6 38 U.S. Code Section 3679

7 Residence Determinations for Military Personnel and Dependents

8 A student who is a member of the armed forces of the United States stationed in
9 California, except a member of the armed forces assigned for educational purposes to a
10 state-supported institution of higher education, is entitled to resident classification. Such
11 student shall retain resident classification in the event that the member of the armed
12 forces is thereafter transferred on military orders to a place outside of California or
13 thereafter retires from active duty, so long as the student remains continuously enrolled
14 in the District.

15 An undergraduate student who is a natural or adopted child, stepchild, or spouse who is
16 a dependent of a member of the armed forces of the United States stationed in this state
17 on active duty shall be entitled to resident classification. Such student shall retain resident
18 classification if he/she/they is thereafter transferred on military orders to a place outside
19 of California, so long as the student remains continuously enrolled in the District.

20 A veteran who was discharged or released from at least 90 days of active service
21 commencing on or after July 1, 2015, and his/her/their dependents, regardless of the
22 veteran's state of residence is entitled to resident classification.

23 An individual who is the child or spouse of a person who, on or after September 11, 2001,
24 died in the line of duty while serving on active duty as a member of the Armed Forces
25 who resides in California is entitled to resident classification.

26 An individual who is entitled to transfer Post-9/11 GI Bill program benefits by virtue of their
27 relationship to a member of the uniformed services who is serving on active duty is entitled
28 to resident classification.

29 A parent who is a federal civil service employee and his/her/their natural or adopted
30 dependent children are entitled to resident classification if the parent has moved to this
31 state as a result of a military mission realignment action that involves the relocation of at
32 least 100 employees. This classification shall continue until the student is entitled to be
33 classified as a resident, so long as the student continuously attends an institution of public
34 higher education.

35 A student claiming the residence classifications provided for in this procedure must
36 provide a statement from the student's commanding officer or personnel officer providing
37 evidence of the date of the assignment to California and that the assignment to active
38 duty in California is not for educational purposes. A student claiming the residence
39 classifications provided for here for the dependent of military personnel shall provide a
40 statement from the military person's commanding officer or personnel officer that the
41 military person's duty station is in California on active duty as of the residence
42 determination date, or has been transferred outside of California on active duty after the
43 residence determination date, or that the military person has retired from active duty after
44 the residence determination date. (Title 5, Sections 54041 and 54042)

45 **Withdrawal Procedures for Members of the Military**

46 A student who is a member of an active or reserve United States military service and who
47 receives orders compelling a withdrawal from courses shall be permitted to withdraw upon
48 verification of such orders. A withdrawal symbol of "MW" will be assigned on the student's
49 transcript. Military withdrawal shall not be counted in progress probation, dismissal
50 calculations, or in calculating the permitted number of withdrawals. In no case may a
51 military withdrawal result in a student being assigned an "FW" grade. In no case may a
52 college require a student who is required to report for military duty to withdraw from a
53 course by a specified date in order to receive a full refund of the tuition and fees the
54 student paid to the college for the academic term in which the student was required to
55 report for military service. In order to retain catalog rights, a student must re-apply for
56 admission within one semester of completion of active duty.

57 The Cerritos College Catalog contains the most recent information regarding students in
58 the military. This document is updated annually.
