For Sammie Dawson, Mars is Within Reach with Dedication and Commitment

Samantha “Sammie” Dawson was born in Anaheim and moved to Ridgecrest with her family when she was two years old. Because of many challenges within her family, Sammie began supporting herself and living on her own at the age of 16. Growing up she didn't see many opportunities in the small town of Ridgecrest, so she moved back to Orange County the day after her high school graduation.

Sammie aspired to become a reconstructive cosmetic surgeon that specialized in repairing cleft lips. She enrolled in two classes at Golden West College while working at Macy's, and later became pregnant with her son. As a single parent, Sammie left college to attend a career technical school to become a medical massage therapist to support her newborn. As a massage therapist, she was always interested in holistic naturopathic medicine that focuses on natural healing and prevention methods, unlike western medicine which heavily relies on drugs. Sammie developed a strong reputation for her holistic approach to treating pain, and after four years of expertise in the field, she opened a successful therapy business in 2013. She was honored by the Strathmore's Worldwide Who's Who as the 2013 Massage Professional of the Year and voted Lakewood's best physical therapist in 2014.

Sammie promised herself that when her son turned five she would go back to school for a bachelor's degree. Although she was happy with her job and a successful business, she knew massage therapy was a labor intensive job that

she couldn't sustain long term. She believed that having an advanced degree would be the best way to be more successful in the future and allow her to change career fields.

In 2012, she enrolled at Cerritos College and naturally gravitated to courses in geography and physics because of her long fascination with stars and planets, how terrain is formed, and how people choose where they live. Sammie is specifically interested in Mars and how humans might establish settlements on the red planet.

In 2015, Sammie was selected to participate in the NASA/California Space Grant Consortium microcomputer and robotics internship on campus. She and two other students created a self-sustaining aquaponics system using a microcomputer to control and monitor the system. NASA's Jet Propulsion Laboratory (JPL) requested the data her team collected for research on Mars.

In April 2016, she was selected for the prestigious All-USA Scholarship's California First Academic Team and named a 2016 Coca-Cola Community College Academic Team Gold Scholar.

Sammie suffers from Irlen Syndrome, but her condition hasn't impacted her 3.89 GPA or her 30-hour week managing her massage therapy business. Irlen Syndrome makes it difficult for her to process visual information that includes sensitivity to colors, lights, and contrasts which can affect academic performance, attention, and concentration. Her eyes are severely sensitive to fluorescent lights. When concerned instructor Connie Boardman noticed Sammie's poor exam performance, she was encouraged to seek the assistance of the Disabled Student Programs and Services. After diagnostic tests, Sammie now receives test-taking assistance and is able to use text-to-audio programs to help facilitate her success as a student.

Sammie plans to pursue a bachelor's degree in geography and physics at California State University, Dominguez Hills, in the fall. She received several scholarships that nearly cover the full cost of her tuition. Sammie wants to pursue a master's and a doctorate and is determined to find more scholarships to cover the cost of her education. One day, Sammie hopes to become a scientist and work on the Mars mission at NASA.

“I have always known that I would be something great one day, because I didn't like the cards that were dealt to me when I was growing up. I knew that the only way to make my life the way that I dreamt it to be, was to make the change myself,” said Sammie. “I am proud that I am showing my son Brody that no matter what your dreams are, they can be achieved with dedication and commitment.”

Información en español también está disponible en las páginas 15-19.

STUDENT RIGHTS AND RESPONSIBILITIES

- (a) All students shall be required to:
 - (1) identify an education and career goal;
 - (2) diligently engage in course activities and complete assigned coursework; and
 - (3) complete courses and maintain progress toward an education goal and completing a course of study.
- (b) Nonexempt first time students shall, within a reasonable period of time, be required to:
 - (1) identify a course of study.
 - (2) be assessed to determine appropriate course placement.
 - (3) complete an orientation provided by the college.
 - (4) participate in counseling, advising, or another education planning service to develop an abbreviated student education plan (A-SEP).
- (c) For the purposes of this section, a first time student is a student who enrolls at the college for the first time, excluding students who transferred from another institution of higher education. For purposes of this section, first time enrollment does not include concurrent enrollment during high school. To the extent that a college has the capacity to require and provide the services identified in (b)(1) through (4) to other students, nothing in this section would preclude a college from doing so.
- (d) Nonexempt students who have completed the services identified in (b)(1) through (4) shall be required to complete a comprehensive education plan after completing 15 semester units of degree applicable credit course work or prior to the end of the 3rd semester, or a shorter period if required by district or program policy.
- (e) Failure to fulfill the required services listed in (b) may result in a hold on a student's registration or loss of registration priority until the services have been completed.

INSTITUTIONAL RESPONSIBILITIES

- (a) The college shall take steps to ensure that information regarding matriculation policies is accessible and available to all students during or prior to enrollment (e.g., during orientation) and is included in class schedules, catalogs, or other appropriate communications describing student rights and responsibilities.
- (b) Once the student has identified a course of study and completed 15 semester units of degree applicable course work, the college shall provide the student with an opportunity to develop a comprehensive student education plan within a reasonable time period. Student responsibilities shall also be identified in the student's education plan.
- (c) College policy provides that a nonexempt student will have a hold placed on enrollment if a student fails to fulfill the responsibilities set forth in the section, "Student Rights and Responsibilities".
- (d) The college shall make reasonable efforts to avoid duplication of the orientation, assessment, counseling, advising, or other education planning services, and development of student education plans funded through this subchapter or funded through other programs.

- (e) It is intended that the instructional and student services area of the college shall use multiple sources of data from student education planning efforts and identified courses of study to coordinate course scheduling.

ENROLLMENT APPOINTMENT PRIORITY

including Orientation, Assessment, Counseling, Student Education Plans, Tier Groups, Probation

The purpose of establishing enrollment priorities is to support students endeavoring to reach their educational goals at Cerritos College by providing priority enrollment to groups of students (as listed herein) with special needs and/or who are in continuing student status, as long as satisfactory progress is made.

PRIORITY ENROLLMENT CRITERIA AND CONDITIONS

- A. Priority
 1. New students not otherwise exempt, including those in any state-provided priority enrollment groups, must complete assessment, orientation, and counseling with at least an abbreviated student education plan (A-SEP), in order to receive priority enrollment.
 2. First time, beginning with Fall 2014 enrollment, students who have identified a course of study, been assessed to determine appropriate course placement, completed an orientation program provided by the college, and participated in counseling, advising, or another education planning service including at least an abbreviated student education plan (A-SEP), are required to complete a comprehensive student education plan (C-SEP) after completing 15 units of degree-applicable credit course work, or prior to the end of the third (3rd) semester of enrollment, resources permitting.
 3. Continuing students, including those in any state-provided priority enrollment groups, except eligible current and former foster youth, are subject to loss of the enrollment priority for which they would ordinarily be eligible if they are on any combination of progress or academic probation for two consecutive semesters.
 4. Continuing students, including those in any state-provided priority enrollment groups, except eligible current and former foster youth, are subject to loss of the enrollment priority for which they would ordinarily be eligible if they have earned 100 degree-applicable, non-basic skills and non-ESL units. Units for high unit majors and programs may be disregarded to the extent they exceed the number of units required for non-high unit majors and programs. Units from credit by exam, advanced placement, International Baccalaureate, or other similar programs may also be exempted.
- B. Subject to the above, continuing student enrollment appointments shall be set on the basis of units earned and cumulative grade point average at Cerritos College.
- C. Students subject to enrollment priority exclusion shall have a "PRB" negative service indicator, appearing as a Hold in Student Center in MyCerritos, placed on their enrollment account. The effect shall be to place the student's access to enroll at the end of the enrollment cycle in the period known as Open Enrollment.

STUDENT SUCCESS AND SUPPORT PROGRAM (SSP)

LOSS OF ELIGIBILITY FOR BOG FEE WAIVER

A student shall become ineligible for a Board of Governors (BOG) Fee Waiver if the student is placed on academic or progress probation, or any combination thereof, for two consecutive primary terms. Loss of eligibility shall become effective at the first registration opportunity after such determination is made.

The District shall notify students of their placement on academic or progress probation no later than thirty days following the end of the term that resulted in the student's placement on probation. The notification must clearly state that two consecutive primary terms of probation will lead to a loss of the BOG Fee Waiver until the student is no longer on probation. The notification must also advise students about the available student support services to assist them in maintaining eligibility.

The District shall adopt, prominently display, and disseminate policies ensuring that students are advised about the student support services available to assist them in maintaining and reestablishing eligibility BOG Fee Waiver eligibility. Dissemination includes, but is not limited to, information provided in college catalogs and class schedules.

The District shall establish written procedures by which a student may appeal the loss of a BOG Fee Waiver due to extenuating circumstances, or when a student with a disability applied for, but did not receive, a reasonable accommodation in a timely manner. Extenuating circumstances are verified cases of accidents, illnesses, or other circumstances that might include documented changes in the student's economic situation or evidence that the student was unable to obtain essential student support services. Extenuating circumstances also includes special consideration of the specific factors associated with Veterans, CalWORKs, EOPS, and DSPS student status.

APPEALS AND EXEMPTIONS

It is the intent of these procedures to support and promote student success, including program completion, through access to needed courses. Petitions for appeals of, or exemption from, the implementation of these procedures are subject to consideration by the Committee on Academic Records and Standards (A&S) or its designee.

- A. Students may appeal the loss of enrollment priority and/or loss of the BOG Fee Waiver due to extenuating circumstances, certain conditions specified on the Enrollment Priorities and/or the BOG Fee Waiver Appeals Form, or where a student with a disability applied for, but did not receive reasonable accommodation in a timely manner. Extenuating circumstances are verified cases of accidents, illnesses or other circumstances beyond the control of the student.
- B. Students who have demonstrated significant academic improvement will regain the BOG Fee Waiver and/or priority enrollment status. It is the student's responsibility to timely verify changes in enrollment priority status. Significant academic improvement is defined as achieving no less than the minimum grade point average and progress standard within a term. The minimum academic standard is a 2.0 grade point average, once the student has attempted 12 semester units; the minimum progress standard is greater than 50% of all units enrolled in being other than "W", "I", "NP", or "NC", once the student has enrolled in a total of at least 12 semester units.

ASSESSMENT

WHAT IS “ASSESSMENT?”

Assessment is required for first-time, new-to-college students. “Assessment” means the process of gathering information about an individual student to facilitate his or her success. At Cerritos College, assessment includes, but is not limited to, the collection of information regarding a student’s study skills, English language proficiency, and/or computational skills. Academic counselors may also review high school and/or college transcripts, evidence of an A.A. degree or higher from an accredited institution, learning skills, academic performance, and need for special services. In addition, career assessment is the opportunity to explore career aspirations, goals, skills, interests, and values.

DO I NEED TO TAKE AN ASSESSMENT TEST?

First-time, new-to-college students are required to complete assessment prior to enrollment. Students planning to enroll in a math, English, or reading class, or planning to earn an A.A. degree, must complete assessment tests prior to enrollment. A current Cerritos College student number and photo ID are required to take a test. All tests are computerized.

If you have taken your assessment test at another community college, please submit a copy of your results (on letterhead from the college) with a completed Requisite Clearance form to the Admissions and Records Office at least 10 business days prior to your enrollment appointment date.

STUDENT SUCCESS & SUPPORT SERVICES (3SP) EXEMPTION/EXCEPTION

These services include assessment, orientation, and counseling. First-time, new-to-college students must complete required Assessment and Orientation-Counseling (AOC) prior to enrollment. Students not required to complete AOC under established criteria are automatically exempted upon application to the College. Students wishing to pursue another type of exemption must submit a completed Student Success & Support Program (3SP) Exemption and Exception form to the Admission and Records Office. 3SP Exemption and Exception forms are available in the Admissions and Records, Assessment, and Counseling offices. If you have special needs for completing assessment, orientation or counseling, please contact the Assessment Center or Counseling Office.

