

Local Application Program Information by TOP Code

College: CERRITOS COLLEGE

Agreement No.: 17-C01-006

Program Title: Business Computerized Office

TOP Code: 051400

Briefly describe program improvement issue(s) concerning this TOP code and include specific examples. (Limited to 2,000 characters, or approximately ½ page of text.)

Technical Skill Attainment: All relevant student categories are below district- negotiated level and decreased from last year’s data. The greatest decrease is due to fewer single parents entering the program. Completions—Credential, Certificate, Degree or Transfer Ready: All relevant student categories are below district-negotiated level and decreased from last year’s data. There is a decrease in economically disadvantaged students in the program and added the single parent category to the report, which is part of this decrease. Persistent and Transfer: All relevant student categories are below district-negotiated level and decreased by .8 from last year’s data. Employment: All relevant student categories are above district-negotiated level and improved 5.4 from last year’s data. This is the main goal of the department to have students employed after graduation. Nontraditional Completion: All relevant student categories are below district-negotiated level and a slight decrease from last year’s data. This is due to single parent and students with disabilities not in the program. Nontraditional Completion: All relevant student categories are below district- negotiated level and decreased from last year’s data.

The Employment category has increased, which means that the program has improved their relationship with local business and due to working with Business Information Worker Pathway to Success. Offering more online classes and allowing students to earn their Certificates by taking only online classes does attract single parents, working students, and students with disabilities.

Briefly describe how the issue(s) will be addressed. (Limited to 2,000 characters, or approximately ½ page of text.)

•We have been using the OrgSync app to communicate with students about online job resources and post jobs as they come to our department for all students to see. It is still relatively new but has been useful to increase our employment numbers. We have included the website for Business Information Worker Pathway to Success for another avenue to find jobs. •Department is in the process of creating a certificate for Business Information Worker Stage 1. This should attract more single parents to the program. •Updated all the pull sheets to include Certificates and Associated of Arts Degrees for the program. In addition, the department has two internal certificates—Microsoft Office Certificate and Business Communications Certificate. This allows students who are refreshing their office skills to receive a certificate to add to their portfolio. •Department works very hard to keep the prices of books as low as possible by working with the publishers.

>Below are the nine §135(b) Requirements for Uses of Funds. Programs receiving these funds must meet these requirements.
