by you, only if it is gained through your own personal efforts. Receiving a grade in a course, without acquiring the knowledge that goes with it, diminishes your chances for future success.

While in college, you are also shaping the principles which will guide you throughout the rest of your life. Ethical behavior and integrity are a vital part of those principles. A reputation for honesty says more about you, and is more highly prized, than simply your academic skills.

For this reason, academic honesty is taken very seriously by the Cerritos College faculty. The following guidelines have been prepared so that you will understand what is expected of you in maintaining academic honesty.

Academic Dishonesty is normally to be dealt with as an academic action by the instructor, reflected in the student's grade in the particular course, rather than through college disciplinary procedures. No specific departmental, divisional or institutional procedures are established for academic dishonesty other than the normal process for review and appeal of an instructor's grading procedures.

Academic Dishonesty is defined as the act of obtaining or attempting to obtain credit for work by the use of any dishonest, deceptive, or fraudulent means. Examples of academic dishonesty would include, but not be limited to the following:

- Copying, either in part or in whole, from another's test or examination;
- Discussion of answers or ideas relating to the answers, on examination or test when such discussion is prohibited by the instructor;
- Obtaining copies of an exam without the permission of the instructor;
- Using notes, "Cheat sheets," or otherwise utilizing information or devices not considered appropriate under the prescribed test conditions;
- Altering a grade or interfering with the grading procedures in any course;
- Allowing someone other than the officially enrolled student to represent the same;
- Plagiarism, which is defined as the act of taking the ideas, words or specific substantive material of another and offering them as one's own without giving credit to the source.

Options may be exercised by the faculty member to the extent that the faculty member considers the cheating or plagiarism to manifest the student's lack of scholarship or to reflect on the student's lack of academic performance in the course. One or more of the following actions are available to the faculty member who suspects a student has been cheating or plagiarizing:

1. Review-no action.
2. An oral reprimand with emphasis on counseling toward prevention of further occurrences.
3. A requirement that work be repeated.
4. A reduction of the grade earned on the specific work in question, including the possibility of no credit for the work.
5. A reduction of the course grade as a result of item 4 above, including the possibility of a failing grade for the course.
6. Referral to the Office of Judicial Affairs for further administrative action, such as suspension or expulsion.

STUDENT DISCIPLINE PROCEDURES

Judicial Programs should contribute to the teaching of appropriate individual and group behavior as well as to protecting the campus community from disruption and harm. The Programs should be conducted in ways that will serve to foster the ethical development and personal integrity of students and the promotion of an environment that is in accord with the overall educational goals of the institution.

The Office of Judicial Affairs is responsible for the student conduct and disciplinary procedures of the college. Inquiries should be directed to the Coordinator of Judicial Affairs in the Office of Student Activities.

DISCIPLINARY PROCEDURES AND SANCTIONS

Disciplinary Sanctions

Official Reprimand – Defined as an admonishment or warning that becomes part of a student's file and is considered in the event of future violations.

1. May be initiated by any faculty or College manager and sent in writing to the Office of Judicial Affairs.
2. The Coordinator of Judicial Affairs (Disciplinary Officer) shall determine if there exists good and sufficient reason to initiate disciplinary action and student should be notified of such actions.

1. Shall be initiated by the Office of Judicial Affairs.
2. The nature of the misconduct, dates, time and place, and length of probation shall be placed in writing. Written copies shall be sent to the student and copies filed with the Office of Judicial Affairs.

Instructor Removal – Defined as instructor-initiated removal of a student from his or her class when the student has interfered with the instructional process. Duration will be for the day of the removal and the next class meeting.

1. The instructor or Instructional Dean shall immediately report the removal to the Office of Judicial Affairs for appropriate action such as official reprimand, suspension, or recommendation of expulsion.

Immediate Interim Suspension – The President/Superintendent or designee may order immediate suspension of a student where he or she concludes that immediate suspension is required to protect lives or property and to ensure the maintenance of order. In cases where an interim suspension has been ordered, the time limits contained in these procedures shall not apply, and all hearing rights, including the right to a formal hearing where a long-term suspension or expulsion is recommended, will be afforded to the student within ten instructional days.

Suspension – Defined as exclusion from the College for a specified period of time.