ASSESSMENT TEST EXEMPTIONS

Students who already possess an A.A. degree or higher from a regionally accredited college are not required to take assessment tests, but will be required to verify the degree by presenting official documents to the Admissions and Records Office at least 10 working days prior to enrollment appointment date. A Requisite Clearance form must accompany the documents in order to meet prerequisites.

It is strongly recommended that these math courses have been completed within the past three years.

PRIORIDAD DE LA CITA DE INSCRIPCIÓN

incluye la orientación, evaluación, consultoría, planes educativos, grupos de nivel, periodo de prueba

El propósito de establecer prioridades de inscripción es apoyar a los estudiantes que se esfuerzan por alcanzar sus metas educativas en Cerritos College, proporcionando prioridad de inscripción a grupos de estudiantes (que se enumeran en este documento) con necesidades especiales o que están en condición de estudiantes de reingreso, siempre y cuando el progreso sea satisfactorio.

CRITERIOS Y CONDICIONES PARA LA PRIORIDAD DE INSCRIPCIÓN

A. Prioridad

1. Los nuevos estudiantes que no se encuentran exentos de otra manera, entre ellos los que son parte de grupos con prioridad de inscripción que establece el estado, deben completar la evaluación, orientación y consultoría con por lo menos un plan educativo abreviado (A-SEP), a fin de recibir prioridad de inscripción.
2. Un estudiante ya no será elegible para recibir la Exención de cuotas de inscripción de la Junta de gobernadores (Board of Governors, BOG) si al estudiante se le pone en un período de prueba académico o de progreso, o en alguna combinación de estos, durante dos períodos académicos primarios consecutivos. La pérdida de elegibilidad entrará en vigencia en la primera oportunidad de inscripción después de que se haya tomado dicha determinación.

El distrito deberá notificar a los estudiantes sobre su asignación en el período de prueba académico o de progreso a más tardar treinta días después del final del período académico que provocó que al estudiante se le pusiera en un período de prueba. La notificación debe indicar claramente que dos períodos académicos primarios consecutivos en período de prueba ocasionarán la pérdida de la Exención de cuotas de inscripción de la BOG hasta que el estudiante ya no esté en el período de prueba. La notificación también debe informar a los estudiantes acerca de los servicios de apoyo para estudiantes disponibles para ayudarlos a conservar la elegibilidad.

El distrito adoptará, exhibirá claramente y divulgará políticas que garanticen que los estudiantes estén informados acerca de los servicios de apoyo para estudiantes disponibles para ayudarlos a conservar y restablecer la elegibilidad para calificar para recibir la Exención de cuotas de inscripción de la BOG. La divulgación incluye, entre otras, información proporcionada en los catálogos de la universidad y en los programas de clases.

El distrito establecerá procedimientos por escrito mediante los cuales un estudiante pueda apelar la pérdida de la Exención de cuotas de inscripción de la BOG debido a circunstancias atenuantes, o cuando un estudiante con discapacidad solicite, pero no reciba, una adaptación razonable de manera oportuna. Las circunstancias atenuantes son casos verificados de accidentes, enfermedades u otras circunstancias que podrían incluir cambios documentados en la situación económica del estudiante, o bien, evidencia de que el estudiante no pudo obtener servicios de apoyo esenciales para estudiantes. Las circunstancias

atenuantes también incluyen la consideración especial de factores específicos relacionados con el estado del estudiante con respecto a la ayuda para Veteranos, el programa de California de Oportunidades de trabajo y responsabilidad hacia los niños (California Work Opportunity and Responsibility to Kids, CalWORKs), Programa de Oportunidad educativa (Educational Opportunity Program, EOP) y Programas y Servicios para estudiantes discapacitados (Disabled Students Programs & Services, DSPS).

Un joven en régimen de acogida familiar no estará sujeto a la pérdida de la Exención de cuotas de inscripción de la BOG debido a la asignación en un período de prueba académico o de progreso. Esta exclusión para los Jóvenes en régimen de acogida familiar es válida hasta la fecha que se especifica en la sección 66025.9(c) del Código de Educación.

APELACIONES Y EXENCIONES

La intención de estos procedimientos es apoyar y promover el éxito del estudiante, incluyendo la finalización del programa, a través del acceso a los cursos necesarios. - A. Los estudiantes pueden apelar la pérdida de la prioridad de inscripción y/o la pérdida de la Exención de cuotas de inscripción de la BOG debido a circunstancias atenuantes, ciertas condiciones especificadas en el Formulario de Inscripción de Prioridades y/o la Exención de cuotas de inscripción de la BOG de Apelaciones, o cuando un estudiante con una discapacidad solicitada, pero que no recibió los ajustes razonables en el momento oportuno. Las circunstancias atenuantes verifican los casos de accidentes, enfermedades u otras circunstancias fuera del control del estudiante.
- B. Los estudiantes que han demostrado una mejora académica significativa restablecerán el estado la Exención de cuotas de inscripción de la BOG y/o de prioridad de inscripción que perdieron. Es responsabilidad del estudiante verificar oportunamente los cambios del estado de las inscripciones de prioridad. El mejoramiento académico significativo se define como haber logrado por lo menos el promedio de calificaciones mínimo y las normas de progreso mínimas durante el semestre. El nivel académico mínimo es una calificación promedio mínima de 2.0, una vez que el estudiante haya intentado tomar 12 unidades semestrales; el progreso mínimo convencional es superior al 50% de todas las unidades en las que se inscribió que no reciban "W", "I", "NP", o "NC", una vez que el estudiante se haya matriculado en un total de al menos 12 unidades semestrales.
- C. Los estudiantes pueden solicitar el reintegro de la prioridad de inscripción y/o la Exención de cuotas de inscripción de la BOG si se cometió un error institucional.

1. Student has a hold (service indicator) on their account. Please check in **MyCerritos, Student Center**, under **Holds and ToDos**.
2. The class prerequisite has not been met.
3. Illegal course repetition has occurred. (See Admission and Records for Academic Records and Standards petition.)
4. There is a class time conflict. Students may not be enrolled in two classes that meet at the same time.
5. If you are enrolled in a class AND are on a wait list for the same course (i.e., enrolled in SOC 101 and #1 on the wait list for SOC 101 at another time) you will lose a seat when “auto-enroll” tries to move you from the wait list to the official roster due to “Multiple Enrollment”.

Auto-enrollment will continue through the Friday before classes begin. View your enrollment status on **MyCerritos** (<http://my.cerritos.edu>). Failure to attend class IS NOT an automatic drop or refund. If you do not want your wait-listed classes, please drop to avoid a substandard grade and forfeiture of enrollment fees.

Prompt attendance on the first day is recommended for all wait listed students. Failure to attend will jeopardize your enrollment status.

FEES/REFUND INFORMATION AND PROCEDURES

FEES

1. ***Enrollment Fee:** \$46 per unit.
2. **Non-Resident Tuition:** Students who are non-residents of California or International Students, with or without F-1 visas, will be assessed \$259 per unit (\$211 per unit non-resident tuition and a \$48 per unit capital outlay fee) in addition to the \$46 per unit enrollment fee above.
3. **Student Activity Fee:** \$10 per semester; \$4 for summer session. This fee is automatically charged and is due and payable at enrollment, but may be waived subsequently by the student. Fee purpose and waiver information is available online at the Admissions and Records and Office of Student Affairs websites.
4. **Student Health Fee:** \$19 per semester; \$16 for summer session. Students who rely on prayer for healing and can supply the college with documentation from their spiritual leader are exempt.
5. **Parking:** On-campus student parking for automobiles is \$40 per semester (\$30 for BOGFW recipients) and \$25 for summer session. Mopeds and motorcycles may use designated areas at no charge. A daily permit may be purchased for \$2 from the dispensers located in the student parking lots.
6. **Lab/Materials Fees:** as listed with courses in this class schedule. Please note that failure to pay these fees may result in withdrawal from courses for lack of payment.

Students are required to pay all fees at the time of enrollment. Students adding their names to wait lists will be charged the applicable enrollment fees, tuition, and applicable lab/materials fees. Students who do not pay fees and drop classes after the refund date are still responsible for all fees. **The Board of Governors Fee Waiver (BOGFW) waives students' course enrollment fees; however all other fees, including but not limited to the Student Health fee, Student Activity fee, and applicable lab/materials fees, are due and payable at the time of enrollment.** Payments for the parking, student activity, and student health fees may be subject to additional considerations.

The parking fee is required to park a vehicle on campus. The student activities fee is subject to student waiver. Information is available from the Office of Student Affairs located in the Student Activities Building. The waiver request form is available online at the Admissions and Records Forms webpage. Revenue from the collection of this fee may be used by ASCC to support or oppose political measures. The student health fee may be waived with documentation from the student's spiritual leader that the student relies on prayer for healing.

*Subject to legislative change

RESIDENT REQUIREMENTS

To be considered a California resident for purposes of admission to Cerritos College, a student is required to have resided in the state of California for at least one year and one day prior to the start of the semester for which the student is enrolling.

REFUND POLICIES AND PROCEDURES

It is the student's responsibility to apply for a refund. A student is eligible for a refund after classes have been officially dropped. Classes must be dropped by the appropriate deadline for the session in order to be eligible for a refund. Stated deadlines are not adjusted due to late enrollment. See the "Calendar of Important Dates" for specific deadlines.

A student is eligible for a refund if: a) classes are dropped by the required deadline; b) the program change is the result of action taken by the college to cancel or reschedule a class; c) the student is dropped for failure to meet a prerequisite(s) or corequisite(s); and/or, d) the student is active or reserve U.S. Military personnel who withdraws due to military orders.

Eligible students may file a petition with the district requesting refund of their enrollment fee(s). A refund will not be processed if academic credit has been awarded for the class. Refunds are not automatically processed.

To request a refund, a student must come to the Admissions and Records Office and submit a refund request form. The refund request form is also available online and can be mailed to the Admissions and Records Office. Approved refunds will be mailed in approximately four to six weeks. Be sure your current mailing address is on file with the college.

A check is the only form of payment that Cerritos College uses to issue refunds. If a payment is made by credit card for any registration transaction, and you later drop any or all of your classes within the required refund period, we will **NOT** credit your credit card account. All refund checks are made payable to the student.

Refunds are made pursuant to Title 5, Section 58501 or 58501.1.

CREDITS/REFUNDS

Student Health, Student Activity¹ and Parking Fees² will be credited only if all classes within the semester have been officially dropped within the appropriate deadline* for the semester.

* *Deadlines for fee credit are defined as the first two weeks of full semester length classes or 10% of class meetings for shorter than semester-length classes.*

¹ *Student Activity sticker for the semester must be surrendered at the time of refund request. No refund will be given if sticker is marked or used.*

² *Parking Permit for the semester must be surrendered at the time of refund request.*

Refunds

A refund request form must be completed to receive credit funds on account. The Refund Request Form is available online at the Admissions webpage under FORMS or in the Admissions and Records Office.

Time limit on requesting a refund: A one year limitation exists on the credit. Students must apply for the refund between the beginning of the semester in which the credit was issued and the last day of the semester one year later. Example: Beginning of the Spring semester to the end of the Spring semester of the following year. Credit totals will be removed from the student account after this time.

This method of payment is encouraged for immediate confirmation of your enrollment.**

ACADEMIC INFORMATION

REPETITION OF COURSES

At Cerritos College, previous course enrollment is reviewed electronically for prior enrollment attempts. All courses have repetition limitations. Cerritos College offers some courses that have designated repeatability. Please review the catalog for maximum repeat units available.

