**APPRENTICESHIP: FIELD IRONWORKERS  
STRUCTURAL  
ASSOCIATE OF ARTS**

The Field Ironworkers A.S. degree prepares students for employment in the construction industry, primarily in ironwork. Through courses focusing on Reinforcing or Structural, students will learn the fundamental principles in basic and supervisory level functions in the construction ironwork industry for continuing academic achievement and professional success. Students can either choose the Reinforcing or Structural core units to complete the Field Ironworkers A.S. degree. Core topics include steel and cable reinforcing in concrete construction (rebar work), erections of steel skeleton of buildings, unbonded and bonded reinforcing post tensioning, rigging of heavy machinery, foreman training, and techniques for greater safety in reinforcing iron. Graduates are employed as journey person in the field of ironworks, or are self employed. Spatial intelligence, cognitive ability, and eye hand coordination are recommended for those entering the program.

**ADMINISTRATION OF JUSTICE**

**ASSOCIATE IN SCIENCE FOR TRANSFER (AS-T)**

Administration of Justice is the study of the causes, consequences and control of crime. The program leading to the Associate in Science in Administration of Justice for Transfer is designed to acquaint pre-service and in-service students with the principles and practices of criminal justice systems in America. Although the program’s curriculum allows for the development of depth in one of the subject’s substantive subsystems (i.e. law enforcement, juvenile, courts or corrections), our objective is to familiarize students with activities in all the above areas. The program is both academic and professional in that it is an interdisciplinary attempt to relate intellectual issues and practitioner perspectives to the challenge of crime in a free society. Consequently, the program provides preparation for employment with a related agency and/or transfer to a college or university. Students will be prepared to work in a variety of fields, including public law enforcement agencies such as municipal police, probation officers, county deputy sheriffs, correctional officers, game wardens, state parks, and private security. Those completing the Associate in Science in Administration of Justice degree will be able to transfer to the California State University system and be prepared to study in the following areas: Administration of Justice, Law Enforcement, Correctional Administration, Criminology, Social Science, and Pre-Law. This degree is for seamless transfer to CSU.

**COMMUNICATION STUDIES 2.0**

**ASSOCIATE IN ARTS DEGREE FOR TRANSFER**

Communication Studies majors will learn the dynamics of communication between and -among individuals, groups, cultures, and organizations. Communication Studies integrates courses in interpersonal, intercultural, organizational, and rhetorical communication to foster creativity, critical thinking, and communication confidence in diverse environments. Communication Studies majors pursue a variety of careers depending on their interests. Public relations and advertising firms, healthcare organizations, government and educational institutions, entertainment companies, social service groups, and media-based firms are just some examples of organizations having a need for people with highly developed interpersonal and technical communication skills. Some of the current career titles include social media relations, diversity trainer, public information officer, public relations specialist, political consultant, press secretary, labor relations specialist, public opinion researcher, news producer, speechwriter, advertising account executive, media manager, human resources manager, mediator, and special events coordinator. Because of the focus on interpersonal, professional, and intercultural communication skills, this major may also lead to many other careers and advanced degree pursuits such as law and counseling. While meeting the Associate in Arts Degree for Transfer in Communication Studies requirements, students can satisfy up to four different general education transfer requirements (Oral Communication, Social Science, Humanities, and Critical Thinking) as well as earn a Certificate of Completion (12 units).

This degree is for seamless transfer to CSU system.

**ECONOMICS**

**ASSOCIATE IN ARTS FOR TRANSFER (AA-T)**

Economics is essential for the understanding of our society. It is the study of how we make choices as individuals and as a society. This study of choices concerns decisions such as what we consume in our everyday lives, how we produce a variety of goods or services, and to whom we distribute these products. In pursuing the Associate in Arts in Economics for Transfer (AA-T) degree, students will learn to use theoretical models and empirical evidence to explain the behavior of individuals, firms, and nations insofar as it relates to the core elements of an economy -consumption, production, and distribution. Students majoring in economics develop analytical, critical thinking, problem-solving, and communication skills. This program is for seamless transfer to CSU.

