Subject: South Coast Air Quality Management District Rule 2202 – Annual Average Vehicle Ridership Survey (AQMD Survey)

In compliance with the South Coast Air Quality Management District (SCAQMD), Cerritos College is **required** to conduct an annual **Commuter Transportation Survey**. This survey will help us evaluate our efforts in meeting our worksite specific ERT (emission reduction target) and reaching our goal to reduce vehicle emissions resulting from commuting between work and home.

Participation in this survey is mandatory for all employees to comply with SCAQMD's Rule 2202 On-Road Motor Vehicle Mitigation Options. This survey will collect information on commute times and methods of travel for the week of Monday, March 20th through Friday, March 24th. The deadline to submit the survey will be April 7th. If you submit the survey by the deadline, you will automatically be entered for a chance to win a \$250.00 Amazon gift card.

To complete the survey, click the [link](#) or scan the QR code provided on the AQMD Survey e-mail **sent by Amador Chaidez last Friday, March 24th**. This will navigate you directly to the RideMatch website where you will be prompted to enter your employment ID and name. The estimated time to complete the survey is approximately one minute. If you are not currently enrolled in our rideshare program, or on unassigned time/vacation/ill during the designated survey week, we require that you still complete the survey, so the college avoids any penalties or fees. All information provided will remain confidential and only be used for planning purposes.

I appreciate you taking the time to complete this survey and for all your efforts toward our sustainability initiative. If you have any questions regarding the survey, please contact Amador Chaidez, 562-860-2451 ext. 2326, achaidez@cerritos.edu.