Students may repeat a course in which a substandard grade (D, F, NP, FW) or “W” in any combination has been received one time. Students receiving any combination of substandard grades may petition the Academic Records and Standards Committee for an exception to the two attempts rule. All petitions are subject to approval or denial. Upon completion of a repeated course, the most recent grade earned will be computed in the cumulative grade point average and the student’s academic record so annotated.

When a student repeats a class to alleviate substandard academic work, the previous grade and credit shall be disregarded in the computation of grade point averages, but shall not be deleted from the student’s permanent record. Courses that are repeated shall be recorded on the student’s permanent academic record using an appropriate annotation. Annotating the permanent academic record shall be done in a manner so that all work remains legible, insuring a true and complete academic history.

Students may use an equivalent course from an accredited college or university to replace a Cerritos College course in which a substandard grade was recorded, if earned subsequent to the substandard grade at Cerritos College. The student must petition the Academic Records and Standards Committee to record the change. The College may honor the prior course repetition actions of other accredited colleges and universities in determining acceptance of credits, subject to student petition to, and approval by, the Academic Records and Standards Committee.

Examples of Exceptions for Consideration of Course Repetition Limitations

An Academic Records and Standards petition must be filed for official consideration of course repetition. All petitions are subject to approval or denial. Contact the Admissions and Records Office for specific directions.

1. Student received an “MW” (Military Withdrawal).
2. Student’s previous grades are a result of documented extenuating circumstances beyond his/her control.
3. Cooperative work experience courses, subject to stated maximums, as provided in the College Administrative Procedures.
4. Certain activity or skill building courses, subject to stated maximums, as provided in College Administrative Procedures.
5. Certain classes for students with disabilities, subject to stated qualifications, as provided in College Administrative Procedures.
6. Repetition necessary for legally mandated training. Such courses may be repeated any number of times, regardless of whether or not substandard work was previously recorded, and the grade received each time shall be included for purposes of calculating the student’s grade point average.
7. After a significant lapse of time, a student may repeat a course in which a grade of “C” or better was received if the course is required by the district as a properly established recency prerequisite or another institution of higher education to which the student is seeking to transfer requires the student to have taken the course more recently than the student’s last enrollment (Title 5, Sections 55040(b)(3), 55053).

PASS/NO PASS CLASSES

Classes offered on a non-optional pass/no pass basis only will be indicated on a student’s permanent record as a “P” grade (with unit credit) or “NP” grade (no units earned). This will not affect the student’s grade point average. Optional pass/no pass courses are designed to encourage students to explore courses in areas they feel they may have an interest. See page 28 for guidelines and a list of approved courses in each department.

OPEN ENTRY/OPEN EXIT CLASSES

All students should meet with the instructor as soon as possible after the start of the session to inquire about enrollment (unless otherwise noted). A student may enter these classes at any time during the session prior to the specific cut-off date for the individual classes. The courses may be completed within the session in whatever time is necessary for the student to finish the course requirements.

DIRECTED STUDIES

Any student interested in pursuing independent projects on an individual basis for one or two units should contact a faculty member to determine if he/she is available to sponsor a directed studies project. Students may enroll in these classes only through the second week and with the authorization to enroll in Directed Studies. Form must be signed by both the instructional dean and the faculty member conducting the Directed Studies.

WORK EXPERIENCE

Students may register for Cooperative Work Experience only through the second week of classes. Only a reduction of hours may be made after the first week.

PREREQUISITES, COREQUISITES, RECOMMENDATIONS AND PREREQUISITE CHALLENGE PROCEDURE

Please see “Prerequisites” in the Cerritos College Catalog.

DEFINITION OF A CLASS HOUR

A “class hour” is the basic unit of scheduled attendance and/or examination and is defined as a period not less than 50 minutes. A “clock hour” is a 60-minute time frame which is composed of one 50-minute class hour and a 10-minute segment referred to as a “passing period” or “break”. Classes scheduled for more than an hour follow formulas to stay within this definition. For example, a class scheduled from 8:00 to 8:50 has already incorporated the passing period and students must be in attendance for the full 50 minutes. Cerritos College has scheduled classes to account for the passing period and there is no need to leave 10 minutes early. Classes that meet for multiple hours may assign a 10-minute break between hours but not in the last hour of attendance. Cerritos College follows these time patterns.

WITHDRAWALS [TITLE V, SECTION 58004 (C) (3)]

Pursuant to Title 5, section 58004 and Cerritos College Board Policy, it is the student's responsibility to participate fully in class (es), once enrollment is complete. However, should it become necessary to withdraw from class, it is the student's responsibility to drop in person in the Admissions and Records Office or through MyCerritos.

THE ULTIMATE RESPONSIBILITY OF WITHDRAWAL FALLS TO THE STUDENT.

How to officially withdraw after enrollment ends:

Complete an Add/Drop card (available in the Admissions and Records Office) or for a faster response, use MyCerritos (<http://my.cerritos.edu>). Retain an updated printout for your records.

ALL WITHDRAWALS MUST BE COMPLETED BY THE LISTED DEADLINES. FAILURE TO OFFICIALLY WITHDRAW FROM CLASS(ES) MAY RESULT IN AN "F/FW" GRADE FOR EACH CLASS. SEE THE "Session Dates and Deadlines" for specific deadlines.

WITHDRAWAL RESULTING IN PROGRESS PROBATION AND/OR GRADES RESULTING IN ACADEMIC PROBATION FOR TWO CONSECUTIVE TERMS CAUSE LOSS OF ENROLLMENT PRIORITY, WITH CERTAIN EXCEPTIONS, AND ARE SUBJECT TO APPEAL.

PROBATION

A. Academic Probation

Students who have attempted at least twelve (12) semester units as shown by the official academic record shall be placed on academic probation if the students have earned a grade point average below 2.0 in all units undertaken at Cerritos College.

B. Progress Probation

Students who have enrolled in a total of at least twelve (12) semester units as shown by the official academic record shall be placed on progress probation when the percentage of all units at Cerritos College which the students have attempted and for which entries of "W," "I," and "NP" are recorded reaches or exceeds 50 percent.

Probation is entered on the student's permanent records and transcripts of record. Students placed on academic or progress probation will be notified by email at the email address listed on the official college record.

Probation Clearance:

A. Academic Probation Clearance

Students may clear academic probation by earning sufficient grade points to raise the cumulative grade point average to 2.0 or higher in the next semester of attendance. Probation status is not cleared by one semester of 2.0 GPA if it does not raise the cumulative GPA to 2.0 or higher.

B. Progress Probation Clearance

Students may clear progress probation by decreasing the percentage of "W," "I," or "NP" entries to less than 50 percent of all units in which the students have attempted.

Appeals:

Appeals of the loss of enrollment priority must be submitted on the Enrollment Priority Appeals Petition available on the Admissions and Records website. Automatic clearance is provided to students who achieve Significant Academic Improvement as defined in regulations.

ADD/DROP PROCEDURES

If you wish to change your class schedule, please follow the steps below:

- Classes may be added via **MyCerritos, Student Center** (<http://my.cerritos.edu>).

To add a closed class, go to class on the first day and time that it meets; be on time. Respectfully request of the instructor(s) to be added to the class(es); if the instructor approves, an electronic enrollment will be submitted on your behalf to the Admissions and Records Office. Note that prerequisites, holds/service indicators (SI), conflicts, and illegal course repetition will be checked. Refer to the "Fee Payment Calendar" on page 21 for payment deadlines. Check your student account via **MyCerritos, Student Center** (<http://my.cerritos.edu>) or in the **Admissions and Records Office**. All enrollments must be completed by the listed add deadlines.

- Classes may be dropped via **MyCerritos, Student Center** (<http://my.cerritos.edu>). Be mindful of deadline dates for refunds and posting of "W's" to transcripts.

LEVEL/SECTION CHANGES

Level/section changes must be processed in person. Program changes which involve level changes in skill and performance classes may be made by the add deadline. Students may also make level changes in Work Experience classes by the add deadline, but only a reduction of hours may be made after the add deadline.

Section changes may not be made between terms or semesters. A student may not drop a first six/eight week course and then enroll in a second six/eight week course by executing a section change. The student is required to officially drop the first six/eight week class and then pay the appropriate fees to be enrolled in the second six/eight week class. The money will not transfer from one term to another if the drop is processed outside of the refund date.

WHAT CERRITOS COLLEGE OFFERS

- Freshman and sophomore level course work transferable to four-year colleges and universities.
- Vocational/Technical courses designed to prepare for immediate employment.
- General education course work designed for academic, cultural, and educational enrichment.

DEADLINES

Throughout the enrollment process (including class petitioning), certain deadlines are necessary in order to comply with state attendance laws and must be followed by all students. Failure to comply with these guidelines may mean that the student will not be enrolled and will not receive credit for or be allowed to attend classes. Stated deadlines are not adjusted due to late enrollment.

RETURNED CHECK POLICY

Personal checks are not accepted for payment of tuition, fees, and other costs. If a check is accepted for another purpose, a \$25 fee will be charged on all returned and stop payment checks. All fees are subject to change without notice in accordance with action taken by the Board of Trustees. Under state law, including California Civil Code 1719, any person who writes a check which is dishonored for lack of funds is civilly liable, and under the law is liable for at least \$100 or three times the amount of the check plus additional costs.

ACADEMIC INFORMATION (CONTINUED)

FAILURE TO PAY FINANCIAL OBLIGATIONS

Failure to pay a financial obligation will result in an administrative withholding of grades, transcripts, diplomas or enrollment privileges or any combination thereof. The item or items being withheld shall be released when the financial obligation has been met. (California Code of Regulations, Title 5, Section 59410)

AUDITING OF COURSES

Auditing courses is permitted at Cerritos College. An auditor is a student who attends a course or courses for no credit or notation on an official transcript. Auditing may be available, pending signed permission, for any student who wishes to attend a course for information, review purposes or skill building. Students wishing to audit should be aware that audited courses will NOT appear on the official transcript.

1. Students may not audit a course unless he/she has **exhausted all possibilities to take the course for credit**.
2. If criteria is met, permission to audit a course is granted at the discretion of the instructor. Signature of both the instructor and division dean are required.
3. With the instructor's and division dean's signed permission, a student may submit the audit form to the Admissions and Records Office anytime during the semester after the first class meeting.

4. An auditor may be allowed to elect credit in lieu of audit **prior** to the end of the **5th week** of school for a semester length course or **prior** to 30% of a course for a short-term course, **with the instructor's written permission**. No refund of audit fees will be available and all credit fees must be paid in full at the time of credit election.
5. A credit student may be allowed to elect audit status in lieu of credit **prior** to end of the **5th week** of school for a semester length course or **prior** to 30% of a course for a short-term course, **with the instructor's written permission**. No refund of credit fees will be available after the refund deadline and all audit fees must be paid in full at the time of audit election.
6. Credit students have priority over auditing students. If a course closes after an auditor has been admitted, the auditor may be asked to withdraw to make room for a credit student. Instructor discretion is strongly recommended.
7. The fee to audit a class is **\$15.00** per unit (in addition to the student fees). Students enrolled in 10 or more units can audit 3 units free (may be 3 one-unit classes). The \$15.00 per unit audit fee will automatically be charged if the student drops below 10 units.

For additional information regarding auditing, students may make inquiries at the Counseling Office, Office of Academic Affairs, division office, or the Admissions and Records Office. Audit forms may be obtained in the Admissions and Records Office.

