

Accreditation Draft Campus Request for Feedback

September 2025

Good afternoon,

Thank you to everyone who participated in the recent campus Accreditation forums. Your insights and questions are helping shape our shared understanding and progress toward RSI compliance.

We recognize that not everyone from the campus community was able to attend. If you weren't able to join us, your voice is still important—and your feedback is very much welcome.

A copy of the presentation is attached for your information. Below are the links to the draft narratives document and the feedback form. You must be signed into your Cerritos account to view the documents:
