

SPECIAL ABILITIES and SKILLS STATEMENT

Why do you want to enter into this field?

Discuss any special abilities or skills that you believe would make you an asset to this profession.

The Dental Hygiene program requires many skills both physically and mentally, by submitting this form you acknowledge you have read and can perform all skills and tasks included on the Dental Hygiene Technical Standards/Essential Functions.

The Technical standards have been prepared to assist you in understanding the technical standards of the Dental Hygiene program in order to affiliate in the clinical agencies and ultimately practice the profession. The technical standards are not conditions of admission to a program of study. Rather, they reflect performance abilities that are necessary for a student to successfully complete the requirements of the Dental Hygiene program.

“I have thoroughly reviewed the technical standard statement and can confidently affirm my understanding of its contents. I possess the requisite skills, physical capabilities, and mental acuity necessary to successfully fulfill the duties specified in the document.”