CREDIT BY EXAM CLASSES

Occasionally a student may feel that he/she can earn credit for a certain course by taking a special examination. The student may have gained proficiency through work experience, travel, or independent study. In these cases, a student may petition to receive unit credit by taking an exam prepared by the department. For more information, contact your counselor.

Credit by Examination will not be offered this semester by the Modern Languages Department.

COURSE REPEATABILITY

Effective Fall 2013, repeatability in Dance, Drama, Physical Education, Visual Arts, and most Music courses has been changed. Intercollegiate Athletics and some Music and Theater courses that are required for transfer programs are the only courses in these disciplines that will remain repeatable; all other courses previously offered as repeatable will be offered as single enrollment courses. There will be a notation after the course description if the course is allowed to be repeated.

The college has developed Families of Courses. The Families of Courses include old and new courses related in content (see below for Families of Courses listed by Department). A family of courses may consist of more than four courses, but students are limited to a maximum of four courses in any family. Further, all grades, including “W”s, will count toward the four-course enrollment limitation. Students can repeat Art, Dance, Drama, Music, and PE courses that are included in Families of Courses in which a grade of “NP”, “D”, or “F” was earned or a “W” was assigned; however, all enrollments count toward the four-enrollment maximum for each family of courses.

ATTENDANCE AND GRADING

ATTENDANCE

It is the responsibility of students to attend classes regularly and apply themselves to the college studies in which they are enrolled. When students have been absent due to illness, they should report to their instructor to explain the absence. **Students not in attendance or late for the first class meeting are subject to drop. Students who are absent in excess of 10% of the total class hours are subject to drop. Students who are absent during the course add period are subject to drop.** Certain academic and career technical education areas may have stricter attendance requirements. Listed below are two types of absences which permit the making up of work missed, provided that the work is of such a nature that it can be made up.

1. **AUTHORIZED ABSENCE:** For an approved educational field trip or school activity.
2. **EXCUSED ABSENCE:** For illness, injury, or quarantine.

NO CREDIT WILL BE GIVEN FOR A CLASS IN WHICH A STUDENT IS NOT OFFICIALLY ENROLLED. Students must attend the first class meeting or their names may be removed from the roll to allow another student seeking admission to enter. If a student is unable to attend the first class meeting, the instructor must be notified.

REMOVAL FROM CLASS

A student may be involuntarily removed from a course due to excessive absences, failure to meet prerequisite(s), or as a result of official disciplinary action. (California Code of Regulations, Title 5, Section 55003).

GRADING

Accomplishment in course work is indicated by the following symbols:

Symbol	Definition	Grade Point
A	Excellent	4
B	Good	3
C	Satisfactory	2
D	Passing, less than satisfactory	1
F	Failing (earned)	0
FW	Failing, due to lack of participation and failure to withdraw	0
P	Pass (at least satisfactory, the equivalent of a "C;," units awarded not counted in GPA)	-
NP	No Pass (less than satisfactory or failing; units not counted in GPA)	-
I	Incomplete	-
MW	Military Withdrawal (without penalty)	-
W	Withdrawal	-
RD*	Report Delayed	-

* The RD symbol is used when there is a delay in reporting the grade of a student due to circumstances beyond the control of the student. It is a temporary notation to be replaced by a permanent symbol as soon as possible. RD shall not be used in calculating grade point averages.

INCOMPLETE

Students are not to re-enroll or audit a course in which a grade of "I" has been recorded. Incomplete academic work for unforeseeable, emergency, and justifiable reasons at the end of the term may result in an "I" symbol being entered in the student's record. The condition for removal of the "I" shall be stated by the instructor in a written record. This record shall contain the conditions for removal of the "I" and the grade assigned in lieu of its removal. This record must be given to the student with a copy on file with the Admissions and Records Office until the "I" is made up or the time limit has passed. A final grade shall be assigned when the work stipulated has been completed and evaluated, or when the time limit for completing the work has passed. The "I" may be made up no later than one year following the end of the term in which it was assigned. The "I" symbol shall not be used in calculating units attempted nor for grade points. A student may petition for a time extension due to unusual circumstances by completing a petition form from the Admissions and Records Office.

GRADE CHANGES

The determination of the student's grade by the instructor shall be final in the absence of mistake, fraud, bad faith, or incompetency. The correction of a grade given shall only be allowed for a request initiated within one year following the end of the term in which it was assigned. Exceptions to the one-year limit on grade changes may be requested by petition of the student in extenuating circumstances. A formal petition must be submitted to the Academic Standards Committee. Extenuating circumstances are verified cases of accident, illness, or other circumstances beyond the control of the students (Title 5, Section 55760, Board Policy 4231).

GRADE REPORTS

To view your grades, log in to your MyCerritos account and select Student Center, My Academics, Unofficial Transcript. Grades are not mailed to students.

To be eligible for federal and state financial aid funds (excluding the Board of Governors Fee Waiver*), a student must make satisfactory academic progress. Maximum Time Frame Requirement

Students must complete their educational program within a maximum time frame of 150% of the published program's required units at Cerritos College. Unit Completion Requirement – Pace of Progress

Students are required to complete 67% of the units they have attempted. The cumulative units completed will be divided by the cumulative units attempted to calculate the pace of progress. All units are considered in his calculation. Units for which a grade of W, NP, NC, and/or F was received are considered as units attempted, but not completed.

*Students must meet institutional academic and progress standards for the Board of Governors Fee Waiver.

ENGLISH

Students may choose either single stand-alone writing classes or paired 9-week writing classes that run back-to-back in a single semester. Students who register for a paired first 9-week English class will be automatically enrolled in the second 9-week English class that meets at the same time and day. This will allow students to complete the two courses in one semester and to move more quickly toward completion of English 100, the course required for the A.A. degree and transfer.

Only students who intend to take both courses in one semester should enroll in these 9-week paired courses. Students who do not wish to take both classes in one semester should register for a separate 18-week traditional section of the course.

Traditional 18-Week Writing Class Sequence

Paired 9-Week Writing Class Sequence

Depending on the results of your writing placement test, it could take as many as 4 18-week semesters or two years to complete all four writing classes. English 100 is required for transfer and A.A. degrees. English 103 meets admission requirements for many universities.

If you select 9-week paired writing classes, it could take 2 semesters instead of 4 to complete your requirements. 9-week classes have longer class meetings and are more intensive, but they also allow you to complete your writing requirements more quickly.

If you place into English 20, you are also eligible to enroll in English 72, allowing you to complete the work of both English 20 and 52 in a single accelerated course. Students who pass English 72 will be able to move directly into English 100, Freshman Composition, the required college writing course for the A.A. degree and transfer.

ENGLISH AS A SECOND LANGUAGE

CREDIT ESL COURSE SEQUENCE

ESL CORE COURSES

ESL core classes emphasize grammar, reading, and writing. Our core courses prepare non-native English students who plan to get a certificate, AA degree, or take college-level courses. Students need to take the ESL Accuplacer test in the Assessment Center. Placement in a core course is based on the score of the assessment test. The Accuplacer test for native speakers of English may NOT be substituted for placement in ESL core courses.

SUPPLEMENTAL ESL CLASSES

To gain fluency and confidence in English, it is important that ESL students develop all areas of language. Supplemental ESL classes target the development of specific skill areas. Students may take ESL supplemental classes along with ESL core courses or individually.

Listening & Speaking classes: ESL 7: Beginning Speaking and Listening (1.5 units), ESL 10: Intermediate Speaking and Listening (3 units), ESL 20: Advanced Speaking and Listening (3 units)

Pronunciation classes: ESL 12: Beginning Pronunciation (1.5 units), ESL 14: Pronunciation Plus (3.0 units)

Vocabulary, Spelling, and Idioms classes: ESL 21A: Intermediate Vocabulary (3.0 units), ESL 21B: Advanced Vocabulary (3.0 units), ESL 32: American Idioms (1.5 units); ESL 23: Spelling (1.5 units)

Editing: ESL 35 Advanced Editing (1.5 units)

TOEFL: ESL 57 Preparation for the Test of English as a Foreign Language (3.0 units)

MATHEMATICS

**Cerritos College
Mathematics Department
Sequence of Courses**

*Although MATH 70 is not a prerequisite for MATH 115 or MATH 116, it is recommended.

SEMI-INDEPENDENT SECTION (MANDATORY ORIENTATION AND ATTENDANCE FOR ALL SEMI-INDEPENDENT SECTIONS FIRST DAY)

Mathematics classes in LC-209 are SEMI-INDEPENDENT classes. These classes cover the same content as other Mathematics courses, but use an entirely different method of instruction. Instead of attending regular lectures, students read and learn the material on their own. Tutorial assistance is provided. Students take exams according to a schedule given out the first day of class at a mandatory orientation.

These classes are recommended ONLY for students with a strong background in Mathematics who are independent learners. For students who experience Math anxiety or whose background in Mathematics is not strong, we recommend enrolling in a traditional lecture class. FOR MORE INFORMATION ABOUT THE MATH LEARNING CENTER AND SEMI-INDEPENDENT COURSES PLEASE VISIT OUR WEBSITE, <http://www.cerritos.edu/MLC>

LEARNING COMMUNITIES (CONTINUED)

LEARNING COMMUNITIES CLASSES

Learning communities involve the intentional creation of class pairs or clusters around a common theme, public issue, or question. Typically, the same group of students is co-enrolled in two or more courses, usually from different disciplines—for instance, history and art, English and career guidance, political science and philosophy. Students enroll in both courses but receive a separate grade for each one.

Course instructors integrate their syllabi, encouraging students to gain a deeper understanding of each course, even as they discover connections between the two. Classroom activities, tests, assignments, field trips, research projects, and educational technology are used to engage students in their own learning, as well as provide them with valuable “real-world” skills.

Perhaps more importantly, the learning community model promotes student-centered learning, with an emphasis on an enriched classroom environment. It promotes greater intellectual growth and genuine mastery of course content through collaborative activities, frequent feedback, and increased student-teacher and student-student interactions. Traditional lecturing is minimized; active learning and thoughtful integration of content are maximized.

Research indicates learning communities promote student achievement, retention, and progress toward degree completion. Faculty benefit from professional development and training, fresh approaches to teaching, and collaboration with colleagues.

WHAT ARE THE BENEFITS OF JOINING A LEARNING COMMUNITY?

- Smooth your transition into college
- Meet other students and form lasting friendships
- Reinforce learning in one class while working on projects in the other
- Learn how to choose your major and reach your academic goals sooner
- Graduate or transfer to a four-year college or university sooner
- Increase your learning and earn better grades

ARE LEARNING COMMUNITY COURSES TRANSFERABLE?

Many of the courses are transferable to CSUs and UCs. See the Schedule of Classes or the Cerritos College Catalog to check specific courses.

WHAT ARE THE REQUIREMENTS TO ENROLL?

The only requirement is that you must enroll in all the courses listed for that Learning Community. The prerequisites are listed in the Cerritos College Catalog and must be met prior to enrollment.

ARE LEARNING COMMUNITY COURSES MORE DIFFICULT?

No, you will not be required to do more work than if you took the two classes separately. In fact, by taking the courses in a learning community, you may find that material is easier to understand.

HOW WILL LEARNING COMMUNITY COURSES BE LISTED ON MY TRANSCRIPT?

Your transcript will reflect the classes as separate courses.

LEARNING COMMUNITIES PROGRAM WITHDRAWAL POLICY

When a student enrolls in a group of two or more courses as part of a learning community or FYE House, he or she **MUST MEET THE PREREQUISITE(S)**, if there are any, for **EACH** course in the combination. Students enrolled in one section of a course that is part of a learning community must be enrolled in all other courses in that group. If one course is dropped, the student **MUST** and **WILL BE DISENROLLED** from all other courses in that learning community. **THERE ARE NO EXCEPTIONS TO THIS POLICY.**

QUESTIONS

If you have questions about the Learning Communities Program (LCP), please call (562) 860-2451, ext. 2782, or stop by the LCP Center located in the Multipurpose Building.

