Irving Bartikofsky

Irving Bartikofsky is a natural teacher, but he did not discover his calling until later in life.

Bartikofsky studied business marketing and entrepreneurship at the University of Southern California. In his senior year, he wrote a business plan for an all-natural hot dog stand inspired by his father who owned a meat company. His father died from cancer which is believed to have been caused by his exposure to cured, nitrate-filled meats.

The business plan won USC's Second Best Business Plan of the Year. When Bartikofsky graduated, he brought his idea to fruition and launched California Cow, a small hot dog business that specialized in no preservatives and nitrate-free meat. The business quickly became so successful that Bartikofsky was invited to be a guest speaker at The Pasadena Commission on the Status of Women on how to start a business.

Bartikofsky's business was successful for three years, but when a competitor started offering cheaper, unhealthy products, his company was forced to close. As he considered his next move, he was reminded of his college professor's words, "Ask yourself what you enjoyed doing the most last year." For Bartikofsky, his experience with public speaking, teaching, and inspiring other people motivated him to a new career in teaching.

He became a substitute teacher at the Garvey and the Montebello Unified School Districts where he taught for 17 years. During his tenure, he was involved in a severe car accident where he sustained a traumatic brain injury.

After his recovery, Bartikofsky developed a deep understanding and affinity for people with disabilities and was later offered a position as a special education teacher. He obtained a paid

fellowship at California State University, Los Angeles, where he earned his master's degree in special education with highest honors, along with three other prestigious awards.

As an adjunct professor at California State University, Los Angeles' graduate program, Bartikofsky was responsible for observing student teachers to determine their proficiency skill levels and their ability to teach professionally.

In addition, he worked as an inclusion specialist for the Montebello Unified School District. In this setting he was responsible for developing individual instructional programs for students with disabilities who attended both special and general education classes. Bartikofsky became an ombudsman for both the Montebello and San Jose Unified School Districts where he monitored individualized special education programs.

He also became a cadre trainer for the California Teachers Association. For 12 years he facilitated workshops and lectures on special education law and best practices for teaching individuals with disabilities. His areas of expertise include autism spectrum disorders, psychological disorders, learning disabilities, attention deficit disorders, post-traumatic stress disorder, and traumatic brain injuries.

In fall 2012, he joined the Cerritos College Disabled Student Programs and Services (DSPS) as a full-time faculty member. In addition to providing accommodations for students with individual and unique disabilities, Bartikofsky oversees DSPS' High-tech Training Center that provides instruction on technology targeted for students with disabilities. He also teaches universal design for learning classes that focuses on assisting students in identifying their individual learning strengths. The class reinforces all learning styles, allowing for students to overcome their areas of challenge and develop their unique abilities to succeed.

"I try to focus on what students can do, not what they cannot do," Bartikofsky said. "I want students to think of their disability as uniqueness and a gift."

In 2012, Bartikofsky was invited to speak at the Associated Students of Cerritos College Leadership Conference. The topic was his favorite, "People First" language, demonstrating how words can change a person's brain. "That one day, those two hours I spoke, was one of my most rewarding experiences," he recalls.

Bartikofsky loves inspiring people and regularly accepts invitations to speak for a variety of groups.

"Don't define people with disabilities by their disability," he said. "People first, disability second. It sounds minute, but the impact is enormous. Disabilities should never define a person, as we all have strengths and weakness. I try to focus on nurturing the best in each of us."

Irving Bartikofsky will continue to empower and educate people with and without disabilities. His mission is to raise awareness using "People First" language, positive words that celebrate and exemplify our uniqueness.

Información en español también está disponible en las páginas 15-19.

STUDENT RIGHTS AND RESPONSIBILITIES

- (a) All students shall be required to:
 - (1) identify an education and career goal;
 - (2) diligently engage in course activities and complete assigned coursework; and
 - (3) complete courses and maintain progress toward an education goal and completing a course of study.
- (b) Nonexempt first time students shall, within a reasonable period of time, be required to:
 - (1) identify a course of study.
 - (2) be assessed to determine appropriate course placement.
 - (3) complete an orientation activity provided by the college.
 - (4) participate in counseling, advising, or another education planning service to develop, at a minimum, an abbreviated student education plan.
- (c) For the purposes of this section, a first time student is a student who enrolls at the college for the first time, excluding students who transferred from another institution of higher education. For purposes of this section, first time enrollment does not include concurrent enrollment during high school. To the extent that a college has the capacity to require and provide the services identified in (b)(1) through (4) to other students, nothing in this section would preclude a college from doing so.
- (d) Nonexempt students who have completed the services identified in (b)(1) through (4) shall be required to complete a comprehensive education plan after completing 15 semester units of degree applicable credit course work or prior to the end of the 3rd semester, or a shorter period if required by district or program policy.
- (e) Failure to fulfill the required services listed in (b) may result in a hold on a student's registration or loss of registration priority until the services have been completed.

INSTITUTIONAL RESPONSIBILITIES

- (a) The college shall take steps to ensure that information regarding matriculation policies is accessible and available to all students during or prior to enrollment (e.g., during orientation) and is included in class schedules, catalogs, or other appropriate communications describing student rights and responsibilities.
- (b) Once the student has identified a course of study and completed 15 semester units of degree applicable course work, the college must provide the student with an opportunity to develop a comprehensive student education plan within a reasonable time period. Student responsibilities shall also be identified in the student's education plan.
- (c) College policy provides that a nonexempt student will have a hold placed on enrollment if a student fails to fulfill the responsibilities set forth in the section, "Student Rights and Responsibilities".
- (d) The college shall make reasonable efforts to avoid duplication of the orientation, assessment, counseling, advising, or other education planning services, and development of student education plans funded through this subchapter or funded through other programs.

- (e) It is intended that the instructional and student services area of the college shall use multiple sources of data from student education planning efforts and identified courses of study to coordinate course scheduling.

ENROLLMENT APPOINTMENT PRIORITY

including Orientation, Assessment, Counseling, Student Education Plans, Tier Groups, Probation

The purpose of establishing enrollment priorities is to support students endeavoring to reach their educational goals at Cerritos College by providing priority enrollment to groups of students (as listed herein) with special needs and/or who are in continuing student status, as long as satisfactory progress is made.

PRIORITY ENROLLMENT CRITERIA AND CONDITIONS

- A. Priority
 1. New students not otherwise exempt, including those in any state-provided priority enrollment groups, must complete assessment, orientation, and counseling with at least an abbreviated student education plan (A-SEP), in order to receive priority enrollment.
 2. First time, beginning with fall 2014 enrollment, students who have identified a course of study, been assessed to determine appropriate course placement, completed an orientation program provided by the college, and participated in counseling, advising, or another education planning service including at least an abbreviated student education plan (A-SEP), are required to complete a comprehensive student education plan (C-SEP) after completing 15 units of degree-applicable credit course work, or prior to the end of the third (3rd) semester of enrollment, resources permitting.
 3. Continuing students, including those in any state-provided priority enrollment groups, except eligible current and former foster youth, are subject to loss of the enrollment priority for which they would ordinarily be eligible if they are on any combination of progress or academic probation for two consecutive semesters.
 4. Continuing students, including those in any state-provided priority enrollment groups, except eligible current and former foster youth, are subject to loss of the enrollment priority for which they would ordinarily be eligible if they have earned 100 degree-applicable, non-basic skills and non-ESL units. Units for high unit majors and programs may be disregarded to the extent they exceed the number of units required for non-high unit majors and programs. Units from credit by exam, advanced placement, International Baccalaureate, or other similar programs may also be exempted.
- B. Subject to the above, continuing student enrollment appointments shall be set on the basis of units earned and cumulative grade point average at Cerritos College.
- C. Students subject to enrollment priority exclusion shall have a negative service indicator, appearing as a Hold in Student Center in MyCerritos, placed on their enrollment account. The effect shall be to place the student's access to enroll at the end of the enrollment cycle in the period known as Open Enrollment.

STUDENT SUCCESS AND SUPPORT PROGRAM (SSP)

APPEALS AND EXEMPTIONS

It is the intent of these procedures to support and promote student success, including program completion, through access to needed courses. Petitions for appeals of, or exemption from, the implementation of these procedures are subject to consideration by the Committee on Academic Records and Standards or its designee.

- A. Students may appeal the loss of enrollment priority due to extenuating circumstances or where a student with a disability applied for, but did not receive reasonable accommodation in a timely manner. Extenuating circumstances are verified cases of accidents, illnesses or other circumstances beyond the control of the student.
- B. Students who have demonstrated significant academic improvement may appeal the loss of priority enrollment status. Significant academic improvement is defined as achieving no less than the minimum grade point average and progress standard within a term. The minimum academic standard is a 2.0 grade point average, once the student has attempted 12 semester units; the minimum progress standard is greater than 50% of all units enrolled in being other than "W", "I", "NP", or "NC", once the student has enrolled in a total of at least 12 semester units.

ASSESSMENT

WHAT IS "ASSESSMENT?"

Assessment is required for first-time, new-to-college students. "Assessment" means the process of gathering information about an individual student to facilitate his or her success. At Cerritos College, assessment includes, but is not limited to, the collection of information regarding a student's study skills, English language proficiency, computational skills. Academic counselors may also review high school and/or college transcripts, evidence of an A.A. degree or higher from an accredited institution, learning skills, academic performance, and need for special services. In addition, career assessment is the opportunity to explore career aspirations, goals, skills, interests, and values.

DO I NEED TO TAKE AN ASSESSMENT TEST?

First-time, new-to-college students are required to complete assessment prior to enrollment. Students planning to enroll in a math, English, or reading class, or planning to earn an A.A. degree, must complete assessment tests prior to enrollment. A current Cerritos College student number and photo ID are required to take a test. All tests are computerized.

If you have taken your assessment test at another community college, please submit a copy of your results (on letterhead from the college) with a completed Requisite Clearance form to the Admissions and Records Office at least 10 business days prior to your enrollment appointment date.

STUDENT SUCCESS & SUPPORT SERVICES (3SP) EXEMPTION/EXCEPTION

Cerritos Community College offers Student Success and Support Services (formerly Matriculation) to all new students prior to their enrollment in classes. These services include assessment, orientation, and counseling. First-time, new-to-college students must complete required Assessment and Orientation-Counseling (AOC) prior to enrollment. Students not required to complete AOC under established criteria are automatically exempted upon application to the College. Students wishing to pursue another type of exemption must submit a completed Student Success & Support Program (3SP) Exemption and Exception form to the Admissions and Records Office. 3SP Exemption and Exception forms are available in the Admissions and Records, Assessment, and Counseling offices. If you have special needs for completing assessment, orientation or counseling, please contact the Assessment Center or Counseling Office.

