

IN THE SENATE OF THE ASSOCIATED STUDENTS

12/10/2025

Senator Mateo introduced the following Bill

Senator Chung seconded the following Bill

A BILL

Do the Falcons Squeak?: An Accessibility & Engagement Act SB-2526-14

- Whereas:** Senators of the Associated Students of Cerritos College are expected to represent the student body;
- Whereas:** A significant number of bills have focused primarily on funding for clubs rather than addressing broader issues students experience on campus;
- Whereas:** A majority of students do not know who their Senators are, how to contact them, or how to voice concerns regarding campus issues;
- Whereas:** Public Forum during Senate meetings often conflicts with class schedules, preventing many students from sharing their thoughts;
- Whereas:** Creating an accessible method for students to share concerns, such as through a Google Form, will promote greater engagement and provide opportunities for Senators who have not previously authored legislation;
- Whereas:** Responses submitted through the Google Form will help guide Senators in developing future resolutions that address real student needs;
- Resolved:** That a Google Form shall be created and managed jointly by the Senate Majority Leader and Senate Minority Leader as they serve as representatives of the Senate body.
- Resolved:** That a QR code linking to the Google Form shall be required at all ASCC tabling events and placed permanently in visible locations across campus, including signage and the Office of Student Life.
- Resolved:** A post will be created regarding the Google Form and be posted on the ASCC Student Government social media accounts.
- Resolved:** The answers of the students will be widely available only to the ASCC Senate, Court, and Cabinet.
- Resolved:** ASCC Senate shall approve SB-2526-14 and require the implementation of a Google Form accessible to all members of the Senate, Court, and Cabinet.

Amendment History

None.