DISTANCE EDUCATION PROGRAM ONLINE COURSES

For complete course descriptions, see the regular course listings in the schedule of classes.

WHAT IS DISTANCE EDUCATION?

Distance education takes place when a teacher and students are separated by physical distance. In place of traditional classroom delivery, voice, video, data, and print are used to bridge the instructional gap. Cerritos College offers online and hybrid courses. (see definitions in next column). All courses carry full academic credit and their content is equivalent to what you would receive in a more traditional mode of delivery.

WHAT SKILLS ARE REQUIRED FOR ONLINE LEARNING?

In order to support student success in online classes, students and faculty should be aware of core skills and expectations that promote student achievement in an online learning environment. For students who are interested in taking an online class for the first time, please refer to the Student Success Center in the LRC for assistance, or contact the instructor of the course directly. Students should consider taking a one-unit course, EDT 50 – Preparation for Online Learning.

Necessary Student Skills:

1. Basic computer skills (send and receive e-mail and attachments; download files; fundamentals of file management; search and navigate the Internet using a browser)
2. Awareness of institutional support services (Student Success Centers)
3. Successful completion of prerequisite coursework
4. Organizational skills
5. Reading comprehension
6. Writing skills
7. Communication skills
8. Time-management skills
9. Proficiency in any adaptive computing software/hardware needed to access the online course material when there is a disability-related barrier
10. Recommended completion of online orientation (such as EDT 50) or equivalent preparation
11. Familiarity with college course management system (such as TalonNet)

Student Learning Expectations:

1. Motivated and focused
2. Awareness of online expectations, environment and workload
3. Autonomous, self-motivated learner
4. Positive attitude toward technology
5. Intention to complete the course
6. Ability to work independently
7. Ability to work as a group member
8. Having the confidence to follow directions and to ask for assistance

Before registering for any online course, you should make sure that you have proficient skills in basic computing, web browsing, e-mail, and word processing. Your instructor will not teach these skills as part of the course content. If you do not possess these skills, you may want to enroll in EDT 50, Preparation for Online Learning, or CIS 50, Basic Computer Literacy.

WHAT ARE THE TYPES OF ONLINE INSTRUCTION?

Online courses occur online. Some instructors may require on-campus attendance for orientation, test-taking, or to satisfy other course requirements. Access to email and the Internet are required to complete work using email, chat rooms, discussion boards, and other instructional tools. Online courses are designated as OL in the published class schedule.

Hybrid courses include the combination of traditional in-class instruction with online instruction. Therefore, students will be required to attend on-campus meetings as scheduled by the instructor, as well as complete work using email, the campus course management system (TalonNet) and/or chat rooms, discussion boards, and other instructional tools. These courses are designated as HYBRID in the published class schedule.

ENROLLING IN AN ONLINE COURSE?

Students enroll in online sections in the same manner as regular classes. Consult the general enrollment procedures in this schedule for more information.

ACCESSING ONLINE AND HYBRID COURSES:

Once you are enrolled in a class, go to the TalonNet website, <http://talonnet.cerritos.edu>, and log on with your username and password.

Username: This is your 7-digit student ID number. Example: John Smith, ID #1234567. Your ID number, 1234567, is your username.

Password: Your initial password is your 6-digit date of birth in the “mmddy” format. Example: John Smith's date of birth is May 30, 1990. His password would be 053090.

ONLINE ORIENTATION:

There is also an online general orientation for all online courses. Go to www.cerritos.edu/de. Some instructors give on campus orientations. Check course listings for information. **You must attend any mandatory orientations and/or contact your instructor prior to the 1st week of class or you will be dropped.** If the orientation for an online class conflicts with a class that meets on campus, you must attend the on-campus class and notify the online instructor about the conflict in advance.

NOTIFICATION OF RIGHTS UNDER FERPA

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

- 1) The right to inspect and review the student's education records within 45 days of the day the College receives a request for access.

A student should submit to the registrar or designee a written request that identifies the record(s) the student wishes to inspect. The registrar will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the registrar, the registrar shall advise the student of the correct official to whom the request should be addressed.

- 2) The right to request the amendment of the student's education records that the student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

A student who wishes to ask the College to amend a record should write the registrar, clearly identify the part of the record the student wants changed, and specify why it should be changed.

If the College decides not to amend the record as requested, the College will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

- 3) The right to provide written consent before the College discloses personally identifiable information from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

The College discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by the College in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the College has contracted as its agent to provide a service instead of using College employees or officials (such as an attorney, auditor, or collection agent); or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the College. The College may also disclose education records without consent to officials of another school in which a student seeks or intends to enroll.

- 4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the College to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-5901

GENERAL EDUCATION REQUIREMENTS FOR THE ASSOCIATE DEGREE AND FOR TRANSFER TO THE CALIFORNIA STATE UNIVERSITY AND UNIVERSITY OF CALIFORNIA

Requirements for the Associate in Arts (A.A.) Degree at Cerritos College can be met in one of three different ways: Plan A, B or C.

PLAN A is designed primarily for those students interested in preparing for a vocational career upon graduation. Plan A may also be used by university transfer students and for students in vocational majors who may possibly wish to transfer in the future. However, there are courses listed under Plan A that are not transferable for general education credit to the four-year universities. Therefore, students wishing to use this option should see a Cerritos College counselor for advice in selecting the A.A. General Education plan that in combination with a major will best match their educational and career goals. Please see the Plan A degree description page for further details.

PLAN B is designed primarily for students who will transfer to a California State University (CSU) campus and are not interested in attending a University of California campus. Students may use this plan to combine completion of both the Associate in Arts general education requirements, and the California State University (CSU) General Education Certification pattern. Students should see a counselor for advice on selecting the A.A. General Education plan that in combination with a major will best match their educational and career goals. Please see the Plan B degree description page for further details.

PLAN C is designed primarily for students who intend to transfer to the University of California (UC), or who are undecided between transferring to the University of California or the California State University. Students may use this plan to combine completion of both the A.A. degree general education requirements and the Intersegmental General Education Transfer Curriculum (IGETC) requirements. Plan C may not be recommended for some majors at certain CSU or UC campuses. Please see the Plan C description page for further details.

The significant differences between Plan A, Plan B and Plan C are:

Plan A requires the completion of a minimum of 18 units of identified general education courses and requirements and a minimum of 18 units of specified “major” courses, proficiency requirements and electives, if necessary, to total a minimum of 60 degree applicable units.

Plan B requires a minimum of 39 units of identified CSU general education courses and requirements plus specified major courses, the health and wellness proficiency requirement, and elective courses, if necessary, for a minimum of 60 degree applicable units.

If a student only wishes to transfer at an upper division level and is not seeking an A.A. degree, a minimum of 60 CSU transferable units is required (see transfer requirements for CSU and your counselor).

Plan C requires a minimum of 34 (UC) or 37 (CSU) units of identified general education courses and requirements plus specified major courses, the health and wellness proficiency requirement, and electives, if necessary, to total a minimum of 60 degree applicable units.

If a student only wishes to transfer at an upper division level and is not seeking an A.A. degree, a minimum of 60 UC transferable units is required (see IGETC, UC transfer requirements, and your counselor).

There are important differences among the three plans. In order to select the plan that best meets each individual’s AA and transfer goals, students should see a Cerritos College counselor.

GENERAL EDUCATION REQUIREMENTS FOR THE ASSOCIATE DEGREE AND FOR TRANSFER TO THE CALIFORNIA STATE UNIVERSITY

Associate in Arts Degree General Education 2016-17 Plan B and/or The General Education Certification Requirements For The Bachelor's Degree At The California State University

Plan B is designed primarily for students who will transfer to a California State University (CSU) campus and are not interested in attending a University of California campus. Students may use this plan to combine completion of both the Associate in Arts general education requirements and the CSU General Education Certification pattern. Students should see a counselor for advice on selecting the AA General Education plan that in combination with a major will best match their educational and career goals.

To earn an Associate in Arts Degree using Plan B, students must complete a minimum of 60 degree applicable units with an overall grade point average of "C" (2.0) or higher, which must include the specified general education requirements and designated courses for a major. The Health and Wellness Proficiency requirement must be completed (see description in Plan A).

If a student wishes only to transfer and is not seeking an A.A. degree, they can follow the requirements below. However, there are no proficiencies required for CSUGE certification.

It should be noted that completion of the CSU General Education Certification is not required for admission to the CSU nor is it the only way to fulfill the lower division general education requirements. Depending upon the student's major, it may be advantageous to complete the requirements of the specific campus the student plans to attend.

CALIFORNIA STATE UNIVERSITY GENERAL EDUCATION CERTIFICATION REQUIREMENTS

A maximum of 39 units is required to fulfill the CSU lower division general education requirements, with the units to be distributed as follows: Nine (9) units in Area A; nine (9) units in Areas B, C and D, with no more than 30 units total in areas B through D combined; and three (3) units in Area E.

A letter grade of "C" or higher is required in Oral Communication, Written Communication, Critical Thinking, and Mathematical Concepts.

GENERAL EDUCATION REQUIREMENTS FOR THE ASSOCIATE DEGREE AND FOR TRANSFER TO THE CALIFORNIA STATE UNIVERSITY AND UNIVERSITY OF CALIFORNIA

Associate in Arts Degree General Education 2016-17 Plan C and/or The Intersegmental General Education Transfer Curriculum (IGETC) For Transfer To UC And CSU

Plan C is designed primarily for students who intend to transfer to the University of California (UC) or are undecided between transferring to the UC or the California State University (CSU). Students may use this plan to combine completion of both the AA Degree general education requirements and the IGETC General Education requirements.

The purpose of IGETC is to provide an option for students to fulfill lower division general education requirements prior to transferring to a UC or CSU campus.

Depending upon the student's major and campus choice, it may be advantageous to complete the requirements of the specific campus the student plans to attend. In general, it is not advisable for transfer students preparing for majors at any UC campus requiring a high number of units, such as engineering and science, to use IGETC.

Plan C can be fulfilled by completing the IGETC requirements specified for either the UC or CSU.

A letter grade of "C" or higher is required in all Plan C courses.

To earn an Associate in Arts degree using Plan C, students must complete a minimum of 60 degree applicable units with a grade point average of "C" (2.0) or higher which must include the specified general education requirements and designated courses for a major. The Health and Wellness Proficiency requirement must be completed (see description in Plan A).

If a student wishes only to transfer and is not seeking an A.A. degree, they can follow the requirements below. There are no proficiencies required for IGETC certification.

It should be noted that completion of IGETC is not required for admission to the UC or CSU.

Further information and other regulations pertaining to IGETC and the Associate in Arts Degree are found in the catalog.

STUDENT SERVICES AND POLICIES

ASSOCIATED STUDENTS

The Associated Students of Cerritos College (ASCC) provides the governing body that finances, organizes, and directs many programs for the student population. It co-sponsors with the district such activities as touchtone registration, athletics, choir, band, forensics, drama, and the student newspaper. Students are encouraged to participate in campus clubs and organizations. The club program is an ever-growing phase of campus life, with new clubs forming every year. With more than 60 clubs, students are provided the opportunity to become involved in curricular, special interest, and social programs. The Inter-Club Council meets regularly to give all clubs and organizations the chance to share their activities collectively. For additional information about the ASCC and campus clubs, please stop by the Office of Student Affairs, or call (562) 860-2451, ext. 2473.

