4. INFORMATION ITEMS

- a. SLO committee report – Mark Fronke
 - i. The SLO committee goals and past accomplishments include:
 1. Working with department chairs to review mappings from CSLOs to PSLOs and ISLOs
 2. Establish a transition for new SLO coordinator.

3. Working with departments undergoing program review.
 4. Reviewing all SLO related standards on accreditation report.
 5. Establishing that full-time faculty develop and assess SLOs and that part-time faculty assess SLOS and will be compensated for developing SLOs.
 6. Continuing to improve eLumen. Integration of Canvas and eLumen needs to be finalized. There have been continued meetings with eLumen senior management. There is also a need to purge old data. Issues have developed because Cerritos started with eLumen for only SLOs and then layered Curriculum on top of it, which caused issues with data.
- b. UndocuAlly Week Presentation – Lynn Wang and Rosa Carrillo
- i. Oct. 14-18 has been established as Undocumented Student Action week. Events will be happening daily throughout the week. Events include:
 1. Monday: Keynote speech. Please bring your class or offer extra credit.
 2. Tuesday: Town hall covering resources. An attorney will also speak.
 3. Wednesday: Social Media Campaign.
 4. Thursday: CA Dream Act Application. Please alert students about financial support that is available. There will also be a paint night fundraiser at Kalaveras in Bellflower.
 5. Friday: Fundraiser at Buffalo Wild Wings in Cerritos. Faculty are welcome to donate even if they cannot attend the fundraisers.
- c. Campus Safety Update – April Griffin
- i. President Griffin reviewed locks in the SS building with Vice President Lopez. The door inventory will be finished this week. Panic button locks will arrive in 2-4 weeks. They plan to have a proposal for safety consultants at the November Board of Trustees meeting. The priority is classroom locks and then other doors will be updated as needed.
 - ii. The muffled speakers have been fixed and should be much clearer for the Great ShakeOut on October 17.
 - iii. Sensor lights that automatically turn on in response to movement are being assessed.

5. DISCUSSION/ACTION ITEMS

- a. Local Standards Approval
 - i. Auto Mechanical Repair
 - ii. Motion for approval of new local standard “Must have current ASE certifications in G1 and A6, AND any bachelor’s degree and two years of professional experience, OR any associate degree and six years of professional experience” by Senator Juntilla, seconded by Senator Lovejoy-Robold.
 1. Vote: approved

- b. Questions for Chancellor Oakley
- i. The faculty meeting with Chancellor Oakley on October 23 will be a question-and-answer meeting, not a meet and greet. It will take place in the conference center.
 - ii. There are concerns about the chancellor's lack of consultation. There are also particular concerns about the funding formula, especially the lack of clarity to the calendar. Senators suggested that Chancellor Oakley should be asked about this lack of consultation, as well as concern about Vision for Success and the 12 units. The constant change is causing instability and makes planning challenging.
 - iii. CCFF Liaison Rosenblatt noted that districts on "Hold Harmless" funding have more stable funding. The funding formula is challenging for Cerritos College because the funding is being revised based on what the state can pay.
 - iv. Senator Juntilla requested that the language describing the Chancellor's meeting with the faculty be modified from "meet and greet" to "meeting" if there will not be the opportunity to meet the Chancellor personally. He noted this change is disappointing.
 - v. Senator Worrel would like to ask the chancellor about how AB 705 came to be and what was the evidence supporting it.
 - vi. Scott O'Neil from the mathematics department suggested that the chancellor meet with high school faculty about how high school students are prepared for college-level material. He added that some high schools have the goal of graduating students, not necessarily preparing them for college-level courses.
 - vii. Senator Ukita asked what structured and more focused support is the chancellor offering to help achieve the Vision for Success goals.
 - viii. Senator Beyene asked how we follow up about these issues. President Griffin responded that the members of the Board of Governors will also be in attendance and will help hold him accountable. President Griffin will also share information in area and statewide senate meetings.
 - ix. Senator Forsythe requested more support for part-time faculty office hours, especially due to AB 705. President Griffin responded that the chancellor is interested in supporting part-time faculty through office hours and health benefits.
 - x. Senator Beyene requested more support to attend conferences and for professional development to help with the implementation of AB 705.
 - xi. Senator Mullins suggested that the chancellor needed to direct college administrations to provide support to accomplish the goals of AB 705.
 - xii. Senator Forsythe voiced concern about discouraged students who may not be succeeding due to AB 705. He wants to ask the chancellor, "What would you say to a discouraged student?"

- xiii. Non-Credit Liaison Martha Robles suggested that students who need extra assistance be directed to adult education where they can receive additional support through open entry/open exit courses.
- xiv. Senator Worrel pointed out that she has students who are placed in her classes that are not succeeding and cannot even benefit from tutoring because they have been incorrectly placed.
- xv. CCFF Liaison Rosenblatt reported that the chancellor is working with CFT to get additional funds for a variety of faculty causes, including supporting the 75/25 full-time to part-time ratio and funds for part-time faculty office hours and healthcare.
- xvi. Senator Falcon discussed how Chancellor Oakley was an effective president of Long Beach City College and that it is important to give him a chance. He also noted the significance of the first Latino chancellor in the state.