ASSESSMENT TEST EXEMPTIONS

Students who already possess an A.A. degree or higher from a regionally accredited college are not required to take assessment tests, but will be required to verify the degree by presenting official documents to the Admissions and Records Office at least 10 working days prior to enrollment appointment date. A Requisite Clearance form must accompany the documents in order to meet prerequisites.

ASSESSMENT TEST EXCEPTIONS FOR:

Math – If you completed one year of Algebra 1 or higher with "B" grades or higher in high school, you may not need to take the math assessment. Students who have completed math courses at another college may also not need to take the math assessment. Please submit proof (official or unofficial transcripts) and a Requisite Clearance Request form to a counselor or Admissions & Records prior to enrollment. It is strongly recommended that these math courses have been completed within the past three years.

Advanced Placement Exams – Students who participate in advanced placement courses at their high schools and earn passing scores on AP exams may earn college credit for those courses when they come to Cerritos College. For further details, ask a counselor.

Chemistry – Please read the prerequisites and recommendations section with each Chemistry class listing. Be sure that the prerequisites are satisfied before enrolling in a course.

Please note: The exceptions listed are assessment options for course clearance or placement. To meet the required reading, math, and English proficiencies necessary to qualify for the Associate in Arts degree, check your catalog or ask a counselor.

ACCOMMODATION FOR ENGLISH AS A SECOND LANGUAGE

Students planning to take ESL (English as a Second Language) courses need to take the ACCUPLACER ESL test. Students may take the test during regularly scheduled testing times.

MAY I RETAKE A TEST?

Students may repeat any assessment test one time AFTER an 18-week waiting period from the original test date.

ASSESSMENT TESTING SCHEDULE

Copies of the assessment testing schedule are available on the Cerritos College Career Services web page (www.cerritos.edu/assessment-center), or at the Admissions and Records Office, Counseling, and Career Services Center, or call (562) 860-2451, ext. 2355, for dates and times. - Complete assessment requirements before seeing a counselor.
- Students who are on academic or progress probation will be limited in the number of units they may take each semester based upon their GPA and course completion. They also risk losing their enrollment priority if they remain on probation for two consecutive semesters.
- Counselors are available on an appointment or standby basis prior to enrollment.
- During enrollment, counselors are available on a limited standby basis.
- Counselors are available online at www.cerritos.edu/counseling.
- Once the semester begins, new, readmit, and transfer students are highly encouraged to make a counseling appointment or attend an Educational Planning workshop to discuss educational goals and to complete a comprehensive educational plan.

Counseling and teaching faculty provide a number of follow-up services to students. These services are designed to provide information regarding the students' academic progress. Special services are provided to students on academic and/or progress probation, students in basic skills courses, and students who are undecided about their educational goal. Referrals are made to on and off-campus services when appropriate.

BASIC SKILLS COURSE LIMITATIONS

No more than a total of thirty (30) units from the pre-collegiate basic skills courses listed below are allowed:

ENGL 20

 - (2) Participen diligentemente en las actividades del curso y completen los trabajos asignados.
 - (3) Completen los cursos y mantengan el progreso hacia un objetivo educativo y concluyan un curso de estudio.
- (b) Los estudiantes de primer ingreso no exentos en un plazo de tiempo razonable, deberán:

 - (3) Completar una actividad de orientación que establece la universidad.
 - (4) Participar en la consultoría, asesoría u otro servicio de planificación de la educación para desarrollar, como mínimo, un plan educativo abreviado.
- (c) A los efectos de esta sección, un estudiante de primer ingreso es un estudiante que se inscribe en la universidad por primera vez, salvo los estudiantes que se transfieren de otra institución de educación superior. Para los propósitos de esta sección, la inscripción por primera vez no incluye la inscripción simultánea cuando todavía se asiste a la escuela secundaria. En la medida en que una universidad tenga la capacidad de exigir y proporcionar los servicios indicados en (b)(1) a (4) a otros estudiantes, nada de lo incluido en esta sección impedirá a la universidad hacerlo.
- (d) Los estudiantes no exentos que hayan cumplido con los servicios identificados en (b)(1) a (4) estarán obligados a terminar un plan de formación integral después de completar 15 unidades semestrales de los cursos con créditos aplicables al grado académico o antes de finalizar el tercer semestre, o bien en un período más corto si lo requiere una política del programa o del distrito.
- (e) El incumplimiento de realizar los servicios requeridos que se enumeran en (b) puede resultar en una retención del registro del estudiante o la pérdida de la prioridad de inscripción hasta que los servicios se hayan completado.

RESPONSABILIDADES INSTITUCIONALES

- (a) La universidad tomará las medidas necesarias para garantizar que la información sobre las políticas de matriculación sea accesible y está disponible para todos los estudiantes, durante o antes de la inscripción (por ejemplo, durante la orientación) y se incluye en los programas de clase, catálogos u otras comunicaciones apropiadas que describen los derechos y las responsabilidades de los estudiantes.
- (b) Una vez que el estudiante ha identificado un curso de estudio y completó 15 unidades semestrales de trabajo del curso aplicables al grado académico, la universidad debe proporcionarle la oportunidad de desarrollar un plan educativo integral en un plazo razonable. Las responsabilidades estudiantiles también deberán determinarse en el plan de educación del estudiante.
- (c) La política de la universidad establece que un estudiante no exento tendrá una retención de la matrícula si no cumple con las responsabilidades establecidas en la sección “Derechos y responsabilidades de los estudiantes”.

- (d) La universidad hará esfuerzos razonables para evitar la duplicación de la orientación, evaluación, consultoría, asesoría u otros servicios de planificación de la educación y el desarrollo de los planes educativos financiados a través de este subcapítulo o por medio de otros programas.
- (e) Se pretende que el área de servicios estudiantiles y de enseñanza de la universidad utilice diferentes fuentes de datos sobre los esfuerzos de planificación de la educación de los estudiantes y cursos identificados de estudio para coordinar la programación de los cursos.

PRIORIDAD DE LA CITA DE INSCRIPCIÓN

incluye la orientación, evaluación, consultoría, planes educativos, grupos de nivel, periodo de prueba

El propósito de establecer prioridades de inscripción es apoyar a los estudiantes que se esfuerzan por alcanzar sus metas educativas en Cerritos College, proporcionando prioridad de inscripción a grupos de estudiantes (que se enumeran en este documento) con necesidades especiales o que están en condición de estudiantes de reingreso, siempre y cuando el progreso sea satisfactorio.

CRITERIOS Y CONDICIONES PARA LA PRIORIDAD DE INSCRIPCIÓN

A. Prioridad

1. Los nuevos estudiantes que no se encuentran exentos de otra manera, entre ellos los que son parte de grupos con prioridad de inscripción que establece el estado, deben completar la evaluación, orientación y consultoría con por lo menos un plan educativo abreviado (A-SEP), a fin de recibir prioridad de inscripción.
2. La primera vez, a partir de la inscripción en el otoño de 2014, los estudiantes que han identificado un curso de estudio, se han evaluado para determinar la colocación apropiada de cursos, completaron un programa de orientación que proporciona la universidad y han participado en la consultoría, asesoría u otro servicio de planificación de la educación que incluye, al menos, un plan educativo abreviado (A-SEP), están obligados a completar un plan educativo integral (C-SEP) después de completar 15 unidades semestrales de los cursos con créditos aplicables al grado académico o antes de finalizar el tercer (3.er) semestre de inscripción, según lo permitan los recursos.
3. Los estudiantes de reingreso, incluidos los de algún grupo con prioridad de inscripción que establece el estado, salvo los jóvenes de crianza actual y anterior que son elegibles, están sujetos a la pérdida de la prioridad de inscripción para los que ordinariamente serían elegibles si están en cualquier combinación de progreso o probatoria académica para dos semestres consecutivos.
4. Los estudiantes de reingreso, incluidos los de algún grupo con prioridad de inscripción que establece el estado, salvo los jóvenes de crianza actual y anterior que son elegibles, están sujetos a la pérdida de la prioridad de inscripción para la que ordinariamente serían elegibles si han obtenido 100 destrezas no básicas aplicables al grado académico y que no son unidades del programa ESL. Las unidades para asignaturas y programas principales podrán ignorarse en la medida en que superen el número de unidades requeridas para asignaturas y programas que no son principales. Las unidades de crédito por examen, colocación avanzada, Bachillerato Internacional u otros programas similares también pueden estar exentos.

- B. Sin perjuicio de lo anterior, las citas de matrícula de los estudiantes de reingreso se establecerán con base en las unidades o el promedio de calificaciones acumuladas en Cerritos College.
- C. Los estudiantes que están sujetos a la exclusión de prioridad de inscripción tendrán un indicador de servicio negativo, que aparece como una retención en el Centro estudiantil en MyCerritos, colocado en su cuenta de la matrícula. El efecto será colocar el acceso del estudiante a matricularse al final del ciclo de inscripción en el período conocido como Inscripción Abierta.
- D. Los estudiantes excluidos de la prioridad de inscripción deben recibir notificación de las opciones que tienen o qué se les aconseja ejercer. Vea también la sección de este procedimiento titulada Apelaciones y Excepciones.

Crterios adicionales para la prioridad de inscripción de determinados estudiantes

- A. Los estudiantes que de otra manera se especifican en el estatuto.
- B. Los estudiantes cuyo programa educativo requiere tiempo fuera del campus o bloques de tiempo asociados con las clases programadas para actividades tales como práctica, reuniones, asesoramiento y tiempo fuera de la escuela, lo que limita la elección de los períodos de clase.

GRUPOS DE ESTUDIANTES CON PRIORIDADES:

Nivel 1: las citas de matrícula para los estudiantes en los grupos del Nivel 1 se programarán en todo el nivel con base en las unidades que han obtenido y el promedio de calificaciones acumuladas de conformidad con la normativa aplicable.

Personal de las Fuerzas Armadas y veteranos recientes: los estudiantes que son miembros o ex miembros de las Fuerzas Armadas de los Estados Unidos, que son residentes de California, por cualquier plazo académico, dentro de los cuatro años siguientes al cese del servicio activo. (Artículo 66025.8 del Código de Educación)

Jóvenes de crianza: los estudiantes que se consideran formalmente como jóvenes de crianza actualmente o en el pasado, que son elegibles hasta los 24 años de edad inclusive. (Artículo 66025.9 del Código de Educación)

WAIT LIST

As you enroll in classes, you may find that some are “closed.” This means that these classes have reached maximum enrollment. In this event you may choose to add your name to the wait list. The number of additions to wait lists is limited to 10 units. Please follow the instructions in **MyCerritos, Student Center**.

