**Special Recognitions**

**The Village** — California’s first community college housing development exclusively for students facing homelessness. Located just blocks away from the campus, the project features seven modern townhomes with a mix of free and affordable rental options that houses students between the ages of 18-25 years old. Jovenes, Inc. serves as the lead housing service provider for The Village. It provides day-to-day management, resident selection, on-site supervision, case management, and maintenance. Jovenes, Inc. also offers services to help students complete their educational goals. The service provider receives referrals from Cerritos College staff and departments. For more information, contact Jovenes, Inc. at CerritosPN@jovenesinc.org.

**Cerritos Complete** — Cerritos Complete is the College’s official California Promise Program that provides high school seniors from ABC, Bellflower, Downey, Norwalk-La Mirada, Paramount Unified School Districts, and Field of Dreams Charter School two years of college — free. The program also provides student support services including one-on-one counseling, early enrollment, and financial aid to help students succeed. Cerritos Complete assists high school seniors with a smooth transition to college, and allows students to explore career options, save money, and graduate from college on time. Cerritos Complete won the 2018 Examples of Excelencia Award (associate level), and was selected as a finalist for the 2018 Bellwether Award. Since its inception in 2015, the program has served over 2,500 students.

**Green Cerritos Campus Sustainability Initiatives** — Cerritos College is an environmental steward. The District is dedicated to adhering to sustainability practices and policies that conserve the planet’s diminishing natural resources. The District is creating a campus environment that fosters sustainability through conscious decision-making strategies. The College received Green Technology Magazine’s Green Community College Leadership Award for reducing its water consumption by using reclaimed water for landscape irrigation. The California Community Colleges/Investor Owned Utilities (CCC/IOU) partnership selected the College for a pilot study to develop a Campus Energy Master Plan. The College received the California Community Colleges Board of Governors 2017 Energy and Sustainability Award for its Science Building retro-commissioning project that is saving the campus $25,000 in energy cost annually.
