3. STRATEGIC PLAN – YEAR 1 EVALUATION – YEAR 2 PLANNING

Dr. Blackburn distributed the Strategic Plan 2017-2020; and the evaluation/report draft. She noted that the purpose of reviewing the documents is to discuss whether or not, based on the outcomes of the evaluation, if there needs to be any adjustments to the Strategic Plan for Year 2.

The committee reviewed and discussed the document with Dr. Blackburn updating the form. It was noted that Goal D4: Provide information delivery guidelines for employees and students to ensure information is communicated more effectively, intuitively and with ease (more consistent information flow through Cerritos College) will be brought back to a future meeting when Dr. Griffin, Faculty Senate President, can provide input.

A question was brought forward regarding how are goals measurable? Can the outside reader see a path of progression? Dr. Blackburn noted that having metrics and baselines