Cerritos College has implemented a “paid” wait list. What this means is that once you have added your name to the wait list, you must pay all applicable fees for that class. Additionally, “auto-enroll” will be in operation. Auto-enroll will automatically enroll students from the wait list to the official roster when space becomes available. Auto-enroll from a wait list will not occur if:

1. Student has a hold (service indicator) on their account. Please check in **MyCerritos, Student Center**, under **Holds and ToDos**.
2. The class prerequisite has not been met.
3. Illegal course repetition has occurred. (See Admission and Records for Academic Records and Standards petition.)
4. There is a class time conflict. Students may not be enrolled in two classes that meet at the same time.
5. If you are enrolled in a class AND are on a wait list for the same course (i.e., enrolled in SOC 101 and #1 on the wait list for SOC 101 at another time) you will lose a seat when “auto-enroll” tries to move you from the wait list to the official roster due to “Multiple Enrollment”.

Auto-enrollment will continue through the Friday before classes begin. View your enrollment status on **MyCerritos** (<http://my.cerritos.edu>). Failure to attend class IS NOT an automatic drop or refund. If you do not want your wait-listed classes, please drop to avoid a substandard grade and forfeiture of enrollment fees.

Prompt attendance on the first day is recommended for all wait listed students. Failure to attend will jeopardize your enrollment status.

See the "Calendar of Important Dates" for specific deadlines.

A student is eligible for a refund if: a) classes are dropped by the required deadline; b) the program change is the result of action taken by the college to cancel or reschedule a class; c) the student is dropped for failure to meet a prerequisite(s) or corequisite(s); and/or, d) the student is active or reserve U.S. Military personnel who withdraws due to military orders.

Eligible students may file a petition with the district requesting refund of their enrollment fee(s). A refund will not be processed if academic credit has been awarded for the class. Refunds are not automatically processed.

To request a refund, a student must come to the Admissions and Records Office and submit a refund request form. The refund request form is also available online and can be mailed to the Admissions and Records Office. Approved refunds will be mailed in approximately four to six weeks. Be sure your current mailing address is on file with the college.

A check is the only form of payment that Cerritos College uses to issue refunds. If a payment is made by credit card for any registration transaction, and you later drop any or all of your classes within the required refund period, we will **NOT** credit your credit card account. All refund checks are made payable to the student.

Refunds are made pursuant to Title 5, Section 58501 or 58501.1.

ACADEMIC INFORMATION

REPETITION OF COURSES

At Cerritos College, previous course enrollment is reviewed electronically for prior enrollment attempts. All courses have repetition limitations. Cerritos College offers some courses that have designated repeatability. Please review the catalog for maximum repeat units available.

Students may repeat a course in which a substandard grade (D, F, NP, FW) or “W” in any combination has been received one time. Students receiving any combination of substandard grades may petition the Academic Records and Standards Committee for an exception to the two attempts rule. All petitions are subject to approval or denial. Upon completion of a repeated course, the most recent grade earned will be computed in the cumulative grade point average and the student’s academic record so annotated.

When a student repeats a class to alleviate substandard academic work, the previous grade and credit shall be disregarded in the computation of grade point averages, but shall not be deleted from the student’s permanent record. Courses that are repeated shall be recorded on the student’s permanent academic record using an appropriate annotation. Annotating the permanent academic record shall be done in a manner so that all work remains legible, insuring a true and complete academic history.

Students may use an equivalent course from an accredited college or university to replace a Cerritos College course in which a substandard grade was recorded, if earned subsequent to the substandard grade at Cerritos College. The student must petition the Academic Records and Standards Committee to record the change. The College may honor the prior course repetition actions of other accredited colleges and universities in determining acceptance of credits, subject to student petition to, and approval by, the Academic Records and Standards Committee.

Examples of Exceptions for Consideration of Course Repetition Limitations

An Academic Records and Standards petition must be filed for official consideration of course repetition. All petitions are subject to approval or denial. Contact the Admissions and Records Office for specific directions.

1. Student received an “MW” (Military Withdrawal).
2. Student’s previous grades are a result of documented extenuating circumstances beyond his/her control.
3. Cooperative work experience courses, subject to stated maximums, as provided in the College Administrative Procedures.
4. Certain activity or skill building courses, subject to stated maximums, as provided in College Administrative Procedures.
5. Certain classes for students with disabilities, subject to stated qualifications, as provided in College Administrative Procedures.
6. Repetition necessary for legally mandated training. Such courses may be repeated any number of times, regardless of whether or not substandard work was previously recorded, and the grade received each time shall be included for purposes of calculating the student’s grade point average.
7. After a significant lapse of time, a student may repeat a course in which a grade of “C” or better was received if the course is required by the district as a properly established recency prerequisite or another institution of higher education to which the student is seeking to transfer requires the student to have taken the course more recently than the student’s last enrollment (Title 5, Sections 55040(b)(3), 55053).

PASS/NO PASS CLASSES

Classes offered on a non-optional pass/no pass basis only will be indicated on a student’s permanent record as a “P” grade (with unit credit) or “NP” grade (no units earned). This will not affect the student’s grade point average. Optional pass/no pass courses are designed to encourage students to explore courses in areas they feel they may have an interest. See page 29 for guidelines and a list of approved courses in each department.

OPEN ENTRY/OPEN EXIT CLASSES

All students should meet with the instructor as soon as possible after the start of the session to inquire about enrollment (unless otherwise noted). A student may enter these classes at any time during the session prior to the specific cut-off date for the individual classes. The courses may be completed within the session in whatever time is necessary for the student to finish the course requirements.

DIRECTED STUDIES

Any student interested in pursuing independent projects on an individual basis for one or two units should contact a faculty member to determine if he/she is available to sponsor a directed studies project. Students may enroll in these classes only through the second week and with the authorization to enroll in Directed Studies. Form must be signed by both the instructional dean and the faculty member conducting the Directed Studies.

WORK EXPERIENCE

Students may register for Cooperative Work Experience only through the second week of classes. Only a reduction of hours may be made after the first week.

PREREQUISITES, COREQUISITES, RECOMMENDATIONS AND PREREQUISITE CHALLENGE PROCEDURE

Please see “Prerequisites” in the Cerritos College Catalog.

DEFINITION OF A CLASS HOUR

At Cerritos College a class hour is defined as 50 minutes. Classes scheduled for more than an hour follow formulas to stay close to this definition. For example, a class scheduled from 6:00 to 7:30 p.m. (90 minutes) actually meets for 80 minutes, allowing for a 10 minute passing period. Longer class meeting patterns have required breaks. Cerritos College follows these time patterns.

ACADEMIC INFORMATION

WITHDRAWALS [TITLE V, SECTION 58004 (C) (3)]

Pursuant to Title 5, section 58004 and Cerritos College Board Policy, it is the student's responsibility to participate fully in class (es), once enrollment is complete. However, should it become necessary to withdraw from class, it is the student's responsibility to drop in person in the Admissions and Records Office or through MyCerritos.

THE ULTIMATE RESPONSIBILITY OF WITHDRAWAL FALLS TO THE STUDENT.

How to officially withdraw after enrollment ends:

Complete an Add/Drop card (available in the Admissions and Records Office) or for a faster response, use MyCerritos (<http://my.cerritos.edu>). Retain an updated printout for your records.

ALL WITHDRAWALS MUST BE COMPLETED BY THE LISTED DEADLINES. FAILURE TO OFFICIALLY WITHDRAW FROM CLASS(ES) MAY RESULT IN AN "F/FW" GRADE FOR EACH CLASS. SEE THE "Session Dates and Deadlines" for specific deadlines.

WITHDRAWAL RESULTING IN PROGRESS PROBATION AND/OR GRADES RESULTING IN ACADEMIC PROBATION FOR TWO CONSECUTIVE TERMS CAUSE LOSS OF ENROLLMENT PRIORITY, WITH CERTAIN EXCEPTIONS, AND ARE SUBJECT TO APPEAL.

PROBATION

A. Academic Probation

Students who have attempted at least twelve (12) semester units as shown by the official academic record shall be placed on academic probation if the students have earned a grade point average below 2.0 in all units undertaken at Cerritos College.

B. Progress Probation

Students who have enrolled in a total of at least twelve (12) semester units as shown by the official academic record shall be placed on progress probation when the percentage of all units at Cerritos College which the students have attempted and for which entries of "W," "I," and "NP" are recorded reaches or exceeds 50 percent.

Probation is entered on the student's permanent records and transcripts of record. Students placed on academic or progress probation will be notified by mail at the address listed on the official college record.

Probation Clearance:

A. Academic Probation Clearance

Students may clear academic probation by earning sufficient grade points to raise the cumulative grade point average to 2.0 or higher in the next semester of attendance. Probation status is not cleared by one semester of 2.0 GPA if it does not raise the cumulative GPA to 2.0 or higher.

B. Progress Probation Clearance

Students may clear progress probation by decreasing the percentage of "W," "I," or "NP" entries to less than 50 percent of all units in which the students have attempted.

Appeals:

Appeals of the loss of enrollment priority must be submitted on the Enrollment Priority Appeals Petition available on the Admissions and Records website. Automatic clearance is provided to students who achieve Significant Academic Achievement as defined in regulations.

ADD/DROP PROCEDURES

If you wish to change your class schedule, please follow the steps below:

• Classes may be added via **MyCerritos, Student Center** (<http://my.cerritos.edu>).

To add a closed class, go to class on the first day and time that it meets; be on time. Respectfully request of the instructor(s) to be added to the class(es); if the instructor approves, an electronic enrollment will be submitted on your behalf to the Admissions and Records Office. Note that prerequisites, holds/service indicators (SI), conflicts, and illegal course repetition will be checked. Refer to the "Fee Payment Deadline Calendar" on page 22 for payment deadlines. Check your student account via **MyCerritos, Student Center** (<http://my.cerritos.edu>) or in the **Admissions and Records Office**. All enrollments must be completed by the listed add deadlines.

• Classes may be dropped via **MyCerritos, Student Center** (<http://my.cerritos.edu>). Be mindful of deadline dates for refunds and posting of "W's" to transcripts.

LEVEL/SECTION CHANGES

Level/section changes must be processed in person. Program changes which involve level changes in skill and performance classes may be made by the add deadline. Students may also make level changes in Work Experience classes by the add deadline, but only a reduction of hours may be made after the add deadline.

