4 The District shall offer Career and Technical Education (CTE) programs that implement
5 its occupational education and economic development missions. CTE enables
6 individuals to reach their occupational goals and supports the local economy by providing
7 an educated workforce. The Board of Trustees shall approve membership on the
8 Advisory Committees as recommended by the President/Superintendent from individuals
9 who are recommended to the deans by faculty and community.

10 CTE will serve first-time workers, incumbent workers, and those re-entering the
11 workforce. The District will provide programs and support services appropriate to those
12 groups.

13 It is the District's goal to provide up-to-date, well-equipped, industry connected programs.