1. Suspensions shall be initiated by the Disciplinary Officer or designee, with the knowledge of the Vice President of Student Services.
2. The duration of the suspension from one or more classes shall be for a period of up to ten days of instruction, for the remainder of the academic term, or from all classes and activities of the community college for one or more terms.

3. There may be an immediate suspension when necessary to protect lives or property and to insure the maintenance of order pending a hearing within ten instructional days.

Expulsion – Defined as the removal of a student from any and all classes of the College.

1. Only the Board of Trustees may expel students for "Good Cause" or when other means of correction fail to bring about proper conduct of a student.
2. The duration of the expulsion may be indefinitely.
3. The expulsion is noted in the permanent file of the student.
4. Re-admittance after expulsion requires Board approval.

Hearing Board

In all cases when the Disciplinary Officer or designee has initiated disciplinary action, the student, within five instructional days following notification of the action, may convey to the Vice President of Student Services, in writing:

1. Concurrence with the decision; or
2. A grievance challenging the action.

If a grievance challenging the action is filed, a hearing will be conducted.

A Hearing Board shall be responsible to the President/Superintendent for reviewing and making recommendation to the President/Superintendent. Membership of the Hearing Board shall include the following:

1. Two members of the instructional staff appointed by the Faculty Senate.
2. Two student Court Justices appointed by the ASCC Chief Court Justice or by the Associated Students President, if the Chief Court Justice is a party to the matter.
3. The Disciplinary Officer shall serve as the Chairperson of the Hearing Board, but will not vote except to break a tie.

Procedures for a Hearing, Disposition, and Imposition of Sanctions

1. Written notice of a hearing shall be mailed or delivered to the student. A hearing must be held within ten instructional days of the suspension if the suspension is immediate. An instructional day is defined as any day Monday through Friday that all normal College business is conducted, both in the classroom and in the administrative offices. All weekend days and College holidays are excluded.
2. Notice shall include date and place of hearing, a statement of all charges, a copy of applicable policies and procedures, the opportunity of the student to appear in person, and the opportunity to present oral and documentary evidence.
3. Hearings shall be conducted in the manner consistent with the orderly conduct of the affairs of the College, and which seems to the Hearing Board to be most conducive to the determination of the truth.
4. All hearings shall be tape recorded. A transcript shall be made available to parties directly involved, at their own expense. Transcripts may be redacted to comply with law, policies, and to protect the privacy and/or safety of individuals.
5. Promptly following the hearing, the Hearing Board shall submit the recommendation to the President/Superintendent. The President/Superintendent and/or designee shall make the final decision on suspensions. A decision of the President/Superintendent to suspend shall be issued to the student in writing. Expulsion requires action by the Board of Trustees.

STUDENT SERVICES AND POLICIES

A decision of the Board of Trustees to impose expulsion shall be reached no later than the next regularly scheduled regular Board meeting after the Board receives the recommendation from the President/Superintendent. Notification of the Board's decision regarding expulsion shall be issued to the student in writing after the action by the Board.

Time Limits - Any times specified in these procedures may be shortened or lengthened if there is mutual concurrence by all parties.

These procedures may change from time to time and may be superseded by current state and federal laws and regulations. Otherwise, the College Catalog, which is updated annually, contains the most recent information regarding student discipline procedures.

JUDICIAL AFFAIRS

Information regarding student rights and responsibilities is available from the Coordinator of Judicial Affairs. The coordinator is available to meet with you to explain the "System" and your rights with regard to student grievances, student conduct and academic-related student grievances. This office also serves as a source of information and/or referral for all student problems and concerns. The Office of Judicial Affairs is located in the Student Activities Office. Inquiries should be directed to the Coordinator of Judicial Affairs in the Office of Student Activities or by calling (562) 860-2451, ext. 2471.

SECTION 504/508/AMERICANS WITH DISABILITIES ACT

Under Section 504/508/ADA of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act of 1990, Cerritos College will take all necessary steps to ensure that no student with a verified disability is denied the benefits of, excluded from participation in, or otherwise subjected to discrimination because of the absence of auxiliary aids or academic accommodations. The decision to authorize such aids or accommodations is the responsibility of the Disabled Student Programs and Services (DSPS) Dean, Disability Specialist, or DSPS counselor after a review of documentation verifying the disability and any resulting educational limitations.

