

Office of the
President

September 3, 2025

Dear Colleagues,

Tonight, the Board of Trustees officially approved the updated Salary Schedules, and your 1.15 percent increase will be processed in the weeks ahead.

I want to reiterate this is more than an early salary increase. It is a powerful acknowledgment of your hard work, your dedication, and the impact we are making together. By uniting around our mission, supporting one another, and keeping students at the heart of all we do, we are building momentum that lifts our entire community.

With this action, the Board has not only endorsed our progress but clearly demonstrated they are with us in the fight for our students. They stand beside us as we continue to drive enrollment, strengthen course completion, and celebrate more students crossing the finish line.

Let's keep climbing higher, together. Our work is making a difference, and this moment is proof that when we rise as one, there is no limit to what we can achieve.

Jose