STATEMENT OF STUDENT RIGHTS AND RESPONSIBILITIES PREAMBLE

The community college exists for the transmission of knowledge, the pursuit of truth, the development of students, and the general well-being of society. Free inquiry and free expression are indispensable to the attainment of these goals. As members of the academic community, students should be encouraged to develop the capacity for critical judgment and to engage in a sustained and independent search for truth and knowledge.

Freedom to teach and freedom to learn are inseparable facets of academic freedom. The freedom to learn depends upon appropriate opportunities and conditions in the classroom, on the campus, and in the larger community. Students should exercise their freedom with responsibility so as not to endanger the rights, goals, and beliefs of other students.

Cerritos College is open to all qualified students regardless of national origin, religion, age, gender, gender identity, gender expression, race or ethnicity, color, medical condition, genetic information, ancestry, sexual orientation, marital status, physical or mental disability, pregnancy, or because he or she is perceived to have one or more of the foregoing characteristics, or based on association with a person or group with one or more of these actual or perceived characteristics, or any other status protected by law in person or in an online environment and, when the victim or victims are associated with the District, whether or not the location is associated with the District.

CLASSROOM RIGHTS AND RESPONSIBILITIES

The professor in the classroom and in conference should permit free discussion, inquiry, and expression of thought by the student. Student performance should be evaluated solely on an academic basis, not on opinions or willingness to accept professors' personal beliefs, or conduct unrelated to academic standards. Students should be free to take reasoned exception to the data or views offered in any course of study for which they are enrolled and for maintaining standards of academic performance established for each course in which they are enrolled. The student has the right to have the course taught in a systematic, meaningful manner and to know at the beginning of the course those academic standards required of the student in the course.

Administrative staff and faculty members should respect confidential information about students, such as student views, beliefs and political associations, that is acquired in the course of their work. Transcripts of academic records should contain only information about academic status.

ON THE CAMPUS RIGHTS AND RESPONSIBILITIES

Students should be free to examine and discuss all questions of interest to them, and express opinions publicly and privately. They should be

free to organize and join associations to promote their common interests. The membership, policies and actions of a student organization will be determined by vote of only those persons who hold bona fide membership in that college organization. Campus advisors shall advise organizations in the exercise of their rights and responsibilities.

Student organizations shall be required to submit a statement of purpose, criteria for membership, rules of procedures, a current list of officers, and the advisor shall certify the list of verified members. Campus organizations should be open to all students.

Students and student organizations should be free to support causes by orderly means which do not disrupt the regular and essential operation of the college. Student organizations shall have the right to recommend, invite, and hear any person of their own choosing as long as such speakers and topics are in accordance with federal, state and local laws, and guarantee the safety of students and protection of public property. Guest speakers invited by students or student organizations should be subjected only to those policies, requirements, and regulations as established by the Board of Trustees in order to insure an appropriate and meaningful contribution to the academic community. It should be made clear to the academic community and the larger community that the public expressions of students, student organizations and guest speakers speak only for themselves.

As constituents of the academic community, students should be free, individually and collectively, to express their views on issues of institutional policy, instruction, the evaluation of professors as it pertains to their course content, and on matters of general interest to the student body.

IN THE LARGER COMMUNITY

College students are both citizens and members of the academic community. As citizens, students should enjoy the same freedom of speech, peaceful assembly, and right of petition that other citizens enjoy. As citizens, they should be subject to civil law as others and may incur penalties prescribed by civil authorities when violating these laws. Only where the college's interest as an academic community are distinct and clearly involved should the special authority of the college be asserted.

STUDENT PUBLICATIONS

Student publications and the student press perform the traditional roles of informing, entertaining, and influencing. They are both instructional and informational, and as such should meet the highest academic and professional standards in serving the broad college community and should set forth as the primary goal of the student newspaper the coverage of news events, happenings, and experiences on the college campus.

Associated Student Body, administrative and academic authorities, in consultation with students and advisors have the responsibility to define and clarify the role of student publications, and the standards to be used in their evaluation.

They must also assure that both academic freedom and editorial freedom are protected and exercised so that the integrity of the student publications program and the free press will not be compromised.

It is incumbent upon student editors and managers to act according to the highest ethics of responsible journalism. This corollary responsibility includes careful adherence to the laws of libel and good taste, and such considerations as the avoidance of indecency, undocumented allegations, attacks on personal integrity, and the techniques of harassment and innuendo, and should allow adequate space for rebuttal and differing views in regard to articles in which there is some controversy.

STUDENT SERVICES AND POLICIES

Safeguards to assure freedom of the student press with responsibility should include freedom from censorship or arbitrary control of the press, and protection of editors and managers from arbitrary attack, suspension, or removal because of disapproval of editorial policy or content by any external influence.

STUDENT RIGHTS AND GRIEVANCES

Note: Complaints under Section 504, Section 508, and/or the Americans with Disabilities Act are to be made to the Section 504/508/ADA Coordinator in the Disabled Student Programs and Services Office or to the Diversity/Compliance/Title IX Officer in the Human Resources Office. Complaints of sexual harassment and other illegal discrimination are to be made to the Diversity/Compliance/Title IX Officer in the Human Resources Office or the Vice President of Human Resources.

If a student files a grievance under this procedure that includes an allegation of unlawful discrimination, including harassment or retaliation, the grievance, or portion of the grievance, will immediately be referred to (i) the Diversity/Compliance/Title IX Officer or to the Vice President of Human Resources or designee per AP 3435, "Intake and Processing of the Complaint," or to (ii) the Cerritos College Section 504/ADA Coordinator per Administrative Procedure 3412, for attempted informal resolution or investigation.

STUDENT GRIEVANCE PROCEDURES

A student of the College may address grievances as applied to and regarding academic, administrative, and instructional matters relating to students, and including, but not limited to, any grievance dealing with any academic or management employee of the District.

A grievance shall herein be defined as any act depriving a student of any of the rights set forth in the statement of "Student Rights and Responsibilities," or any state, federal, or local codes. Grades and grading grievances are not addressed within this administrative procedure. The student should refer to "Student Grade Grievance Procedure."

The determination of whether the Statement of Grievance presents sufficient grounds for a hearing shall be based on the following:

- The statement contains facts which, if true, would constitute a grievance under these procedures;
- The grievant is a student, which includes applicants and former students;
- The grievant is personally and directly affected by the alleged grievance;
- The grievance was filed in a timely manner;
- The grievance is not clearly frivolous, clearly without foundation, or clearly filed for purposes of harassment.

If the grievance does not meet each of the requirements, the Office of Student Conduct and Grievance or ASCC Chief Justice or designee shall notify the student in writing of the rejection of the request for a grievance hearing, together with the specific reasons for the rejection and the procedures for appeal.

GRIEVANCE PROCEDURE (EXCEPT GRADES AND GRADING, SEXUAL HARASSMENT, AND OTHER ILLEGAL DISCRIMINATION):

STEP I - INFORMAL ACTION

- A. The student with a grievance shall first attempt to resolve the matter by informal discussion with the employee(s) involved.
- B. If the problem is not resolved in step I-A, the student shall then attempt to resolve the matter by informal discussion with

the person at the lowest level of supervisory authority for the person with whom there is a complaint.

- C. If the grievant still believes the issue has not been resolved satisfactorily after Step I-B, a student Statement of Grievance Form may be obtained from the Office of Student Conduct and Grievance. After completion of the Form, specifying the time, place, nature of the complaint and remedy or correction requested, it should be submitted to the Coordinator of Student Conduct and Grievance who will send a copy of the written statement to the ASCC Supreme Court Chief Justice and the Vice President of Academic Affairs. This statement must be submitted within 30 instructional days after the grievant has become aware of the act or condition on which the complaint is based. An instructional day is defined as any day Monday through Friday that all normal college business is conducted, both in the classroom and administrative offices. All weekend days and college holidays are excluded.
- D. The ASCC Chief Justice or Court designee shall attempt to resolve the problem through informal meeting and discussion among the pertinent parties while remaining neutral on all issues involved. This informal meeting and discussion is intended to include the levels of management or administration concerned with the problem and should be completed within ten instructional days, as such days are defined herein. In the event the informal procedure fails, the formal procedure may be implemented.

STEP II - FORMAL ACTION

A. PRELIMINARY STEPS

1. If the grievant does not believe the grievance has been resolved, the grievant may request Step II-Formal Action through the ASCC Chief Justice. The Chief Justice upon receiving the request of the grievant shall call a meeting of the Student Grievance Hearing Committee. The Hearing Committee will be composed in the following manner:
 - ASCC Chief Justice or designee and two Court Justices or designees,
 - the Vice President of Academic Affairs or administrative designee,
 - the Faculty Senate President or Senate designee, and
 - one Faculty Senate member, chosen by the Faculty Senate.

If replaced per section II.A.5. herein, the ASCC Chief Justice or designee or Court Justices or designees substitute(s) shall be appointed by the ASCC Court.

2. The Chief Justice or designee shall serve as the Hearing Committee Chair, but shall have no vote in committee decisions. The five voting members of the Hearing Committee may be selected within the first six weeks of the academic year. Names selected by the Faculty Senate are to be submitted to the Chief Justice. Members of the Committee are to serve for an academic year.
3. The Vice President of Academic Affairs or administrative designee shall serve as Hearing Committee Executive Secretary. The Executive Secretary, a voting member of the committee, shall be responsible for keeping necessary records of committee hearings and assist the ASCC Chief Justice in the conduct of the hearing.
4. Grievance Committee members are to deal with all grievances in a confidential manner, except when both parties agree to a public hearing or otherwise required by law.