## HISTORY

### ASSOCIATE IN ARTS FOR TRANSFER (AA-T)

Earning an Associate in Arts in History for Transfer degree provides students with a broad understanding of how the past has shaped the present-day United States and the world. Majors explore humanity's social development, including racial and ethnic diversity, gender roles, and migration; examine cultural accomplishments, including language, religion, civilization, and arts; and analyze political shifts, including the rise and fall of nations, spread of political ideals, social movements, revolutions, leaders, and wars. The study of history strengthens students' abilities to communicate clearly in writing and speech, and to evaluate claims and evidence to draw justified conclusions. Completing a History AA-T degree also prepares students for seamless transfer to History programs at California State University, University of California, and other four-year colleges.

## MATHEMATICS

### ASSOCIATE IN SCIENCE FOR TRANSFER (AS-T)

By successfully completing the courses for an Associate in Science in Mathematics for Transfer degree at Cerritos College, students will gain a practical and theoretical understanding for future studies involving mathematics. The role of mathematics is vital and growing, providing methods for finding solutions to problems in a wide range of sciences: social, biological, physical, behavioral, and managerial. More generally, mathematics is necessary for understanding and expressing ideas in science, engineering, and human affairs. This degree is for seamless transfer to CSU.

## POLITICAL SCIENCE

### ASSOCIATE IN ARTS FOR TRANSFER (AA-T)

The goal of the program is to introduce students to the major fields of study in political science as well as the theoretical and practical aspects of government and politics. A major in political science is of benefit to students seeking careers in law, journalism, foreign affairs, economics, business, public relations, and public administration. The program includes the study of American Politics (principles, institutions, and policies) and, depending upon the student's chosen course of study, may also include Comparative Politics (institutional structures, processes, and political cultures), International Relations (structure and operation of the international system), and/or Political Philosophy (ideas about human nature, power, justice, and the state). Completion of the degree indicates that the student will have satisfied the lower-division requirements for a seamless transfer into the California State University system for political science majors.

## PUBLIC HEALTH SCIENCE (AS-T)

### ASSOCIATE IN SCIENCE FOR TRANSFER

The Associate in Science degree in Public Health Science for Transfer is an interdisciplinary degree grounded in the biological and health sciences that is designed to prepare leaders who promote community health, prevent disease, and improve environmental conditions where people can be healthy. The study of public health explores the factors that affect the overall health of a population and the factors that contribute to the spread, treatment, and prevention of disease. Students completing this program will exemplify a high level of health literacy and will be exposed to a wide variety of disciplines. Through this preparation, they will improve their understanding of the relationship of the environment to health, global health, public policy, and recognize and evaluate the economic impact of changing demographics on health care, identify disease outbreaks, and develop interventions to promote healthy behavior.

## SOCIAL JUSTICE STUDIES:

### GENDER STUDIES

#### ASSOCIATE IN ART FOR TRANSFER (AA-T)

The Associate in Arts for Transfer (AAT), Social Justice Studies-Gender Studies is designed for all students regardless of gender identification. It is a dynamic interdisciplinary field of study that examines diverse human experiences and identities from a social, cultural, historical and economic perspective. Using an intersectional, feminist, transnational, LGBTQ+ and social justice framework, the degree aims to help students understand and dismantle not only sexism, but also racism, homophobia/heterosexism, transphobia, and other forms of institutionalized oppression. Gender Studies graduates are well positioned to hold positions in business, government, law, and the non-profit sector, where they are actively working to create positive changes in society. More specifically, the program can lead to a variety of careers including community organizer, social worker, lawyer, Equal Employment Opportunity Officer, political lobbyist, political strategist, and many more. The AAT prepares students who wish to transfer and pursue a baccalaureate degree in a field related to Social Justice, particularly at the California State University campuses.

**SOCIAL JUSTICE STUDIES:**

**CHICANO STUDIES**

**ASSOCIATE IN ARTS FOR TRANSFER (AA-T)**

The Associate in Arts in Social Justice Studies-Chicana/o Studies for Transfer (AA-T) Degree is intended to meet the lower division requirements for Chicano Studies majors (or similar majors) at a CSU campus that offers a baccalaureate degree in a relevant or similar major.

This program is designed to prepare students for seamless transfer to a CSU to pursue degrees and programs related to race and ethnicity.

Upon completion of this program, students will possess foundational understanding in the field of Social Justice Studies-Chicana/o Studies and an awareness of the major theories and concepts that give voice to the lived experiences of Mexican American, Chicana(o), and Latinx communities.