Section changes may not be made between terms or semesters. A student may not drop a first six/eight week course and then enroll in a second six/eight week course by executing a section change. The student is required to officially drop the first six/eight week class and then pay the appropriate fees to be enrolled in the second six/eight week class. The money will not transfer from one term to another if the drop is processed outside of the refund date.

WHAT CERRITOS COLLEGE OFFERS

- Freshman and sophomore level course work transferable to four-year colleges and universities.
- Vocational/Technical courses designed to prepare for immediate employment.
- General education course work designed for academic, cultural, and educational enrichment.

DEADLINES

Throughout the enrollment process (including class petitioning), certain deadlines are necessary in order to comply with state attendance laws and must be followed by all students. Failure to comply with these guidelines may mean that the student will not be enrolled and will not receive credit for or be allowed to attend classes. Stated deadlines are not adjusted due to late enrollment.

RETURNED CHECK POLICY

Personal checks are not accepted for payment of tuition, fees, and other costs. If a check is accepted for another purpose, a \$25 fee will be charged on all returned and stop payment checks. All fees are subject to change without notice in accordance with action taken by the Board of Trustees. Under state law, including California Civil Code 1719, any person who writes a check which is dishonored for lack of funds is civilly liable, and under the law is liable for at least \$100 or three times the amount of the check plus additional costs.

ACADEMIC INFORMATION (CONTINUED)

FAILURE TO PAY FINANCIAL OBLIGATIONS

Failure to pay a financial obligation will result in an administrative withholding of grades, transcripts, diplomas or enrollment privileges or any combination thereof. The item or items being withheld shall be released when the financial obligation has been met. (California Code of Regulations, Title 5, Section 59410)

AUDITING OF COURSES

Auditing courses is permitted at Cerritos College. An auditor is a student who attends a course or courses for no credit or notation on an official transcript. Auditing may be available, pending signed permission, for any student who wishes to attend a course for information, review purposes or skill building. Students wishing to audit should be aware that audited courses will NOT appear on the official transcript.

1. Students may not audit a course unless he/she has **exhausted all possibilities to take the course for credit**.
2. If criteria is met, permission to audit a course is granted at the discretion of the instructor. Signature of both the instructor and division dean are required.
3. With the instructor's and division dean's signed permission, a student may submit the audit form to the Admissions and Records Office anytime during the semester after the first class meeting.

4. An auditor may be allowed to elect credit in lieu of audit **prior** to the end of the **5th week** of school for a semester length course or **prior** to 30% of a course for a short-term course, **with the instructor's written permission**. No refund of audit fees will be available and all credit fees must be paid in full at the time of credit election.
5. A credit student may be allowed to elect audit status in lieu of credit **prior** to end of the **5th week** of school for a semester length course or **prior** to 30% of a course for a short-term course, **with the instructor's written permission**. No refund of credit fees will be available after the refund deadline and all audit fees must be paid in full at the time of audit election.
6. Credit students have priority over auditing students. If a course closes after an auditor has been admitted, the auditor may be asked to withdraw to make room for a credit student. Instructor discretion is strongly recommended.
7. The fee to audit a class is \$15.00 per unit (in addition to the student fees). Students enrolled in 10 or more units can audit 3 units free (may be 3 one-unit classes). The \$15.00 per unit audit fee will automatically be charged if the student drops below 10 units.

For additional information regarding auditing, students may make inquiries at the Counseling Office, Office of Academic Affairs, division office, or the Admissions and Records Office. Audit forms may be obtained in the Admissions and Records Office.

CREDIT BY EXAM CLASSES

Occasionally a student may feel that he/she can earn credit for a certain course by taking a special examination. The student may have gained proficiency through work experience, travel, or independent study. In these cases, a student may petition to receive unit credit by taking an exam prepared by the department. For more information, contact your counselor.

Credit by Examination will not be offered this semester by the Modern Languages Department.

The following courses have been designated by the divisions as those which may be taken for credit by examination:

PASS/NO PASS CLASSES

The option to enroll in a pass/no pass class is designed to encourage students to explore courses in areas they may feel they have an interest. Only these courses listed specifically for pass/no pass may be taken on this basis. Units thus earned may be counted toward the A.A. degree, but grade points are not assigned to pass/no pass grading symbols.

Courses approved for pass/no pass will be indicated on the student's permanent records as "P" with units earned and no grade points; or "NP" with no units earned and no grade points. Units attempted for which "NP" is recorded shall be considered in probation and dismissal procedures. The student is required to take all tests, complete all assignments, and shall be subject to all withdrawal and attendance regulations. Standards of evaluation are identical for all students. Please refer to the college catalog for additional information.

COURSE REPEATABILITY

Effective Fall 2013, repeatability in Dance, Drama, Physical Education, Visual Arts, and most Music courses has been changed. Intercollegiate Athletics and some Music and Theater courses that are required for transfer programs are the only courses in these disciplines that will remain repeatable; all other courses previously offered as repeatable will be offered as single enrollment courses. There will be a notation after the course description if the course is allowed to be repeated.

The college has developed Families of Courses. The Families of Courses include old and new courses related in content (see below for Families of Courses listed by Department). A family of courses may consist of more than four courses, but students are limited to a maximum of four courses in any family. Further, all grades, including “W”s, will count toward the four-course enrollment limitation. Students can repeat Art, Dance, Drama, Music, and PE courses that are included in Families of Courses in which a grade of “NP”, “D”, or “F” was earned or a “W” was assigned; however, all enrollments count toward the four-enrollment maximum for each family of courses.

ATTENDANCE AND GRADING

ATTENDANCE

It is the responsibility of students to attend classes regularly and apply themselves to the college studies in which they are enrolled. When students have been absent due to illness, they should report to their instructor to explain the absence. **Students not in attendance or late for the first class meeting are subject to drop. Students who are absent in excess of 10% of the total class hours are subject to drop. Students who are absent during the course add period are subject to drop.** Certain academic and career technical education areas may have stricter attendance requirements. Listed below are two types of absences which permit the making up of work missed, provided that the work is of such a nature that it can be made up.

1. **AUTHORIZED ABSENCE:** For an approved educational field trip or school activity.
2. **EXCUSED ABSENCE:** For illness, injury, or quarantine.

NO CREDIT WILL BE GIVEN FOR A CLASS IN WHICH A STUDENT IS NOT OFFICIALLY ENROLLED. Students must attend the first class meeting or their names may be removed from the roll to allow another student seeking admission to enter. If a student is unable to attend the first class meeting, the instructor must be notified.

REMOVAL FROM CLASS

A student may be involuntarily removed from a course due to excessive absences, failure to meet prerequisite(s), or as a result of official disciplinary action. (California Code of Regulations, Title 5, Section 55003).

GRADING

Accomplishment in course work is indicated by the following symbols:

Symbol	Definition	Grade Point
A	Excellent	4
B	Good	3
C	Satisfactory	2
D	Passing, less than satisfactory	1
F	Failing (earned)	0
FW	Failing, due to lack of participation and failure to withdrawal	0
P	Pass (at least satisfactory, the equivalent of a "C;," units awarded not counted in GPA)	-
NP	No Pass (less than satisfactory or failing; units not counted in GPA)	-
I	Incomplete	-
MW	Military Withdrawal (without penalty)	-
W	Withdrawal	-
RD*	Report Delayed	-

* The RD symbol is used when there is a delay in reporting the grade of a student due to circumstances beyond the control of the student. It is a temporary notation to be replaced by a permanent symbol as soon as possible. RD shall not be used in calculating grade point averages.

INCOMPLETE

Students are not to re-enroll or audit a course in which a grade of "I" has been recorded. Incomplete academic work for unforeseeable, emergency, and justifiable reasons at the end of the term may result in an "I" symbol being entered in the student's record. The condition for removal of the "I" shall be stated by the instructor in a written record. This record shall contain the conditions for removal of the "I" and the grade assigned in lieu of its removal. This record must be given to the student with a copy on file with the Admissions and Records Office until the "I" is made up or the time limit has passed. A final grade shall be assigned when the work stipulated has been completed and evaluated, or when the time limit for completing the work has passed. The "I" may be made up no later than one year following the end of the term in which it was assigned. The "I" symbol shall not be used in calculating units attempted nor for grade points. A student may petition for a time extension due to unusual circumstances by completing a petition form from the Admissions and Records Office.

GRADE CHANGES

The determination of the student's grade by the instructor shall be final in the absence of mistake, fraud, bad faith, or incompetency. The correction of a grade given shall only be allowed for a request initiated within one year following the end of the term in which it was assigned. Exceptions to the one-year limit on grade changes may be requested by petition of the student in extenuating circumstances. A formal petition must be submitted to the Academic Standards Committee. Extenuating circumstances are verified cases of accident, illness, or other circumstances beyond the control of the students (Title 5, Section 55760, Board Policy 4231).

GRADE REPORTS

To view your grades, log in to your MyCerritos account and select Student Center, My Academics, Unofficial Transcript. Grades are not mailed to students.

To be eligible for federal and state financial aid funds (excluding the Board of Governors Fee Waiver), a student must make satisfactory academic progress. Students must complete their educational program within a maximum time frame of 150% of the published program's required units at Cerritos College. Unit Completion Requirement – Pace of Progress

Students are required to complete 70% of the units they have attempted. The cumulative units completed will be divided by the cumulative units attempted to calculate the pace of progress. All units are considered in his calculation. Units for which a grade of W, I, NP, NC, and/or F was received are considered as units attempted, but not completed.

ENGLISH

Traditional 18-Week Writing Class Sequence

Paired 9-Week Writing Class Sequence

Depending on the results of your writing placement test, it could take as many as **4 18-week semesters** or two years to complete all four writing classes. English 100 is required for transfer and A.A. degrees. English 103 meets admission requirements for many universities.

If you select 9-week paired writing classes, it could take **2 semesters instead of 4** to complete your requirements. 9-week classes have longer class meetings and are more intensive, but they also allow you to complete your writing requirements more quickly.

Students may choose either single stand-alone writing classes or paired 9-week writing classes that run back-to-back in a single semester. Students who register for a paired first 9-week English class will be automatically enrolled in the second 9-week English class that meets at the same time and day. This will allow students to complete the two courses in one semester and to move more quickly toward completion of English 100, the course required for the A.A. degree and transfer. Only students who intend to take both courses in one semester should enroll in these 9-week paired courses. **STUDENTS WHO DO NOT WISH TO TAKE BOTH CLASSES IN ONE SEMESTER SHOULD REGISTER FOR A SEPARATE 18-WEEK TRADITIONAL SECTION OF THE COURSE.**

If you place into English 20, you are also eligible to enroll in English 72, allowing you to complete the work of both English 20 and 52 in a single accelerated course. Students who pass English 72 will be able to move directly into English 100, Freshman Composition, the required college writing course for the A.A. degree and transfer.

