

CENTER FOR TEACHING EXCELLENCE

11110 ALONDRA BLVD. • NORWALK, CALIFORNIA 90650-6298 • (562) 860-2451

Upcoming workshops for the Spring that will be taught by Cynthia Alexander and Dave Gunn in the CTX (LC-201) include:

Canvas Q & A - Tuesday, February 14 at 2:00pm

Note that the Canvas Q & A sessions are not workshops. Nothing will be presented. It is a walk-in sort of thing (although it would be nice if people signed up) for people who have specific questions—sort of like the Migration Clinics were last semester. So, no FLEX should be given.

Using Rubrics and SpeedGrader* - Wednesday, February 22 at 2:00pm

It is super easy to grade students' work using the SpeedGrader in Canvas, especially if you have set up rubrics. This workshop will demonstrate setting up rubrics, linking them to your SLOs, and then how easy it is to grade all types of student work using the SpeedGrader. Using SpeedGrader on both a computer and on an iPad will be demonstrated.

Canvas Q & A – Thursday, February 23 at 2:00pm

Please see description above.

Canvas Q & A – Tuesday, March 7 at 5:00pm

Please see description above.

Using Rubrics and SpeedGrader* - Wednesday, March 22 at 2:00pm

It is super easy to grade students' work using the SpeedGrader in Canvas, especially if you have set up rubrics. This workshop will demonstrate setting up rubrics, linking them to your SLOs, and then how easy it is to grade all types of student work using the SpeedGrader. Using SpeedGrader on both a computer and on an iPad will be demonstrated.

Accessibility in Canvas* - Tuesday, March 28 at 10:00am

Canvas is inherently 508-compliant (Section 508 of the Federal Rehabilitation Act of 1973) but when instructors add content, if they do not follow just a few simple steps, they can make their courses not accessible to students with disabilities. Come to this workshop to learn how to keep your Canvas course accessible so all students can have the same great experiences with your content.

Canvas Q & A – Tuesday, April 4 at 10:00am

Please see description above.

Adding WOW to Your Canvas Course* - Wednesday, April 26 at 2:00pm

Canvas is somewhat rigid with how content is presented. However, there are some steps you can take to add a little pizzazz to both your homepage and to the Modules list. In this workshop, tips for enhancing your content in Canvas will be demonstrated.

****Flex Credit will not be available for Q & A workshops****
