

Welcome to Spring 2021 Semester, **Falcons!**

We are so excited to welcome you to our online spring 2021 semester at Cerritos College. Classes begin online on **Monday, January 11**. Due to the ongoing threat of coronavirus (COVID-19), most spring 2021 classes will take place online. There will be a small number of Career Technical Education (CTE) labs taking place on campus for courses that cannot be offered 100% online. If you are enrolled in these CTE courses, you will hear from your instructor about COVID-19 precautions.

Start with our [Cerritos Cares webpage](#) to find campus resources that will help you through the semester and when you need quick answers to your questions.

Having a Great Spring 2021 Semester: January 11 - May 21

Get familiar with the popular terms while we are operating in a virtual/online college setting.

- *REMOTE classes* = You must log on to your class at the specific day/time noted in the Class Schedule. These classes are considered **synchronous** online classes, meaning classes that start at a specific time.
- *ONLINE classes* = You can log on to your class at any day/time to complete your course work. These classes are considered **asynchronous** online classes, meaning classes that you can start at a time that you choose.

If you still need to register for spring classes, log in to the [Canvas site](#) for additional information about class meetings and course requirements.

Study Hall

While the College will not be fully open for classes this spring, our [Study Hall](#) allows students to utilize the Conference Center to study in a quiet atmosphere. The Study Hall features WIFI, and a socially-distanced seating area for all students and a group area for those who want to collaborate. We will follow all Los Angeles Department of Public Health requirements with social distancing, face coverings, and disinfection practices. Hope to see you there!