ENGL 20 - 3.0 UNITS BASIC WRITING

Not Transferable

Prerequisite: Satisfactory completion of the English Placement Process or ENGL 15 or ESL 200 or equivalent with a grade of Pass or "C" or higher.

ESL CORE COURSES

ESL core classes emphasize grammar, reading, and writing. Our core courses prepare non-native English students who plan to get a certificate, AA degree, or take college-level courses. Students need to take the ESL Accuplacer test in the Assessment Center. Placement in a core course is based on the score of the assessment test. The Accuplacer test for native speakers of English may NOT be substituted for placement in ESL core courses.

Students not in attendance or late for the first class are subject to drop.

MATHEMATICS

Cerritos College
Mathematics Department

Sequence of classes

*MATH 70 is a prerequisite for Math 105, 110A, 140 and above. Although it is not a prerequisite it is recommended for Math 115 and Math 116.

SEMI-INDEPENDENT SECTION (MANDATORY ORIENTATION AND ATTENDANCE FOR ALL SEMI-INDEPENDENT SECTIONS FIRST DAY)

Mathematics classes in LC-111 are SEMI-INDEPENDENT classes. These classes cover the same content as other Mathematics courses, but use an entirely different method of instruction. Instead of attending regular lectures, students read and learn the material on their own. Tutorial assistance is provided. Students take exams according to a schedule given out the first day of class at a mandatory orientation. These classes are recommended ONLY for students with a strong background in Mathematics who are independent learners. For students who experience Math anxiety or whose background in Mathematics is not strong, we recommend enrolling in a traditional lecture class.

CLASES GRATIS DE NO-CREDITO DEL COLEGIO

The following information will help you register for non-credit classes offered by Cerritos College. In non-credit classes students build the basic skills needed for personal and professional growth. Students in non-credit classes do not earn units toward the award of a credit degree or certificate, and are not required to pay registration fees for these courses. Instruction in English as a Second Language, General Education Development, Assessment Preparation, Citizenship and other basic skills are offered within the non-credit Adult Education unit. Some classes are offered in both English and Spanish. Most non-credit classes take place off-campus at community sites. Classes for students with disabilities require a separate registration process.

Lo siguiente le ayudará a matricularse para clases de no-crédito del Colegio de Cerritos. En las clases de no-crédito, los estudiantes mejoran sus habilidades académicas básicas necesarias para el desarrollo personal y profesional. Las clases de no-crédito no se aplican para título o certificado en los programas de credito. Se ofrecen clases de Ingles como Segundo Idioma, Diploma de Preparatoria, Preparación de Evaluación, Ciudadanía, y otras clases de habilidades académicas. La mayoría de las clases de no-crédito se ofrecen en sitios distintos de la comunidad. Clases para estudiantes con discapacidades requieren de una matriculación aparte.

LEARNING COMMUNITIES (CONTINUED)

FIRST YEAR EXPERIENCE TRACK:

The First-Year Experience Program (FYE) is a special part of the Learning Community Program (see detailed information below). FYE is designed to provide students with a strong start in college. Students who are interested in this program should check the Internet at www.cerritos.edu/lcp and click the FYE link for additional information.

To enroll in the FYE Program, students are required to submit a signed contract and proof that course prerequisites have been met to the Learning Community Center located in the South Administration Building. LC Center hours are Monday-Thursday, 8 a.m. – 4:30 p.m. All FYE students are required to attend an information session and orientation on **Thursday, January 8, from 5-7 p.m. in LC 155**. Students will meet their instructors and classmates. They will also receive important information about their classes, parking, and books.

To qualify for full-time status, FYE students will need to enroll in an additional course(s) to complete the full schedule of 12 units. This requirement may be met by adding mathematics, reading, or another G.E. course(s). Recommendations for courses to take in addition to each House are listed below.

LEARNING COMMUNITIES (CONTINUED)

LEARNING COMMUNITIES CLASSES

Learning communities involve the intentional creation of class pairs or clusters around a common theme, public issue, or question. Typically, the same group of students is co-enrolled in two or more courses, usually from different disciplines—for instance, history and art, English and career guidance, political science and philosophy. Students enroll in both courses but receive a separate grade for each one.

Courses include an integrated assignment that encourages students to gain a deeper understanding of each course, even as they discover connections between the two. Classroom activities, tests, assignments, field trips, research projects, and educational technology are used to engage students in their own learning, as well as provide them with valuable “real-world” skills.

Perhaps more importantly, the learning community model promotes student-centered learning, with an emphasis on an enriched classroom environment. It promotes greater intellectual growth and genuine mastery of course content through collaborative activities, frequent feedback, and increased student-teacher and student-student interactions. Traditional lecturing is minimized; active learning and thoughtful integration of content are maximized.

Research indicates learning communities promote student achievement, retention, and progress toward degree completion. Faculty benefit from professional development and training, fresh approaches to teaching, and collaboration with colleagues.

WHAT ARE THE BENEFITS OF JOINING A LEARNING COMMUNITY?

- Smooth your transition into college
- Meet other students and form lasting friendships
- Reinforce learning in one class while working on projects in the other
- Learn how to choose your major and reach your academic goals sooner
- Graduate or transfer to a four-year college or university sooner
- Increase your learning and earn better grades

ARE LEARNING COMMUNITY COURSES TRANSFERABLE?

Many of the courses are transferable to CSUs and UCs. See the Schedule of Classes or the Cerritos College Catalog to check specific courses.

WHAT ARE THE REQUIREMENTS TO ENROLL?

The only requirement is that you must enroll in all the courses listed for that Learning Community. The prerequisites are listed in the Cerritos College Catalog and must be met prior to enrollment.

ARE LEARNING COMMUNITY COURSES MORE DIFFICULT?

No, you will not be required to do more work than if you took the two classes separately. In fact, by taking the courses in a learning community, you may find that material is easier to understand.

HOW WILL LEARNING COMMUNITY COURSES BE LISTED ON MY TRANSCRIPT?

Your transcript will reflect the classes as separate courses.

LEARNING COMMUNITIES PROGRAM WITHDRAWAL POLICY

When a student enrolls in a group of two or more courses as part of a learning community or FYE House, he or she **MUST MEET THE PREREQUISITE(S)**, if there are any, for **EACH** course in the combination. Students enrolled in one section of a course that is part of a learning community must be enrolled in all other courses in that group. If one course is dropped, the student **MUST** and **WILL BE DISENROLLED** from all other courses in that learning community. **THERE ARE NO EXCEPTIONS TO THIS POLICY.**

QUESTIONS

If you have questions about the Learning Communities Program (LCP), please call (562) 860-2451, ext. 2782, or stop by the LCP Center located in the South Administration Building.

DISTANCE EDUCATION PROGRAM

ONLINE COURSES

For complete course descriptions, see the regular course listings in the schedule of classes.

WHAT IS DISTANCE EDUCATION?

Distance education takes place when a teacher and students are separated by physical distance and technology. In place of traditional classroom delivery, voice, video, data, and print are used to bridge the instructional gap. Cerritos College offers online and hybrid courses. All courses carry full academic credit and their content is equivalent to what you would receive in a more traditional mode of delivery.

WHAT SKILLS ARE REQUIRED FOR ONLINE LEARNING?

In order to support student success in online classes, students and faculty should be aware of core skills and expectations that promote student achievement in an online learning environment. For students who are interested in taking an online class for the first time, please refer to the Student Success Center in the LRC for assistance, or contact the instructor of the course directly.

Necessary Student Skills:

1. Basic computer skills (send and receive e-mail and attachments; download files; fundamentals of file management; search and navigate the Internet using a browser)
2. Awareness of institutional support services (Student Success Centers)
3. Successful completion of prerequisite coursework
4. Organizational skills
5. Reading comprehension
6. Writing skills
7. Communication skills
8. Time-management skills
9. Proficiency in any adaptive computing software/hardware needed to access the online course material when there is a disability-related barrier
10. Recommended completion of online orientation (such as EDT 50) or equivalent preparation
11. Familiarity with college course management system (such as TalonNet)

Student Learning Expectations:

1. Motivated and focused
2. Awareness of online expectations, environment and workload
3. Autonomous, self-motivated learner
4. Positive attitude toward technology
5. Intention to complete the course
6. Ability to work independently
7. Ability to work as a group member
8. Having the confidence to follow directions and to ask for assistance

Before registering for any online course, you should make sure that you have proficient skills in basic computing, web browsing, e-mail, and word processing. Your instructor will not teach these skills as part of the course content. If you do not possess these skills, you may want to enroll in EDT 50, Preparation for Online Learning, or CIS 101, Introduction to Computer Info Systems.

WHAT ARE THE TYPES OF ONLINE INSTRUCTION?

Online courses occur online. Some instructors may require on-campus attendance for orientation, test-taking, or to satisfy other course requirements. Access to email and the Internet are required to complete work using email, chat rooms, discussion boards, and other instructional tools. Online courses are designated as OL in the published class schedule.

Hybrid courses include the combination of traditional in-class instruction with computer-based learning and other instructional technologies. Therefore, students will be required to attend on-campus meetings as scheduled by the instructor, as well as complete work using email, chat rooms, discussion boards, and other instructional tools. These courses are designated as HYBRID in the published class schedule.

ENROLLING IN AN ONLINE COURSE?

Students enroll in online sections in the same manner as regular classes. Consult the general enrollment procedures in this schedule for more information.

ACCESSING ONLINE AND HYBRID COURSES:

Once you are enrolled in a class, go to the TalonNet website, <http://talonnet.cerritos.edu>, and log on with your username and password.

Username: This is your 7-digit student ID number. Example: John Smith, ID #1234567.

Password: Your initial password is your 6-digit date of birth in the "mmddy" format. Example: John Smith's date of birth is May 30, 1990. His password would be 053090.

MANDATORY ORIENTATION:

There is also an online general orientation for all online courses. Go to www.cerritos.edu/de. Some instructors give on campus orientations. Check course listings for information. **You must attend the orientation and/or contact your instructor prior to the 1st week of class or you will be dropped.** If the orientation for an online class conflicts with a class that meets on campus, you must attend the on campus class and notify the online instructor about the conflict in advance.

SEXUAL HARASSMENT

It is the policy of the Cerritos Community College District to provide an educational, employment, and business environment free of unwelcome sexual advances, requests or offers for sexual favors, and other verbal or physical conduct or communications constituting sexual harassment, as defined and otherwise prohibited by federal and state statutes and Board Policy.

