

Willie Robert Heredia

Upon Checking the News on a Friday

Before he goes, he wants to
deliver chaos to a FedEx Facility.

He wants to harm,

 he wants to damage,

 he wants to live

in infamy / die instantly.

He wants to leave a stain,

painted by a trigger

soaked in red

 / eight families.

His wants are granted

by an outdated phrase

in an outdated Constitution, praised

by an outdated world / disconnected.

His wants are granted

 by the American Dream.

The report says:

four people died outside

and four died inside / The report says

the investigation is ongoing.

The report says, *in the fine print*,

this is an ongoing epidemic

/ in the fine print, this is an ongoing

 American Nightmare.
