### 5. Discussion: Student Communication- (EMP Goal D)

The committee discussed the methods, strengths, and weaknesses of current communication strategies for events and activities on campus.

A. Areas for Improvement:

- Students are not checking their emails. They get campus information off the A-frame posters placed through campus and through word of mouth. Lawn signs communication, used for some events.
- Canvas- Students spend their time on Canvas to access their homework.
  - There is not a way for the Daily Falcon & Campus Connection link to Canvas.
  - MyCerritos- Students have expressed to staff that they do not use their MyCerritos accounts.
- Social Media- Students are using Instagram.
  - Requests to post on Cerritos College official social media pages must go through Public Affairs.
- Digital signage: Departments control the digital monitors in their areas (ex. Fine Arts Building monitors).
  - Administration area screens posts open classes only.
  - MTVU monitors are owned and controlled by MTVU (soon to be Cheddar U News). The TVs have the potential to show campus announcements/events posted, but they are unable to caption the content, therefore, the TVs are currently off.
  - ASCC is planning to request funding for digital signage for more locations on campus. The ASCC has met with IT to discuss their plans.
- Incentives for students: Creating an incentive for students to use their student emails and stay engaged with Cerritos College's social media pages, perhaps a "Daily Winner" campaign.
- Marketing Timeframe: How soon should we start/start marketing for campus events. A marketing timeline needs to be established.
- Tabling events: Lacks participants.
- Need for outdoor message center, which students know if an area that students may use to post event flyers, job announcements, items for sale, etc. We currently have an 11x17 space on the backside of the directories.
  - Message center should be a student led initiative.

## 6. Cerritos College Food Court & Vending Services (EMP Goal F)
