

Urgency of now: How **AI** can be used to solve problems of teaching and learning

Friday, February 21 | 11a.m.-12:30p.m.

Speaker: Peter Shea

Director of Professional and Instructional Development
Middlesex Community College, Boston M.A.

Zoom Meeting ID: 845 4514 0150

This presentation will update faculty and staff on how AI is reshaping education and why it's essential to embrace it now, offering practical tools and strategies for responsible implementation. Participants will explore ethical considerations, challenges, and innovative solutions, gaining actionable ideas to leverage AI in addressing today's educational challenges.
