#### **Coming Out Writing Contest**

The process of "coming out" for Lesbian, Gay, Bisexual, Transgender, and Queer (LGBTQ) people can sometimes be difficult and present several obstacles. Nonetheless, the coming out process is an important milestone for LGBTQ individuals, regardless of how smooth or difficult their process is. For this contest, write a short story (500 words) about your coming out process, or about your experience with a friend or family member coming out to you, or a fictional story about someone coming out. Document the emotional journey of this process as well as the overall significance of coming out.