The Board of Trustees and the President-Superintendent have provided regulations and procedures to implement this policy and the regulations and procedures are included as a part of the District's Equal Employment Opportunity Plan and Board Policy.

It is a violation of Board Policy for anyone who is authorized to recommend or take personnel or academic actions affecting an employee or student, or who is otherwise authorized to transact business or perform other acts or services on behalf of the Cerritos Community College District, to engage in sexual harassment as defined in Board Policy or as described below.

Sexual harassment occurs when unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature takes place and:

1. Is made explicitly or implicitly a term or condition of an individual's educational status or employment; or
2. Is used as a basis for educational or employment decisions affecting such individual; or
3. Has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive educational or working environment; or
4. Is used as the basis for any decision affecting the individual regarding benefits, services, honors, programs, or activities available at or through the District.

Informal and formal complaints under this policy shall be processed through the District's Administrative Procedure 3435, Discrimination and Harassment Investigations, through the Director of Diversity, Benefits, and Compliance. The District's Policies and Procedures are available on the website at <http://cms.cerritos.edu/board/policies>.

POLICY ON SEXUAL AND OTHER ASSAULTS

Cerritos College is committed to providing a safe and secure environment for all members of the campus community. Board Policy 3540, Sexual and Other Assaults on Campus, conforms with relevant State and Federal Laws. Sexual assault and acquaintance rape are crimes and will be treated as such. Any student or employee who becomes a victim of sexual assault or acquaintance rape is encouraged to report the crime immediately to Campus Police. The District is dedicated to providing prompt and compassionate services to all crime victims. In the event of an incidence of sexual assault or acquaintance rape, Student Health Services will provide support services and direction. The phone number for Student Health Services is (562) 860-2451, ext. 2321. The Chief of Campus Police will notify the President-Superintendent of all reports of sexual assault and/or acquaintance rape.

Please see Board Policy 3540 and Administrative Procedure 3540, Sexual and Other Assaults on Campus, for more information. This Policy and Procedure are on the Board Policy webpage at: <http://cms.cerritos.edu/board/policies>.

NOTIFICATION OF RIGHTS UNDER FERPA

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

- 1) The right to inspect and review the student's education records within 45 days of the day the College receives a request for access.

A student should submit to the registrar or designee a written request that identifies the record(s) the student wishes to inspect. The registrar will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the registrar, the registrar shall advise the student of the correct official to whom the request should be addressed.

- 2) The right to request the amendment of the student's education records that the student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

A student who wishes to ask the College to amend a record should write the registrar, clearly identify the part of the record the student wants changed, and specify why it should be changed.

If the College decides not to amend the record as requested, the College will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

- 3) The right to provide written consent before the College discloses personally identifiable information from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

The College discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by the College in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the College has contracted as its agent to provide a service instead of using College employees or officials (such as an attorney, auditor, or collection agent); or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the College. The College may also disclose education records without consent to officials of another school in which a student seeks or intends to enroll.

- 4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the College to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-5901

DIRECTORY INFORMATION

Cerritos College will not release personal data about students without their prior written consent except to persons and agencies authorized by law. The college may make an exception to legitimate inquiries, by providing general directory information to include: name • major field of study • class level • dates of attendance • degrees and awards received • participation in officially recognized activities and sports • weight and height of members of athletic teams, and • previous educational institutions attended.

STUDENT RECORDS CONSENT

Cerritos College may permit access to student records to any person for whom the student has executed written consent specifying the records to be released and identifying the party or parties to whom the records may be released. Such consent must be signed and dated by the student. The recipient must be notified that the transmission of the information to others is prohibited. Title 5 (California Administrative Regulations) Sec. 54616.

WITHHOLDING OF STUDENT RECORDS

Student records may be withheld pending satisfaction of certain requirements, per Board Policy and Administrative Procedure 5035.

GENERAL EDUCATION REQUIREMENTS FOR THE ASSOCIATE DEGREE AND FOR TRANSFER TO THE CALIFORNIA STATE UNIVERSITY AND UNIVERSITY OF CALIFORNIA

Requirements for the Associate in Arts (A.A.) Degree at Cerritos College can be met in one of three different ways: Plan A, B or C.

PLAN A is designed primarily for those students interested in preparing for a vocational career upon graduation. Plan A may also be used by university transfer students and for students in vocational majors who may possibly wish to transfer in the future. However, there are courses listed under Plan A that are not transferable for general education credit to the four-year universities. Therefore, students wishing to use this option should see a Cerritos College counselor for advice in selecting the A.A. General Education plan that in combination with a major will best match their educational and career goals. Please see the Plan A degree description page for further details.

PLAN B is designed primarily for students who will transfer to a California State University (CSU) campus and are not interested in attending a University of California campus. Students may use this plan to combine completion of both the Associate in Arts general education requirements, and the California State University (CSU) General Education Certification pattern. Students should see a counselor for advice on selecting the A.A. General Education plan that in combination with a major will best match their educational and career goals. Please see the Plan B degree description page for further details.

PLAN C is designed primarily for students who intend to transfer to the University of California (UC), or who are undecided between transferring to the University of California or the California State University. Students may use this plan to combine completion of both the A.A. degree general education requirements and the Intersegmental General Education Transfer Curriculum (IGETC) requirements. Plan C may not be recommended for some majors at certain CSU or UC campuses. Please see the Plan C description page for further details.

The significant differences between Plan A, Plan B and Plan C are:

Plan A requires the completion of a minimum of 18 units of identified general education courses and requirements and a minimum of 18 units of specified “major” courses, proficiency requirements and electives, if necessary, to total a minimum of 60 degree applicable units.

Plan B requires a minimum of 39 units of identified CSU general education courses and requirements plus specified major courses, the health and wellness proficiency requirement, and elective courses, if necessary, for a minimum of 60 degree applicable units.

If a student only wishes to transfer at an upper division level and is not seeking an A.A. degree, a minimum of 60 CSU transferable units is required (see transfer requirements for CSU and your counselor).

Plan C requires a minimum of 34 (UC) or 37 (CSU) units of identified general education courses and requirements plus specified major courses, the health and wellness proficiency requirement, and electives, if necessary, to total a minimum of 60 degree applicable units.

If a student only wishes to transfer at an upper division level and is not seeking an A.A. degree, a minimum of 60 UC transferable units is required (see IGETC, UC transfer requirements, and your counselor).

There are important differences among the three plans. In order to select the plan that best meets each individual’s AA and transfer goals, students should see a Cerritos College counselor.

GENERAL EDUCATION REQUIREMENTS FOR THE ASSOCIATE DEGREE AND FOR TRANSFER TO THE CALIFORNIA STATE UNIVERSITY

Associate in Arts Degree General Education 2014-15 Plan B and/or The General Education Certification Requirements For The Bachelor's Degree At The California State University

Plan B is designed primarily for students who will transfer to a California State University (CSU) campus and are not interested in attending a University of California campus. Students may use this plan to combine completion of both the Associate in Arts general education requirements and the CSU General Education Certification pattern. Students should see a counselor for advice on selecting the AA General Education plan that in combination with a major will best match their educational and career goals.

To earn an Associate in Arts Degree using Plan B, students must complete a minimum of 60 degree applicable units with an overall grade point average of "C" (2.0) or higher, which must include the specified general education requirements and designated courses for a major. The Health and Wellness Proficiency requirement must be completed (see description in Plan A).

If a student wishes only to transfer and is not seeking an A.A. degree, they can follow the requirements below. However, there are no proficiencies required for CSUGE certification.

It should be noted that completion of the CSU General Education Certification is not required for admission to the CSU nor is it the only way to fulfill the lower division general education requirements. Depending upon the student's major, it may be advantageous to complete the requirements of the specific campus the student plans to attend.

GENERAL EDUCATION REQUIREMENTS FOR THE ASSOCIATE DEGREE AND FOR TRANSFER TO THE CALIFORNIA STATE UNIVERSITY AND UNIVERSITY OF CALIFORNIA

Associate in Arts Degree General Education 2014-15 Plan C and/or The Intersegmental General Education Transfer Curriculum (IGETC) For Transfer To UC And CSU

Plan C is designed primarily for students who intend to transfer to the University of California (UC) or are undecided between transferring to the UC or the California State University (CSU). Students may use this plan to combine completion of both the AA Degree general education requirements and the IGETC General Education requirements.

The purpose of IGETC is to provide an option for students to fulfill lower division general education requirements prior to transferring to a UC or CSU campus.

Depending upon the student's major and campus choice, it may be advantageous to complete the requirements of the specific campus the student plans to attend. In general, it is not advisable for transfer students preparing for majors at any UC campus requiring a high number of units, such as engineering and science, to use IGETC.

Plan C can be fulfilled by completing the IGETC requirements specified for either the UC or CSU.

A letter grade of "C" or higher is required in all Plan C courses.

To earn an Associate in Arts degree using Plan C, students must complete a minimum of 60 degree applicable units with a grade point average of "C" (2.0) or higher which must include the specified general education requirements and designated courses for a major. The Health and Wellness Proficiency requirement must be completed (see description in Plan A).

If a student wishes only to transfer and is not seeking an A.A. degree, they can follow the requirements below. There are no proficiencies required for IGETC certification.

It should be noted that completion of IGETC is not required for admission to the UC or CSU.

Further information and other regulations pertaining to IGETC and the Associate in Arts Degree are found in the catalog.

STATEMENT OF STUDENT RIGHTS AND RESPONSIBILITIES PREAMBLE

The community college exists for the transmission of knowledge, the pursuit of truth, the development of students, and the general well-being of society. Free inquiry and free expression are indispensable to the attainment of these goals. As members of the academic community, students should be encouraged to develop the capacity for critical judgment and to engage in a sustained and independent search for truth and knowledge.

Freedom to teach and freedom to learn are inseparable facets of academic freedom. The freedom to learn depends upon appropriate opportunities and conditions in the classroom, on the campus, and in the larger community. Students should exercise their freedom with responsibility so as not to endanger the rights, goals, and beliefs of other students.

Cerritos College is open to all qualified students regardless of national origin, religion, age, gender, gender identity, gender expression, race or ethnicity, color, medical condition, genetic information, ancestry, sexual orientation, marital status, physical or mental disability, pregnancy, or because he or she is perceived to have one or more of the foregoing characteristics, or based on association with a person or group with one or more of these actual or perceived characteristics, or any other status protected by law in person or in an online environment and, when the victim or victims are associated with the District, whether or not the location is associated with the District.

