Agreement No.: 17-C01-006

Program Title: Educational Partnerships

Briefly describe the across CTE program improvement issue(s) that require funding. (Limited to 2,000 characters, or approximately ½ page of text.)

Students enrolled in one of eight (or more) career technical education (CTE) programs will receive comprehensive student support services from a part-time/full-time counselor with specialized information gathered from faculty in the appropriate discipline.

Briefly describe how the issue(s) will be addressed. (Limited to 2,000 characters, or approximately ½ page of text.)

Expected outcomes include: Course requirements for a minimum of eight different CTE programs and related certificates will be communicated to prospective students in the form of pre-enrollment outreach materials for use at events and by outreach personnel. Orientation sessions and one-on-one counseling sessions will be conducted throughout the year. Currently enrolled students will have a student education plan that supports their educational goals at the certificate, degree, and transfer levels as a result of at least one session with the specialized part-time counselor. Students completing their student education plan will have a specialized counselor, familiar with their course of study and educational goals, to provide guidance related to academic and financial supports necessary for student persistence, retention, and completion. Participation and support of common CTE areas, i.e., participation in related advisory councils, communication of curriculum changes related to CTE Transitions/Career Pathways and participation in secondary events, and areas of core indicator deficiencies needing systemic solutions (employment, nontraditional participation and completions).

Below are the nine §135(b) Requirements for Uses of Funds. Programs receiving these funds must meet these requirements. Indicate with a check mark those requirement(s) that will be strengthened through the activities funded across CTE programs.

- | | |
|----|--|
| 1. | Strengthening the academic, and career and technical skills of students participating in CTE programs through the integration of academics with CTE programs. [§135(b)(1)] |
| 2. | Link CTE at the secondary and the postsecondary levels, including by offering elements of not less than one program of study described in §122(c)(1)(A). [§135(b)(2)] |
| 3. | Provide students with strong experience in and understanding of all aspects of an industry, which may include work-based learning experiences. [§135(b)(3)] |
| 4. | Develop, improve, or expand the use of technology in CTE, which may include training to use technology, providing students with the skills needed to enter technology fields, and encouraging schools to collaborate with technology industries to offer internships and mentoring programs. [§135(b)(4)] |
| 5. | Provide in-service and pre-service professional development programs to faculty, administrators, and career guidance and academic counselors involved in integrated CTE programs, on topics including effective integration of academics and CTE, effective teaching skills based on research, effective practices to improve parental and community involvement, effective use of scientifically based research and data to improve instruction. Professional development should also ensure that faculty and personnel stay current with all aspects of an industry; involve internship programs that provide relevant business experience; and train faculty in the effective use and application of technology. [§135(b)(5)] |
| 6. | Develop and implement evaluations of the CTE programs carried out with Perkins IV funds, including an assessment of how the needs of special populations are being met. [§135(b)(6)] |

7. Initiate, improve, expand and modernize quality CTE programs, including relevant technology. [§135(b)(7)]