The AA-T in Social Justice Studies-Chicana/o Studies program introduces students to the broader field of Social Justice Studies, providing a theoretical framework for the study of race, ethnicity, gender, and identity through an intersectional lens while also providing students with the opportunity to examine, analyze and contextualize, historical, social, and political contexts and events that have shaped the experiences of Mexican American, Chicana(o), and Latinx communities.

Upon completion of this program, students will possess foundational understanding in the field of Social Justice Studies-Chicana/o Studies and an awareness of the major theories and concepts that give voice to the lived experiences of Mexican American, Chicana(o), and Latinx communities.

## e. Select an additional general education course from those listed above or a course from Plan B or Plan C so that the earned general education units total at least 18.

\* These courses appear in more than one category, but may only be counted once.

\*\* These courses do not meet the General Education Requirements for CSU or IGETC.

\*\*\* These courses do not meet the General Education requirements for IGETC.

+ These courses are cross-listed with another course. Cross-listed courses may only receive credit once.

NOTE: The preceding graduation requirements apply to students who were in attendance during the 2023-24 school year and thereafter. Students who enrolled prior to Fall 2023 and who have maintained continuous attendance at Cerritos College have the option of meeting the current requirements or those in effect at the time continuous attendance began.

## **PLAN C: INTERSEGMENTAL GENERAL EDUCATION TRANSFER CURRICULUM (IGETC) FOR TRANSFER TO UC & CSU**

PLAN C is designed primarily for students who intend to transfer to the University of California (UC) or are undecided between transferring to the UC or the California State University (CSU). Students may use this plan to combine completion of both the A.A. degree general education requirements and the IGETC General Education requirements.

The purpose of IGETC is to provide an option for students to fulfill lower division general education requirements prior to transferring to a UC or CSU campus.

Depending upon the student's major and campus choice, it may be advantageous to complete the requirements of the specific campus the student plans to attend. In general, it is not advisable for transfer students preparing for majors at any UC campus requiring a high number of units, such as engineering and science, to use IGETC.

Plan C can be fulfilled by completing the IGETC requirements specified for either the UC or CSU. A letter grade of "C" or higher is required in all Plan C courses.

To earn an Associate of Arts degree using Plan C, students must complete a minimum of 60 degree applicable units with a grade point average of "C" (2.0) or higher, which must include the specified general education requirements and designated courses for a major. The Health and Wellness Proficiency requirement must be completed (See description in Plan A).

If a student wishes only to transfer and is not seeking an A.A. degree, there are no proficiencies required for IGETC Certification. Credits from international transcripts will not be used to certify general education requirements for transfer. Partial certification may be possible if a student is missing no more than two courses. Please see a counselor for more information.

It should be noted that completion of IGETC is not required for admission to the UC or CSU.

\* These courses appear in more than one category but may be used only to satisfy one category.  
 + A + preceding the course number means these courses are cross-listed with another course. See individual cross-listed course descriptions in the college catalog.  
 + A + following the course number indicates there is a possible UC credit limitation for this course. UC credit limitations may apply for certain courses in IGETC, as well as other UC transferable courses which are not in IGETC. An explanation for each course which has credit limitations, appears in the college catalog course description.  
 For details, see a counselor.

#### ADDITIONAL REQUIREMENTS

- A. UC ONLY: Language other than English There are several ways to satisfy this requirement. They include:
  - a. Complete two years of the same foreign language in high school with a grade of "C-" or higher.
  - b. Complete first college course in any foreign language or ASL 110.
  - c. Earn a minimum score of 500 on an appropriate College Board Achievement Test in a foreign language.
  - d. For other options, see your counselor
- B. CSU ONLY: The CSU has a specific American Institutions requirement that is separate from the general education requirements. Courses used to meet the American Institutions requirement may be used to satisfy requirements for the IGETC, at the discretion of the receiving CSU campus. It is recommended that this requirement be met prior to transfer. The following will meet the CSU American

Institutions requirement. 6 units, one course from Group 1 and one course from Group 2.

Group 1: Chicano Studies +108 History 101+, 102+, 103+, +108

Group 2: Political Science 101+, 201+

- C. The UC-bound student should be aware of the American history and institutions requirements at the campus of choice. Requirements may vary. See your counselor for details.
