

2022 Women's History Month
Refusing to be Silenced

*Persisters:
Trailblazing Women Who Wouldn't Give Up*

March 7 | 3-4:30 p.m | <https://cerritos-edu.zoom.us/j/99215866742>

A persister is defined as a person who “continues steadily in some state, purpose or course of action, in spite of opposition or criticism”. This workshop features 16 women identified as Persisters by Jo Hay, a contemporary British American portrait painter. Starting in 2017, Ms. Hay began studying a variety of women and used her talent as an artist to highlight them and bring attention to their unwavering strength to attain their goals. During this interactive workshop we will learn about these women, their background and what makes them willing to not give up and to make a mark in history. The workshop will close with time to share our own stories of persistence.

If disability accommodations (e.g., communications access, alternate formats) are needed to participate fully in these events, please contact accommodationsrequest@cerritos.edu within seven school days in advance.
