## 6. Public Forum

Benjamin Flores mentioned how there was an on campus event that pertained to safety. He stated how he learned a lot from this event about campus police and that the issue they are dealing with is theft of property in parking lots. A proposal he made to campus police was having surveillance where a lot of property is being stolen, especially since there is no one monitoring certain areas on time during after hours. Benjamin Flores also spoke to Commissioner Gonzalez about getting surveillance near the bike racks or parking lots. He believes that surveillance will make a big difference on campus. He mentioned all the available resources on campus for students such as: the health center, campus police, student government, etc. Lastly, he encouraged everyone to think of the importance of having surveillance on campus for students' safety.

Senator Guzman spoke about the issue of the noise in the library. He mentioned how there are rules, but they have not been enforced. ASCC Vice President Oyarzabal believed that we should move forward for a stance of support to have Student Government leaders and cadets patrolling the library to regulate the noise. Commissioner Gonzalez mentioned how the noise is an issue because it has been a problem for students who want to study. He also stated that the main room is loud, but the cubicles area is a little quieter. Commissioner Germata mentioned that study rooms could work for discussions and group projects, to reduce the noise level. Party Whip Sedano stated that as student leaders, we should take the initiative and have the power to solve this issue. She believed that bringing in cadets would resolve this problem. Senator Guzman mentioned how resolving this issue is just a short-term goal and that a long-term goal would be to have a two-story library in the future, like other colleges. ASCC President De La Rosa mentioned that he contacted Chief Tom Gallivan and he will have cadets walk through the library. He also stated that the library staff has to be the first point of contact to bring attention to the violation of rules before cadets can take action.