It is the responsibility of the student with a verified disability and resultant educational limitation to apply for DSPS assistance in the Santa Barbara Building and to file a request for accommodations with DSPS via the college form entitled "Disabled Student Program and Services – Application for Services". The request should be completed with adequate notice provided for an effective response. Classroom related requests will be reviewed for approval on the "Service Request Form" and, upon approval by DSPS, notification will be sent within 3 days to any involved instructor by DSPS staff. The instructor will respond to the request in writing in a timely manner. Non-return will be construed as agreement.

If the instructor denies the classroom related request(s) the DSPS Dean, or designee, will intervene with the appropriate academic staff and attempt to resolve the matter. In the event of continued denial of an accommodation request or request for course substitution or waiver DSPS will provide the student with the policy, procedures and form entitled "Academic Accommodation Request Form". The DSPS Dean or designee, will concurrently inform the student that he/she has the right to file a grievance under the college's discrimination grievance procedure and/or the Office for Civil Rights and will provide the student with the information necessary to do so.

Inquiries regarding DSPS or the District's non-discrimination policy relative to students, employees, or applicants with disabilities should contact the 504/508/ADA Coordinator at ext. 2334, or Human Resources at ext. 2276.

Section 504/508 Complaint Procedure

The student should first discuss the complaint regarding discrimination due to a disability with the individual (s) involved or with the Cerritos College Section 504/508/ADA Coordinator at ext. 2334 or the Director of Diversity, Benefits, and Compliance at ext. 2276. The 504/508/ADA Coordinator may contact all parties concerned and attempt to reach some resolution of the problem. If the complaint cannot be resolved within ten working days, the complaining party may then proceed to file a formal complaint. The informal complaint procedure is optional.

Cerritos College promotes a smoke-free environment. In compliance with AB846 and Education Codes 19994.30 and 19994.33, smoking is prohibited inside a public building and within 20 feet of an exit, entrance, operable window, or ventilation intake of a public building.

Cover-up Solved: "Technology to the Rescue"

"Everybody talks about the weather", as the old saying goes, "but nobody does anything about it". This may actually be a wise course - but the Technology Division helps people deal with the consequences.

Glen Myer, Aquatic coach, Summer Swim Program director, and head of pool maintenance for the Physical Education Department had a problem caused by the weather. During the off hours, the pool cover (made from buoyant plastic insulating sheets) is rolled out onto the water surface, to retain heat. On one of the pools, the cover kept flying off due to strong wind.

Glen asked Terry Price, chair of the Plastics Technology Department, if he could help. Londa Collins, one of Terry's students and a pool user as well, stepped up, and enlisted fellow students Ted Rogers and Doug Vehle to assist in designing and developing the pool's cover bumpers.

Engineering and Manufacturing are, at their core, inherently green in perspective; they aim to solve real problems with the minimum amount of material, time, money, tooling, energy, space, manpower, risk, and detrimental environmental impact.

It was a great opportunity for the students to apply the knowledge gained from many of the Plastic Department classes, use the machinery in its lab for a real-world "customer", and help the college save money at the same time. The solution had to keep the pool cover in place, be easy for faculty and staff to install and remove, be durable, inexpensive, and produced with equipment available on campus.

The students created prototypes using different materials and came up with the final product.

Cerritos College Film Students Go Beyond the Classroom

Film students Ace Caguioa and Ricardo Ramirez took on a project in collaboration with School Relations to develop a promotional video for prospective students. Caguioa and Ramirez, both of whom work as peer counselors for the School Relations Office, applied what they learned in the classroom to create a video that appeals to Cerritos College's target audience—18- to 24-year-olds. Caguioa was responsible for pre-production, screenwriting, and scheduling while Ramirez was charged with directing, shooting, and post-production. The video briefly highlights student services, academics, career technical education, athletics, and student activities in just under two minutes. In addition, students from the Cinematic Arts Club volunteered to support this student-college collaborative. The finished product, Future Students video, is of professional quality and has received 2,000 views since its launch in June 2013.

“By utilizing students, we were able to create a cost-effective video while showcasing student talent. This opportunity

provided them with hands-on experience that resulted in a video which is currently being used by Cerritos College,” said Shirley Arceo, coordinator of School Relations.

The Future Students film project is a win-win for both parties. Cerritos College cultivated career development opportunities for its talented students and now possesses a video that entices young viewers to consider this campus.