STUDENT SERVICES AND POLICIES

5. No person shall serve as a member of a Hearing Committee if that person has been personally involved in any matter giving rise to the grievance, has made any statement on the matters at issue, or could otherwise not act in a neutral manner. Any party to the grievance may challenge for cause any member of the hearing committee prior to the beginning of the hearing by addressing a challenge to the Hearing Committee Chair, who shall determine whether cause for disqualification has been shown. If the Hearing Committee Chair determines that sufficient grounds for removal of a member of the committee have been presented, the Hearing Committee Chair shall remove the challenged member or members and request a substitute from the original appointing constituent group.
- B. FORMAL HEARING
- The Hearing Committee shall conduct its proceedings according to the following procedures:
1. The Hearing Committee must meet within 15 instructional days after informal action has been completed and the grievant has requested a formal hearing.
 2. The Chair must notify the parties involved within five instructional days before the hearing of the date, time, and location of the hearing and must include a copy of the written complaint, a copy of the Statement of Student Rights and Responsibilities, and copy of the Grievance Procedure.
 3. Four members shall constitute a quorum by which Hearing Committee business may proceed. The quorum must include at least one student member, one faculty member, and one administrative member.
 4. The members of the Hearing Committee shall be provided with a copy of the grievance and any written response provided by the respondent before the hearing begins.
 5. Both parties shall have the right to present personal statements, testimony, evidence, and witnesses. Formal rules of evidence shall not apply. Any relevant evidence shall be admitted. Unless the Hearing Committee determines to proceed otherwise, each party to the grievance shall be permitted to make an opening statement. Thereafter, the grievant or grievants shall make the first presentation, followed by the respondent or respondents. The grievant(s) may present rebuttal evidence after the respondent(s)' evidence. The burden shall be on the grievant or grievants to prove by substantial evidence that the facts alleged are true.
 6. Each party shall have the right to be present, to be accompanied by the person of his or her choice (who may not participate in the hearing), and to question witnesses who are present. In a closed hearing, witnesses shall not be present at the hearing when not testifying, unless all parties and the committee agree to the contrary.
 7. The hearing shall be recorded by the Coordinator of Student Conduct and Grievance, either by audio recording or stenographic recording, and shall be the only recording made. No witness who refuses to be recorded may be permitted to give testimony. The audio or stenographic recording shall remain in the custody of the District, at all times, unless released to a professional transcribing service. Any recognized party to the grievance may request a copy of the recording.
 8. The Hearing Committee Chair shall, at the beginning of the hearing, ask each person present to identify themselves by name, and thereafter shall ask witnesses to identify themselves by name.
 9. The Hearing Committee shall discuss the stated grievance(s), hear testimony, examine witnesses, and receive all available evidence to the charge.
 10. The hearing shall be closed to the public unless otherwise agreed upon in writing by both parties.
 11. The Hearing Committee shall make decisions in private. The Hearing Committee shall write up findings and decisions. Copies of findings and decisions, including majority and minority reports, are to be sent to each party and the appropriate Vice President. The Hearing Committee's decision(s) shall be final unless appealed.
 12. A recording of the proceedings shall be kept in a confidential file in the Office of Student Conduct and Grievance and shall be available at all times to parties directly involved. All documents, communications, and records dealing with the processing of a grievance will be filed separately from the personnel files of the participants. After a period of four years, the grievance file shall be destroyed.
 13. Reprisals of any kind will not be taken by the District or any of its agents against any party of interest or any other participant in the grievance procedure by reason of such participation.
 14. Evidence and testimony given in each case presented shall not be the sole cause of initiating or filing further grievances.
 15. If the grievant does not act within the time limits provided herein, the ability to proceed with the grievance shall be terminated and no further action will be taken.
 16. The number of instructional days indicated at each step herein should be considered a maximum and every effort must be made to expedite the process. Time limits may be extended by mutual consent in writing or by decision of the Hearing Committee.
 17. The Hearing Committee should attempt to reach a decision by discussion and consensus on a workable solution. Voting should be a last course of action.
 18. If in the course of the proceedings a student graduates before a solution is found, the student shall not be denied full consideration under this policy. A student may also submit a grievance after graduation if the grievance did not become known until that time. However, it must be submitted within 30 instructional days after the grievant should have reasonably become aware of the act or condition on which the complaint is based.
- APPEALS PROCESS**
1. If a party wishes to formally appeal a recommendation of the Hearing Committee, an appeal must be submitted within ten instructional days to the appropriate Vice President provided the appropriate Vice President is not a direct party to the grievance. If the appropriate Vice President is a direct party to the grievance, and either party is dissatisfied with the recommendation of the Hearing Committee, an appeal may be submitted to a Vice President/Assistant Superintendent not a direct party to the grievance.

STUDENT SERVICES AND POLICIES

2. Upon receiving the findings and recommendations of the Hearing Committee, and after examination of the appeal as requested by either party, the appropriate Vice President or alternate may accept or reject the Hearing Committee's decision.
 3. If the appropriate Vice President or alternate rejects the Hearing Committee's decision, he or she shall submit his/her decision with the stated reasons for objections to the Hearing Committee within ten instructional days. The Hearing Committee shall within ten instructional days reconsider its decision(s) and submit its decisions to the appropriate Vice President for a final decision.
 4. The appropriate Vice President shall transmit his or her final decision to the parties within ten instructional days.
 5. An appeal of the appropriate Vice President's decision may be submitted to the President/Superintendent by either party within five instructional days of the appropriate Vice President's decision. The President/Superintendent shall transmit his or her final decision to the parties within ten instructional days.
 6. An appeal of the President/Superintendent's decision may be submitted to the Board of Trustees by either party within five instructional days of the President/Superintendent's decision. The Board of Trustees may review an appeal for two consecutive regular Board meetings before making a final determination of the matter at the District level.
 7. The President/Superintendent or designee, or the Board of Trustees may reject a Hearing Committee decision only after reviewing a transcription of the involved hearing.
1. The student will obtain a Grade Grievance Form from the Office of Student Conduct and Grievance.
 2. The student must return the Grade Grievance Form to the Office of Student Conduct and Grievance within 30 instructional days after the completion of the course about which the grade grievance is filed. An instructional day is defined as any day Monday through Friday that all normal college business is conducted, both in the classroom and in the administrative offices. All weekend days and college holidays are excluded.
 3. The Student Conduct and Grievance Coordinator will meet with the student and review the completed Grade Grievance Form. If the student wishes to pursue the grievance, the Student Conduct and Grievance Coordinator will sign and date the Form. In the absence of the Coordinator, the Dean of Student Services will perform these duties.
 4. The student will present a copy of the Grade Grievance Form to the applicable Division Dean. The Division Dean may schedule a meeting of all concerned if appropriate. The Division Dean should schedule a meeting only if the Form has the signature of the Student Conduct and Grievance Coordinator, and is dated. In the absence of the Coordinator, the Dean of Student Services will meet with the Division Dean. The Division Dean shall make a recommendation to the parties within ten instructional days.

STUDENT GRADE GRIEVANCE PROCEDURE

A student of the College may present a grade grievance. The California Education Code, Section 76224, quoted, states clearly the conditions upon which grades or grading can be questioned.

"When grades are given for any courses of instruction taught in a community college district, the grade given to each student shall be determined by the instructor of the course and the determination of the student's grade by the instructor, in the absence of mistake, fraud, bad faith, or incompetence, shall be final." "Mistake" may include, but is not limited to, errors made by an instructor in calculating a student's grade and clerical errors.

STEP I – INDIVIDUAL ACTION

A student who believes a final course grade was assigned due to mistake, fraud, bad faith, or incompetence shall meet with the faculty member to resolve his/her concern.

STEP II – MANAGEMENT ACTION

Note: If a student files a grade grievance that includes an allegation of unlawful discrimination, including harassment or retaliation, the grievance, or portion of the grievance, will immediately be referred to (i) the Diversity/Compliance/Title IX Officer or to the Vice President of Human Resources or designee per AP 3435, "Intake and Processing of the Complaint" or to (ii) the Cerritos College Section 504/ADA Coordinator per AP 3412, for attempted informal resolution or investigation.

STEP III – ADMINISTRATIVE ACTION

If either party is dissatisfied with the recommendation of the Division Dean, he or she may appeal the matter to the Vice President of Academic Affairs or designee within ten instructional days of the Division Dean's recommendation. The Vice President of Academic Affairs or designee shall call a meeting with the student, the ASCC Chief Justice, the Division Dean, and if needed, the faculty member. The Vice President of Academic Affairs or designee shall transmit his or her decision to the parties within ten instructional days.

STEP IV – PRESIDENT/SUPERINTENDENT ACTION

If either party chooses to appeal the decision of the Vice President of Academic Affairs, he or she may appeal the matter to the President/Superintendent of the College within ten instructional days of such decision. If a faculty member is dissatisfied with a recommendation and neither acts on it, nor appeals it, the Vice President of Academic Affairs will forward the matter to the President/Superintendent. The President/Superintendent will review the recommendation and if needed, request persons involved in the grievance to meet.

The President/Superintendent shall make a recommendation within ten instructional days. If either party is dissatisfied with the recommendation of the President/Superintendent, an appeal of the President/Superintendent's recommendation may be submitted to the Board of Trustees by either party. The appeal must be submitted within ten instructional days after the President/Superintendent's recommendation. The Board may review an appeal for two consecutive regular Board meetings, and if needed, request persons involved in the grievance to appear before making a final determination of the matter at the District level.

STUDENT SERVICES AND POLICIES

ADDITIONAL INFORMATION

Most complaints, grievances, and disciplinary matters should be resolved at the college level. If a complaint does not fall into one of the college's established procedures, it may be addressed in writing to the President/Superintendent. Individuals are strongly encouraged to make every attempt to resolve matters through the appropriate administrative processes.

Matters that are not resolved at the college level may be submitted to one or more of the following agencies for consideration:

- The Accrediting Commission for Community and Junior Colleges (ACCJC) at <http://www.accjc.org/complaint-process>, if the complaint is associated with the institution's compliance with academic program quality and accrediting standards. The ACCJC is the agency that accredits the academic programs of the California Community Colleges.
- If the complaint does not concern the college's compliance with academic program quality and accrediting standards, it may be directed to the California Community Colleges Chancellor's Office by completing the web form found at <http://californiacommunitycolleges.cccco.edu>.

STANDARDS OF STUDENT CONDUCT

The President/Superintendent shall establish procedures for the imposition of discipline on students in accordance with the requirements for due process of the state and federal laws and regulations.

The procedures shall clearly define the conduct that is subject to discipline, and shall identify potential disciplinary actions, including but not limited to the removal, suspension, or expulsion of a student.

A complainant or witness who participates in an investigation of sexual assault, domestic violence, dating violence, or stalking will not be subject to disciplinary sanctions for a violation of the District's student conduct policy at or near the time of the incident, unless the District determines that the violation was egregious, including but not limited to, an action that places the health or safety of any other person at risk or involves plagiarism, cheating, or academic honesty.

Due process requires that in all significant disciplinary situations a student is informed of charges against him/her, is given an opportunity to refute them, and has the opportunity to appeal a decision.

The Board of Trustees shall consider any recommendation from the President/Superintendent for expulsion. The Board of Trustees shall consider an expulsion recommendation in closed session unless the student requests that the matter be considered in a public meeting. Final action by the Board of Trustees on the expulsion shall be taken at a public meeting.

The procedures shall be made widely available to students through the College catalog and other means.

Students enrolling in Cerritos College assume an obligation to abide by all District regulations on District-owned or controlled property or at District-sponsored or supervised functions.

Students who fail to adhere to District regulations are subject to disciplinary actions.

In all disciplinary actions, the student shall be informed of the nature of the charges against him/her and given a fair opportunity to refute them. The District shall not be arbitrary in its actions.

The following conduct while on District-owned or controlled property or at District-sponsored or supervised functions shall constitute good cause for discipline, including but not limited to the removal, suspension, or expulsion of a student.

1. Assault, battery, or any threat of force or violence, or causing, attempting to cause, or threatening to cause physical injury to another person, in person or in an online environment and, when the victim or victims are associated with the District, whether or not the location is associated with the District.
2. Possession, use, sale, or otherwise furnishing any firearm, knife, explosive, or other dangerous object or chemical, including but not limited to any facsimile firearm, knife, or explosive on District-owned or controlled property or at District-sponsored or supervised functions without the prior authorization of the President/Superintendent or designee.
3. Unlawful possession, use, sale, offer to sell, or furnishing, or being under the influence of, any controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the California Health and Safety Code, an alcoholic beverage, or an intoxicant of any kind; or unlawful possession of, or offering, arranging, or negotiating the sale of any drug paraphernalia, as defined in California Health and Safety Code, Section 11014.5.
4. Committing or attempting to commit robbery or extortion.
5. Theft, attempted theft of, or willful damage to District property or property in the possession of, or owned by, a member of the college community or knowingly receiving stolen property or private property on District premises.
6. Willful or persistent smoking in any area where smoking has been prohibited by law or by regulation of the District.
7. Committing sexual harassment as defined by law or by District policies and procedures in person or in an online environment and, when the victim or victims are associated with the District, whether or not the location is associated with the District.
8. Engaging in harassing or discriminatory behavior based on national origin, religion, age, gender, gender identity, gender expression, race or ethnicity, color, medical condition, genetic information, ancestry, sexual orientation, marital status, physical or mental disability, pregnancy, or because he or she is perceived to have one or more of the foregoing characteristics, or based on association with a person or group with one or more of these actual or perceived characteristics, or any other status protected by law in person or in an online environment and, when the victim or victims are associated with the District, whether or not the location is associated with the District.
9. Engaging in intimidating conduct or bullying against another student through words or actions, including direct physical contact; verbal assaults, such as teasing or name-calling; social isolation or manipulation; and cyberbullying.
10. Willful misconduct that results in injury or death to a student, client, patient, visitor, guest, or to District personnel or that results in cutting, defacing, or other injury to any real or personal property owned by the District or on campus.
11. Endangering a student, client, patient, visitor, guest, or District employee or contributing to or causing harm to the health, safety, and/or well-being of such others.
12. Disruptive behavior, continual or willful disobedience and/or persistent defiance of the authority, habitual profanity or vulgarity, or abuse of District personnel or where the presence of the student causes a continuing danger to the physical safety of students or others.

