6 District and, with the recommendation and assistance of the President/Superintendent,
7 shall establish District policies governing the operation of the College.

8 The Board of Trustees may adopt such policies as are authorized by law or determined
9 by the Board to be necessary for the efficient operation of the District. The policies have
10 been written to be consistent with provisions of law, but do not encompass all laws relating
11 to District activities. All District employees are expected to know of and observe all
12 provisions of law pertinent to their job responsibilities.

13 Policies of the Board may be adopted, revised, added to, or amended at any regular
14 Board meeting by a majority vote. The President/Superintendent shall have the authority
15 to make minor corrections such as legal reference updates and non-substantive revisions
16 to the Board Policies to ensure they remain accurate. The Board shall review the policies
17 on a regularly scheduled basis to be completed no later than one year prior to the regularly
18 scheduled accreditation site visit. Additional changes will be recommended to the Board
19 as needed.

20 Administrative procedures are to be issued by the President/Superintendent as
21 statements of method to be used in implementing Board Policy. Such administrative
22 procedures shall be consistent with the Board Policy. Administrative procedures may be
23 revised as deemed necessary by the President/Superintendent.

24 The President/Superintendent shall provide each member of the Board with copies of an
25 administrative procedure as it is revised. The Board reserves the right to direct revisions
26 of the Administrative Procedures should they, in the Board's judgment, be inconsistent
27 with the Board's own policies.

28 All policies and administrative procedures shall be available to employees and the public
29 through the Office of the President/Superintendent and the District's web site.
