

Cerritos College Learning Communities Programs

The Puente program is designed to help students achieve academic success, instills a sense of belonging, and guarantees students four transfer courses (schedule on reverse) with textbooks provided at no cost. These courses are all transferrable and will get you more familiar with the transfer process, major and career decision process, and build your leadership skills. The most unique aspect of the Puente program is that the professors approach these four subject through a Latina/o perspective. Including Latina/o authors, historical and contemporary issues in the Latina/o community, and different themes pertaining to the Latina/o community.

Through Puente you will receive counseling, guidance, mentorship, and assistance on the importance of transferring into a CSU, UC, or Private Universities. The Puente program also takes students on field trips such as visiting Northern California universities free of charge.

Be a part of a community of scholars designed with you in mind! The Umoja Success Program assists African American students and others in achieving academic and life success through the exploration of Black Culture and Hip Hop. The program is a dynamic learning experience shared by a group of students with faculty that is committed to their success. Umoja, a place to call home!

So what's in it for you? Support, Trips, Free Stuff, and much more. Interested students should complete the Google Doc below, and Umoja will connect with you about joining the community!

If you want to go fast, then go alone. If you're going to go far, go together! —UMOJA!

First Year Experience program (FYE) is a student success program designed to help students make a smooth and successful transition into college. FYE pairs classes together in “Houses” that focus on an area of interest or major and allows you to take these classes with a cohort of students with the same interest. FYE provides a supportive and welcoming learning community environment where students connect with one another and with creative faculty members. The FYE Houses are packaged together during convenient class times, so they work well with your schedule and are guaranteed to the first 30 students who sign a contract. FYE also has events during the semester aimed at connecting you to campus and community.