STUDENT SERVICES AND POLICIES

13. Cheating, or engaging in other academic dishonesty including copying from another's work; discussion prohibited by the instructor; obtaining exam copies without permission; and using notes, other information, or devices that have been prohibited.
14. Misrepresentation and/or impersonation, including arranging for or allowing another individual to impersonate or otherwise misrepresent himself or herself to be a student generally or to be a particular student either in person or in an online environment, and/or impersonating or otherwise misrepresenting oneself to be another person in person or in an online environment.
15. Plagiarism, in individual or group work or in a student publication, including the act of taking the ideas, words or specific substantive material of another and offering them as one's own without giving credit to the source.
16. Dishonesty; forgery; alteration or misuse of District documents, records, or identification; or knowingly furnishing false information to the District.
17. Unauthorized entry upon, into, or use of District facilities, either in person or in an online environment.
18. 19. Engaging in expression that is obscene, libelous or slanderous, or that so incites students as to create a clear and present danger of the commission of unlawful acts on college premises, or the violation of lawful District administrative procedures, or the substantial disruption of the orderly operation of the District.
20. Persistent serious misconduct where other means of correction have failed to bring about proper conduct.
21. Unauthorized preparation, giving, selling, transfer, distribution, or publication, for any commercial purpose, of any contemporaneous recording of an academic presentation in a classroom or equivalent site of instruction, including but not limited to handwritten or typewritten class notes, except as permitted by any Board policy or administrative procedure.
22. Unauthorized use of audio, video or other listening, recording or transmitting device in any classroom, service area, or District activity without prior consent of the instructor, service area manager, or activity advisor except as necessary for reasonable accommodation.
23. Failure, as a person involved in sexual activity, to ensure that he or she has the affirmative consent of the other or others to engage in the sexual activity. Lack of protest or resistance does not mean consent, nor does silence mean consent.
 - Affirmative consent must be ongoing throughout a sexual activity and can be revoked at any time. The existence of a dating relationship between the persons involved, or the fact of past sexual relations between them, should never by itself be assumed to be an indicator of consent. "Affirmative consent" means affirmative, conscious, and voluntary agreement to engage in sexual activity.

 - ii. The accused did not take reasonable steps, in the circumstances known to the accused at the time, to ascertain whether the complainant affirmatively consented.
 - b.  - i. The complainant was asleep or unconscious.
 - ii. The complainant was incapacitated due to the influence of drugs, alcohol, or medication, so that the complainant could not understand the fact, nature, or extent of the sexual activity.

ACADEMIC HONESTY/DISHONESTY POLICY

Your instructors are eager to help you succeed in your studies at Cerritos College. But success means more than just receiving a passing grade in a course. Success means that you have mastered the course content so that you may use that knowledge in the future, either to be successful on a job, or to continue on with your education in advanced classes.

Your success depends on a combination of the skill and knowledge of your instructors, and your own hard work. You will reach your future goals only if you gain new knowledge from every course you take. That knowledge becomes yours and can be used by you, only if it is gained through your own personal efforts. Receiving a grade in a course, without acquiring the knowledge that goes with it, diminishes your chances for future success.

While in college, you are also shaping the principles which will guide you throughout the rest of your life. Ethical behavior and integrity are a vital part of those principles. A reputation for honesty says more about you, and is more highly prized, than simply your academic skills.

For this reason, academic honesty is taken very seriously by the Cerritos College faculty. The following guidelines have been prepared so that you will understand what is expected of you in maintaining academic honesty.

Academic Dishonesty is normally to be dealt with as an academic action by the instructor, reflected in the student's grade in the particular course, rather than through college disciplinary procedures. No specific departmental, divisional or institutional procedures are established for academic dishonesty other than the normal process for review and appeal of an instructor's grading procedures.

Academic Dishonesty is defined as the act of obtaining or attempting to obtain credit for work by the use of any dishonest, deceptive, or fraudulent means. Examples of academic dishonesty would include, but not be limited to the following:

- Copying, either in part or in whole, from another's test or examination;
- Discussion of answers or ideas relating to the answers, on examination or test when such discussion is prohibited by the instructor;
- Obtaining copies of an exam without the permission of the instructor;
- Using notes, "Cheat sheets," or otherwise utilizing information or devices not considered appropriate under the prescribed test conditions;
- Altering a grade or interfering with the grading procedures in any course;
- Allowing someone other than the officially enrolled student to represent the same;
- Plagiarism, which is defined as the act of taking the ideas, words or specific substantive material of another and offering them as one's own without giving credit to the source.

Options may be exercised by the faculty member to the extent that the faculty member considers the cheating or plagiarism to manifest the student's lack of scholarship or to reflect on the student's lack of academic performance in the course. One or more of the following actions are available to the faculty member who suspects a student has been cheating or plagiarizing:

1. Review-no action.
2. An oral reprimand with emphasis on counseling toward prevention of further occurrences.
3. A requirement that work be repeated.
4. A reduction of the grade earned on the specific work in question, including the possibility of no credit for the work.
5. A reduction of the course grade as a result of item 4 above, including the possibility of a failing grade for the course.

STUDENT SERVICES AND POLICIES

6. Referral to the Office of Student Conduct and Grievance for further administrative action, such as suspension or expulsion.

STUDENT DISCIPLINE PROCEDURES

Student conduct programs should contribute to the teaching of appropriate individual and group behavior as well as to protecting the campus community from disruption and harm. The Programs should be conducted in ways that will serve to foster the ethical development and personal integrity of students and the promotion of an environment that is in accord with the overall educational goals of the institution.

The Office of Student Conduct and Grievance is responsible for the student conduct and disciplinary procedures of the college. Inquiries should be directed to the Dean of Student Services in the Office of Student Affairs.

1. Concurrence with the decision; or
2. A grievance challenging the action.

If a grievance challenging the action is filed, a hearing will be conducted.

A Hearing Board shall be responsible to the President/Superintendent for reviewing and making recommendation to the President/Superintendent. Membership of the Hearing Board shall include the following:

1. Two members of the instructional staff appointed by the Faculty Senate.
2. Two student Court Justices appointed by the ASCC Chief Court Justice or by the Associated Students President, if the Chief Court Justice is a party to the matter.
3. The Disciplinary Officer shall serve as the Chairperson of the Hearing Board, but will not vote except to break a tie.

Procedures for a Hearing, Disposition, and Imposition of Sanctions

1. Written notice of a hearing shall be mailed or delivered to the student. A hearing must be held within ten instructional days of the suspension if the suspension is immediate. An instructional day is defined as any day Monday through Friday that all normal College business is conducted, both in the classroom and in the administrative offices. All weekend days and College holidays are excluded.
2. Notice shall include date and place of hearing, a statement of all charges, a copy of applicable policies and procedures, the opportunity of the student to appear in person, and the opportunity to present oral and documentary evidence.

Smoking, including the use of electronic cigarettes or other emission-producing products or devices, is prohibited within 20 feet of any exit, entrance, operable window, or ventilation intake of any campus building or structure; in any enclosed area on campus, including lobbies, lounges, courtyards, waiting areas, stairwells, and restrooms that are a part of any building or structure; and in all District vehicles, including gasoline or electric carts.

STUDENT SERVICES AND POLICIES

4. All hearings shall be tape recorded. A transcript shall be made available to parties directly involved, at their own expense. Transcripts may be redacted to comply with law, policies, and to protect the privacy and/or safety of individuals.
5. Promptly following a hearing, the Hearing Board shall submit the recommendation to the President/Superintendent. The President/Superintendent and/or designee shall make the final decision on suspensions. A decision of the President/Superintendent to suspend shall be issued to the student in writing. Expulsion requires action by the Board of Trustees. A decision of the Board of Trustees to impose expulsion shall be reached no later than the next regularly scheduled regular Board meeting after the Board receives the recommendation from the President/Superintendent. Notification of the Board's decision regarding expulsion shall be issued to the student in writing after the action by the Board.

Time Limits - Any times specified in these procedures may be shortened or lengthened if there is mutual concurrence by all parties.

These procedures may change from time to time and may be superseded by current state and federal laws and regulations. Otherwise, the College Catalog, which is updated annually, contains the most recent information regarding student discipline procedures.

Talon Marks Receives Journalism Awards

State Journalism Conference Honors Excellence in Student Reporting

Cerritos College's Talon Marks newspaper team recently won awards at the annual Journalism Association of Community Colleges (JACC) state conference at the Burbank Marriott Hotel. The conference was attended by nearly 500 students and faculty from community colleges throughout California.

The Talon Marks staff competed in the mail-in and on-the-spot competitions, and attended workshops in various areas of journalism.

Karla Enriquez, editor-in-chief; Kristopher Carrasco, online editor; and Briana Velarde, platforms editor; took second place in the on-the-spot video journalism category. Ethan Ortiz, news editor, was an honorable mention in the on-the-spot news story category.

In addition, Talon Marks editors Karla Enriquez, Kristopher Carrasco, and Gustavo Lopez presented a panel discussion about its recent breaking news coverage of two shootings near campus. The College's Mass Communications Department Chair and Talon Marks Faculty Advisor Rich Cameron moderated the panel.

STEM Students Show Santa Fe Springs Families that Science Can Be Fun

Cerritos College's STEM (Science, Technology, Engineering, and Mathematics) students shared hands-on science and math activities with families during the Science Fair at Santa Fe Springs Library. More than 100 families attended the fun-filled afternoon.

Students from the Astronomy Club provided views of the sun and sun spots through a telescope and answered questions about the solar system. Members of the Women in STEM Club helped children extract DNA from strawberries, while students from the Bio Chem Club and SACNAS (Society for Advancement of Chicanos/Hispanics and Native Americans in Science) Club taught families about chemistry using milk and food coloring. Magnetism, electricity, and Mars rovers were demonstrated by the ASET and Aerodynamics Clubs and physics students. Math Club provided raffle prizes and brain teasers.

"These students from STEM departments and clubs did a great job showing children and their parents how fun science and math can be," said Connie Boardman, instructional dean of Science, Engineering, and Mathematics Division, Cerritos College.

Cerritos College Gains Audi Education Partnership and New 2016 Q3 to Enhance Student Learning

The Cerritos College Automotive Import Technician Training Program (ITTP) recently received a new 2016 Q3 donated by Audi of America. The College also signed an agreement with Audi of America to join the Audi Education Partnership Program, which aims to attract skilled technicians to Audi dealerships. Under the program, Audi will provide the College with technical information, web-based training, vehicles, tools, and equipment all related to Audi brand products to support student training.

To kick off the partnership, 15 representatives from Audi's corporate office and dealerships visited the ITTP students on February 4. Students had an opportunity to hear from the representatives about the company, employment opportunities, and career possibilities in automotive.

The students in ITTP are required to work more than 1,000 hours in a shop or dealership. This work experience applies to the units the students need for their certificate.

"Our relationship with Audi will greatly increase the chances of a student working in an Audi dealership while attending classes at Cerritos College," said Leonard Glick, instructor in the College's Import Technician Training program. "As a benefit to the dealer, the student will be exposed to Audi products and procedures while in the automotive training program. This is a great opportunity for our students, Audi of America, its dealers, and the College. We're very excited about the program and we're looking forward to a long and productive relationship."
