STUDENT SUCCESS STORY

Jennifer Garcia

Certificate: Cosmetology and Esthetician

Updo Hairstyle

Eyelash Lifts

What made you come to Cerritos College and why?

It was 2020 during COVID when I decided to enroll into Cerritos College for their Esthetics Program. I was already doing beauty services and wanted to focus more on my career by becoming a licensed professional.

Were there challenges you had to overcome to attend?

There was an academic challenge during COVID because everything was completely online. Everything was through Zoom and nothing was hands on which I would have liked but thankfully everything worked out.

Have any faculty/staff members helped you in your educational journey?

Janet Ramirez-Han and Rossi Petrova helped me throughout my time in the Esthetician program. Angel Cosio helped me a lot throughout my time in the Cosmetology program. All of them had their own techniques and tricks that I learned through the program that helped me out within the real world.

What about your program has helped you succeed?

Both programs exceeded my expectations. After completing both programs, I felt over prepared and very knowledgeable where it will help me tremendously as a beauty professional.

What are/were your plans after college?

My plans have not changed since I started the program, my goals just keep getting bigger and brighter. I plan to expand my small beauty studio into a more spacious beauty bar, where I will provide professional services such as, makeup, hairstyling, lash lifts, brow lamination, and facial waxing.

Any advice to a new student?

You have enrolled in the right place! Make sure to practice everything you are taught, then narrow it down to something you like the most and you know you're good at. You need to love what you do, so it won't feel like a job! Finding your niche in the beauty industry will make your life easier as a professional.