CLASSROOM RIGHTS AND RESPONSIBILITIES

The professor in the classroom and in conference should permit free discussion, inquiry, and expression of thought by the student. Student performance should be evaluated solely on an academic basis, not on opinions or willingness to accept professors' personal beliefs, or conduct unrelated to academic standards. Students should be free to take reasoned exception to the data or views offered in any course of study for which they are enrolled and for maintaining standards of academic performance established for each course in which they are enrolled. The student has the right to have the course taught in a systematic, meaningful manner and to know at the beginning of the course those academic standards required of the student in the course.

Administrative staff and faculty members should respect confidential information about students, such as student views, beliefs and political associations, that is acquired in the course of their work. Transcripts of academic records should contain only information about academic status.

ON THE CAMPUS RIGHTS AND RESPONSIBILITIES

Students should be free to examine and discuss all questions of interest to them, and express opinions publicly and privately. They should be

free to organize and join associations to promote their common interests. The membership, policies and actions of a student organization will be determined by vote of only those persons who hold bona fide membership in that college organization. Campus advisors shall advise organizations in the exercise of their rights and responsibilities.

Student organizations shall be required to submit a statement of purpose, criteria for membership, rules of procedures, a current list of officers, and the advisor shall certify the list of verified members. Campus organizations should be open to all students.

Students and student organizations should be free to support causes by orderly means which do not disrupt the regular and essential operation of the college. Student organizations shall have the right to recommend, invite, and hear any person of their own choosing as long as such speakers and topics are in accordance with federal, state and local laws, and guarantee the safety of students and protection of public property. Guest speakers invited by students or student organizations should be subjected only to those policies, requirements, and regulations as established by the Board of Trustees in order to insure an appropriate and meaningful contribution to the academic community. It should be made clear to the academic community and the larger community that the public expressions of students, student organizations and guest speakers speak only for themselves.

As constituents of the academic community, students should be free, individually and collectively, to express their views on issues of institutional policy, instruction, the evaluation of professors as it pertains to their course content, and on matters of general interest to the student body.

IN THE LARGER COMMUNITY

College students are both citizens and members of the academic community. As citizens, students should enjoy the same freedom of speech, peaceful assembly, and right of petition that other citizens enjoy. As citizens, they should be subject to civil law as others and may incur penalties prescribed by civil authorities when violating these laws. Only where the college's interest as an academic community are distinct and clearly involved should the special authority of the college be asserted.

STUDENT PUBLICATIONS

Student publications and the student press perform the traditional roles of informing, entertaining, and influencing. They are both instructional and informational, and as such should meet the highest academic and professional standards in serving the broad college community and should set forth as the primary goal of the student newspaper the coverage of news events, happenings, and experiences on the college campus.

Associated Student Body, administrative and academic authorities, in consultation with students and advisors have the responsibility to define and clarify the role of student publications, and the standards to be used in their evaluation.

They must also assure that both academic freedom and editorial freedom are protected and exercised so that the integrity of the student publications program and the free press will not be compromised.

It is incumbent upon student editors and managers to act according to the highest ethics of responsible journalism. This corollary responsibility includes careful adherence to the laws of libel and good taste, and such considerations as the avoidance of indecency, undocumented allegations, attacks on personal integrity, and the techniques of harassment and innuendo, and should allow adequate space for rebuttal and differing views in regard to articles in which there is some controversy.

STUDENT SERVICES AND POLICIES

Safeguards to assure freedom of the student press with responsibility should include freedom from censorship or arbitrary control of the press, and protection of editors and managers from arbitrary attack, suspension, or removal because of disapproval of editorial policy or content by any external influence.

STUDENT GRIEVANCE PROCEDURES

A student of the College may address grievances as applied to and regarding academic, administrative, and instructional matters relating to students, and including, but not limited to, any grievance dealing with any academic or management employee of the District.

A grievance shall herein be defined as any act depriving a student of any of the rights set forth in the statement of "Student Rights and Responsibilities," or any state, federal, or local codes. Grades and grading grievances are not addressed within this administrative procedure. The student should refer to "Student Grade Grievance Procedure."

The determination of whether the Statement of Grievance presents sufficient grounds for a hearing shall be based on the following:

- The statement contains facts which, if true, would constitute a grievance under these procedures;
- The grievant is a student, which includes applicants and former students;
- The grievant is personally and directly affected by the alleged grievance;
- The grievance was filed in a timely manner;
- The grievance is not clearly frivolous, clearly without foundation, or clearly filed for purposes of harassment.

If the grievance does not meet each of the requirements, the Office of Student Conduct and Grievance or ASCC Chief Justice or designee shall notify the student in writing of the rejection of the request for a grievance hearing, together with the specific reasons for the rejection and the procedures for appeal.

GRIEVANCE PROCEDURE (EXCEPT GRADES AND GRADING, SEXUAL HARASSMENT, AND OTHER ILLEGAL DISCRIMINATION):

STEP I - INFORMAL ACTION

- A. The student with a grievance shall first attempt to resolve the matter by informal discussion with the employee(s) involved.
- B. If the problem is not resolved in step I-A, the student shall then attempt to resolve the matter by informal discussion with the person at the lowest level of supervisory authority for the person with whom there is a complaint.
- C. If the grievant still believes the issue has not been resolved satisfactorily after Step I-B, a student Statement of Grievance Form may be obtained from the Office of Student Conduct and Grievance. After completion of the Form, specifying the time, place, nature of the complaint and remedy or correction requested, it should be submitted to the Dean of Student Services who will send a copy of the written statement to the ASCC Supreme Court Chief Justice and the Vice President of Academic Affairs. This statement must be submitted within 30 instructional days after the grievant has become aware of the act or condition on which the complaint is based. An instructional day is defined as any day Monday through Friday that all normal college business is conducted, both in the classroom and administrative offices. All weekend days and college holidays are excluded.
- D. The ASCC Chief Justice or Court designee shall attempt to resolve the problem through informal meeting and discussion among the

pertinent parties while remaining neutral on all issues involved. This informal meeting and discussion is intended to include the levels of management or administration concerned with the problem and should be completed within ten instructional days, as such days are defined herein. In the event the informal procedure fails, the formal procedure may be implemented.

STEP II - FORMAL ACTION

A. PRELIMINARY STEPS

1. If the grievant does not believe the grievance has been resolved, the grievant may request Step II-Formal Action through the ASCC Chief Justice. The Chief Justice upon receiving the request of the grievant shall call a meeting of the Student Grievance Hearing Committee. The Hearing Committee will be composed in the following manner:
 - ASCC Chief Justice or designee and two Court Justices or designees,
 - the Vice President of Academic Affairs or administrative designee,
 - the Faculty Senate President or Senate designee, and
 - one Faculty Senate member, chosen by the Faculty Senate.

If replaced per section II.A.5. herein, the ASCC Chief Justice or designee or Court Justices or designees substitute(s) shall be appointed by the ASCC Court.

2. The Chief Justice or designee shall serve as the Hearing Committee Chair, but shall have no vote in committee decisions. The five voting members of the Hearing Committee may be selected within the first six weeks of the academic year. Names selected by the Faculty Senate are to be submitted to the Chief Justice. Members of the Committee are to serve for an academic year.
3. The Vice President of Academic Affairs or administrative designee shall serve as Hearing Committee Executive Secretary. The Executive Secretary, a voting member of the committee, shall be responsible for keeping necessary records of committee hearings and assist the ASCC Chief Justice in the conduct of the hearing.
4. Grievance Committee members are to deal with all grievances in a confidential manner, except when both parties agree to a public hearing or otherwise required by law.
5. No person shall serve as a member of a Hearing Committee if that person has been personally involved in any matter giving rise to the grievance, has made any statement on the matters at issue, or could otherwise not act in a neutral manner. Any party to the grievance may challenge for cause any member of the hearing committee prior to the beginning of the hearing by addressing a challenge to the Hearing Committee Chair, who shall determine whether cause for disqualification has been shown. If the Hearing Committee Chair determines that sufficient grounds for removal of a member of the committee have been presented, the Hearing Committee Chair shall remove the challenged member or members and request a substitute from the original appointing constituent group.

B. FORMAL HEARING

The Hearing Committee shall conduct its proceedings according to the following procedures:

1. The Hearing Committee must meet within 15 instructional days after informal action has been completed and the grievant has requested a formal hearing.

STUDENT SERVICES AND POLICIES

2. The Chair must notify the parties involved within five instructional days before the hearing of the date, time, and location of the hearing and must include a copy of the written complaint, a copy of the Statement of Student Rights and Responsibilities, and copy of the Grievance Procedure.
3. Four members shall constitute a quorum by which Hearing Committee business may proceed. The quorum must include at least one student member, one faculty member, and one administrative member.
4. The members of the Hearing Committee shall be provided with a copy of the grievance and any written response provided by the respondent before the hearing begins.
5. Both parties shall have the right to present personal statements, testimony, evidence, and witnesses. Formal rules of evidence shall not apply. Any relevant evidence shall be admitted. Unless the Hearing Committee determines to proceed otherwise, each party to the grievance shall be permitted to make an opening statement. Thereafter, the grievant or grievants shall make the first presentation, followed by the respondent or respondents. The grievant(s) may present rebuttal evidence after the respondent(s)' evidence. The burden shall be on the grievant or grievants to prove by substantial evidence that the facts alleged are true.
6. Each party shall have the right to be present, to be accompanied by the person of his or her choice (who may not participate in the hearing), and to question witnesses who are present. In a closed hearing, witnesses shall not be present at the hearing when not testifying, unless all parties and the committee agree to the contrary.
7. The hearing shall be recorded by the Dean of Student Services, either by audio recording or stenographic recording, and shall be the only recording made. No witness who refuses to be recorded may be permitted to give testimony. The audio or stenographic recording shall remain in the custody of the District, at all times, unless released to a professional transcribing service. Any recognized party to the grievance may request a copy of the recording.
8. The Hearing Committee Chair shall, at the beginning of the hearing, ask each person present to identify themselves by name, and thereafter shall ask witnesses to identify themselves by name.
9. The Hearing Committee shall discuss the stated grievance(s), hear testimony, examine witnesses, and receive all available evidence to the charge.
10. The hearing shall be closed to the public unless otherwise agreed upon in writing by both parties.
11. The Hearing Committee shall make decisions in private. The Hearing Committee shall write up findings and decisions. Copies of findings and decisions, including majority and minority reports, are to be sent to each party and the appropriate Vice President. The Hearing Committee's decision(s) shall be final unless appealed.
12. A recording of the proceedings shall be kept in a confidential file in the Office of Student Conduct and Grievance and shall be available at all times to parties directly involved. All documents, communications, and records dealing with the processing of a grievance will be filed separately from the personnel files of the participants. After a period of four years, the grievance file shall be destroyed.
13. Reprisals of any kind will not be taken by the District or any of its agents against any party of interest or any other participant in the grievance procedure by reason of such participation.
14. Evidence and testimony given in each case presented shall not be the sole cause of initiating or filing further grievances.
15. If the grievant does not act within the time limits provided herein, the ability to proceed with the grievance shall be terminated and no further action will be taken.
16. The number of instructional days indicated at each step herein should be considered a maximum and every effort must be made to expedite the process. Time limits may be extended by mutual consent in writing or by decision of the Hearing Committee.
17. The Hearing Committee should attempt to reach a decision by discussion and consensus on a workable solution. Voting should be a last course of action.
18. If in the course of the proceedings a student graduates before a solution is found, the student shall not be denied full consideration under this policy. A student may also submit a grievance after graduation if the grievance did not become known until that time. However, it must be submitted within 30 instructional days after the grievant should have reasonably become aware of the act or condition on which the complaint is based.

