

Human-centered AI: An inclusive approach to curriculum and pedagogy

Speaker: Rick White
April 4 | 2 - 3:30 p.m.

Zoom Registration:

Meeting ID: 842 3307 3639

CERRITOS
COLLEGE

Discover the inclusive potential of human-centered AI in curriculum development and pedagogy. This 1.5 hour session will delve into innovative strategies for integrating AI into the classroom, prioritizing human experiences and inclusivity while examining the first Artificial Intelligence associate in science degree in the state. Gain valuable insights into transforming AI concepts into engaging learning experiences, empowering educators in the rapidly evolving digital landscape.