APPEALS PROCESS

1. If a party wishes to formally appeal a recommendation of the Hearing Committee, an appeal must be submitted within ten instructional days to the appropriate Vice President provided the appropriate Vice President is not a direct party to the grievance. If the appropriate Vice President is a direct party to the grievance, and either party is dissatisfied with the recommendation of the Hearing Committee, an appeal may be submitted to a Vice President/Assistant Superintendent not a direct party to the grievance.

7. The President/Superintendent or designee, or the Board of Trustees may reject a Hearing Committee decision only after reviewing a transcription of the involved hearing.

STUDENT GRADE GRIEVANCE PROCEDURE

A student of the College may present a grade grievance. The California Education Code, Section 76224, quoted, states clearly the conditions upon which grades or grading can be questioned.

“When grades are given for any courses of instruction taught in a community college district, the grade given to each student shall be determined by the instructor of the course and the determination of the student’s grade by the instructor, in the absence of mistake, fraud, bad faith, or incompetence, shall be final.” “Mistake” may include, but is not limited to, errors made by an instructor in calculating a student’s grade and clerical errors.

STEP I – INDIVIDUAL ACTION

A student who believes a final course grade was assigned due to mistake, fraud, bad faith, or incompetence shall meet with the faculty member to resolve his/her concern.

STEP II – MANAGEMENT ACTION

1. The student will obtain a Grade Grievance Form from the Office of Student Conduct and Grievance.
2. The student must return the Grade Grievance Form to the Office of Student Conduct and Grievance within 30 instructional days after the completion of the course about which the grade grievance is filed. An instructional day is defined as any day Monday through Friday that all normal college business is conducted, both in the classroom and in the administrative offices. All weekend days and college holidays are excluded.
3. The Dean of Student Services, or designee, will meet with the student and review the completed Grade Grievance Form. If the student wishes to pursue the grievance, the Dean of Student Services, or designee, will sign and date the Form.
4. The Dean of Student Services, or designee, will present a copy of the Grade Grievance Form to the applicable Division Dean. The Division Dean may schedule a meeting of all concerned if appropriate. The Division Dean should schedule a meeting only if the Form has the signature of the Dean of Student Services, or designee, and is dated. The Division Dean shall make a recommendation to the parties within ten instructional days.

STEP III – ADMINISTRATIVE ACTION

If either party is dissatisfied with the recommendation of the Division Dean, he or she may appeal the matter to the Vice President of Academic Affairs or designee within ten instructional days of the Division Dean’s recommendation. The Vice President of Academic Affairs or designee shall call a meeting with the student, the ASCC Chief Justice, the Division Dean, and if needed, the faculty member. The Vice President of Academic Affairs or designee shall transmit his or her decision to the parties within ten instructional days.

STEP IV – PRESIDENT/SUPERINTENDENT ACTION

If either party chooses to appeal the decision of the Vice President of Academic Affairs, he or she may appeal the matter to the President/Superintendent of the College within ten instructional days of such decision. If a faculty member is dissatisfied with a recommendation and neither acts on it, nor appeals it, the Vice President of Academic Affairs will forward the matter to the President/Superintendent. The President/Superintendent will review the recommendation and if needed, request persons involved in the grievance to meet.

The President/Superintendent shall make a recommendation within ten instructional days. If either party is dissatisfied with the recommendation of the President/Superintendent, an appeal of the President/Superintendent’s recommendation may be submitted to the Board of Trustees by either party. The appeal must be submitted within ten instructional days after the President/Superintendent’s recommendation. The Board may review an appeal for two consecutive regular Board meetings, and if needed, request persons involved in the grievance to appear before making a final determination of the matter at the District level.

ADDITIONAL INFORMATION

Most complaints, grievances, and disciplinary matters should be resolved at the college level. If a complaint does not fall into one of the college’s established procedures, it may be addressed in writing to the President/Superintendent. Individuals are strongly encouraged to make every attempt to resolve matters through the appropriate administrative processes.

Matters that are not resolved at the college level may be submitted to one or more of the following agencies for consideration:

- The Accrediting Commission for Community and Junior Colleges (ACCJC) at <http://www.accjc.org/complaint-process>, if the complaint is associated with the institution’s compliance with academic program quality and accrediting standards. The ACCJC is the agency that accredits the academic programs of the California Community Colleges.
- If the complaint does not concern the college’s compliance with academic program quality and accrediting standards, it may be directed to the California Community Colleges Chancellor’s Office by completing the web form found at <http://californiacommunitycolleges.cccco.edu>.

ACADEMIC HONESTY/DISHONESTY POLICY

Your instructors are eager to help you succeed in your studies at Cerritos College. But success means more than just receiving a passing grade in a course. Success means that you have mastered the course content so that you may use that knowledge in the future, either to be successful on a job, or to continue on with your education in advanced classes.

Your success depends on a combination of the skill and knowledge of your instructors, and your own hard work. You will reach your future goals only if you gain new knowledge from every course you take. That knowledge becomes yours and can be used by you, only if it is gained through your own personal efforts. Receiving a grade in a course, without acquiring the knowledge that goes with it, diminishes your chances for future success.

While in college, you are also shaping the principles which will guide you throughout the rest of your life. Ethical behavior and integrity are a vital part of those principles. A reputation for honesty says more about you, and is more highly prized, than simply your academic skills.

For this reason, academic honesty is taken very seriously by the Cerritos College faculty. The following guidelines have been prepared so that you will understand what is expected of you in maintaining academic honesty.

Academic Dishonesty is normally to be dealt with as an academic action by the instructor, reflected in the student's grade in the particular course, rather than through college disciplinary procedures. No specific departmental, divisional or institutional procedures are established for academic dishonesty other than the normal process for review and appeal of an instructor's grading procedures.

Academic Dishonesty is defined as the act of obtaining or attempting to obtain credit for work by the use of any dishonest, deceptive, or fraudulent means. Examples of academic dishonesty would include, but not be limited to the following:

- Copying, either in part or in whole, from another's test or examination;
- Discussion of answers or ideas relating to the answers, on examination or test when such discussion is prohibited by the instructor;
- Obtaining copies of an exam without the permission of the instructor;
- Using notes, "Cheat sheets," or otherwise utilizing information or devices not considered appropriate under the prescribed test conditions;
- Altering a grade or interfering with the grading procedures in any course;
- Allowing someone other than the officially enrolled student to represent the same;
- Plagiarism, which is defined as the act of taking the ideas, words or specific substantive material of another and offering them as one's own without giving credit to the source.

Options may be exercised by the faculty member to the extent that the faculty member considers the cheating or plagiarism to manifest the student's lack of scholarship or to reflect on the student's lack of academic performance in the course. One or more of the following actions are available to the faculty member who suspects a student has been cheating or plagiarizing:

1. Review-no action.
2. An oral reprimand with emphasis on counseling toward prevention of further occurrences.
3. A requirement that work be repeated.
4. A reduction of the grade earned on the specific work in question, including the possibility of no credit for the work.
5. A reduction of the course grade as a result of item 4 above, including the possibility of a failing grade for the course.
6. Referral to the Office of Student Conduct and Grievance for further administrative action, such as suspension or expulsion.

STUDENT DISCIPLINE PROCEDURES

Student conduct programs should contribute to the teaching of appropriate individual and group behavior as well as to protecting the campus community from disruption and harm. The Programs should be conducted in ways that will serve to foster the ethical development and personal integrity of students and the promotion of an environment that is in accord with the overall educational goals of the institution.

The Office of Student Conduct and Grievance is responsible for the student conduct and disciplinary procedures of the college. Inquiries should be directed to the Dean of Student Services in the Office of Student Affairs.

If a grievance challenging the action is filed, a hearing will be conducted.

A Hearing Board shall be responsible to the President/Superintendent for reviewing and making recommendation to the President/Superintendent. Membership of the Hearing Board shall include the following:

1. Two members of the instructional staff appointed by the Faculty Senate.
2. Two student Court Justices appointed by the ASCC Chief Court Justice or by the Associated Students President, if the Chief Court Justice is a party to the matter.

An instructional day is defined as any day Monday through Friday that all normal College business is conducted, both in the classroom and in the administrative offices. All weekend days and College holidays are excluded.
2. Notice shall include date and place of hearing, a statement of all charges, a copy of applicable policies and procedures, the opportunity of the student to appear in person, and the opportunity to present oral and documentary evidence.

4. All hearings shall be tape recorded. A transcript shall be made available to parties directly involved, at their own expense. Transcripts may be redacted to comply with law, policies, and to protect the privacy and/or safety of individuals.
5. Promptly following a hearing, the Hearing Board shall submit the recommendation to the President/Superintendent. The President/Superintendent and/or designee shall make the final decision on suspensions. A decision of the President/Superintendent to suspend shall be issued to the student in writing. Expulsion requires action by the Board of Trustees.

These procedures may change from time to time and may be superseded by current state and federal laws and regulations. Otherwise, the College Catalog, which is updated annually, contains the most recent information regarding student discipline procedures.

Information regarding student rights and responsibilities is available from the Dean of Student Services. The dean is available to meet with you to explain the "System" and your rights with regard to student grievances, student conduct and academic-related student grievances. The decision to authorize such aids or accommodations is the responsibility of the Disabled Student Programs and Services (DSPS) Dean, Disability Specialist, or DSPS counselor after a review of documentation verifying the disability and any resulting educational limitations.

It is the responsibility of the student with a verified disability and resultant educational limitation to apply for DSPS assistance in the Liberal Arts/DSPS Building and to file a request for accommodations with DSPS via the college form entitled “Disabled Student Program and Services – Application for Services”.
