**APPLICATION FOR CONTRACTOR
PREQUALIFICATION FOR FORMAL BIDS - 2023**

CERRITOS COMMUNITY COLLEGE DISTRICT

**CERRITOS COMMUNITY COLLEGE DISTRICT
CONTRACTOR'S FORMAL BID PREQUALIFICATION PACKAGE**

GENERAL INFORMATION AND INSTRUCTIONS

Select trade categories interested in bidding as a general or prime contractor for formally bid projects for the Cerritos Community College District ("District") must complete the prequalification application and be approved by the District. Only Applicants that are prequalified will be permitted to submit a bid for construction projects for the selected trades below. The District is dedicated to encouraging full participation of local and/or small and historically underutilized business on its projects.

Public Contract Code section 20651.5 permits the governing Board of any community college district to require each prospective bidder for a contract, as described under Section 20651, to complete and submit to the District a standardized questionnaire and financial statement in a form specified by the District, including a complete statement of the prospective bidder's financial ability and experience in performing public works construction. In accordance with Section 20651.5, the District has developed a prequalification application which must be completed in advance by select trade categories seeking to bid these projects as a general or prime contractor.

Completed prequalification forms should be submitted for contractors to be placed on the District's list of formal bid prequalified contractors. Applicants will be notified of their prequalification rating as soon as possible. Bids can only be accepted from those select trades that have an acceptable qualification rating in place prior to the bid advertisement date.

A person who is knowledgeable and duly authorized to attest to the past and present operations of the Applicant and its policies must complete the application. An application certification page must be signed by the preparer and by at least one general partner, owner, principal, or executive officer of the firm who is authorized to legally commit the firm. More than one certification page may be necessary. All questions must be answered. Disclaimers, general statements with global qualifications or notations of "not applicable" are not acceptable. Any pages containing supplemental information and/or other documentation which the Applicant submits to ensure full disclosure should be attached to the application.

The Applicant must provide current, accurate and complete information. Incomplete or inaccurate documentation may result in denial of prequalification. The District reserves the right to verify the information submitted by the Applicant, and any related documents, or by supplemental information or data as necessary. If it is determined that false information or data was submitted in conjunction with the application, the District may deny prequalification, revoke previously granted approval or, if an award has been made, rescind the award or terminate the contract.

All costs associated with the completion of the application shall be borne by the Applicant. The District shall not, under any circumstances, be liable for any expenses incurred by the Applicant in connection with the preparation, completion or submission of the application. Once the review and evaluation is complete, the Applicant will be notified by mail or via electronic mail (email) whether the prequalification has been approved or denied. The District reserves the right to revoke the prequalified status of any Applicant that is not performing appropriately on the District's projects or other projects.

The District reserves the right to update an Applicant's prequalification limit, which may be updated at any time or to rescind the prequalification rating based on subsequently learned information. Applicants whose rating changes are sufficient to disqualify them will be notified and given an opportunity for a hearing consistent with the hearing procedures described below for appealing a prequalification rating. The Applicant will receive advance notice from the District of upcoming

projects that will be formally bid for which it has been deemed prequalified to bid. The Applicant may choose to formally bid any or all of the projects for which it is prequalified.

The questionnaire responses and financial statements are not public records and are not open to public inspection pursuant to Public Contract Code section 20101. All information provided will be kept confidential to the extent permitted by law. The contents may be disclosed, however, to third parties for the purpose of verification, investigation of substantive allegations, or in the appeal hearing. The District reserves the right to reject any and all prequalification questionnaires, to waive any irregularities in the information contained therein, to make all final determinations, and to determine at any time that the prequalification procedures will not be applied to a project.

Applicants shall mail or hand deliver the completed Contractor's Statement of Experience and Financial Condition in an envelope clearly marked "Confidential Prequalification" and addressed to:

- (3) Contractor's Financial Condition and Bondability
- (4) Certificate of Insurance
- (5) Certificate of Licensed Public Accountant
- (6) Accountant's Release Letter
- (7) Affidavit of Contractor

Only one copy of the prequalification package is required to be submitted. A new and current submittal shall be required for each calendar year. Additionally, the District may, at any time, specifically request a new statement, in which case, the Applicant must comply within thirty (30) days, or the rating on file may, at the sole discretion of the District, be considered expired. An Applicant may also file new statements at more frequent intervals if there is a substantial change in the Applicant's financial status, and a new rating based on the latest statement will be issued. In no case will prequalification remain in effect longer than the calendar year for which contractor is qualified. The following items must be provided or the formal bid prequalification submittal will not be accepted.

MINIMUM CRITERIA FOR PREQUALIFICATION

In order to prequalify to bid on the Project, the Applicant shall meet the minimum criteria for each of the following four (4) categories as set forth herein:

1. Meet all “Mandatory Evaluation Criteria” for prequalification;
2. Meet or exceed a score of 58 points on the Rating Questions;
3. Demonstrate through reference the minimum required experience on projects of similar size, scope, and complexity; and
4. Meet or exceed a score of 48 points on the Safety Record.
5. Demonstrate the financial capacity to perform the project as evidenced by Applicant’s financial statements.

The Applicant’s “Experience Limit” shall be the average contract price for public education contracts completed in the State of California in the past five (5) years. For example - Project 1 contract value of \$16,275,110, plus Project 2 contract value of \$14,370,260, plus Project 3 contract value of \$11,543,980 equals an average contract value of \$14,063,116. This figure is rounded to the nearest \$100,000 for an Experience Limit of \$14,100,000. This process only provides the Experience Limit and does not necessarily set the final rating.

The pre-qualification process will establish the “Qualification Limit” for each Applicant; the Qualification Limit is the maximum dollar value of a project an Applicant is deemed pre-qualified for submitting a Bid Proposal.

The “Qualification Limit” for Applicant will be the greater of: (i) the Experience Limit (as determined by the information provided in Section 4 of the Prequalification Package); (ii) Financial Strength (as determined by the information provided in Section 8 of the Prequalification Package); or (iii) ninety percent (90%) of the Applicant’s maximum per project bonding capacity (as reflected in the Applicant’s response to Section 2, Question

18. However, the “Qualification Limit” shall not exceed percent (90%) of the Applicant’s maximum per project bonding capacity as noted above.

PROCEDURE FOR APPEAL OF PREQUALIFICATION RESULTS

If the Applicant chooses to challenge a prequalification rating, the Applicant shall first request a hearing by providing a written request within two (2) business days after notification of prequalification rating to the Director of Purchasing and Contract Administration. The written request shall set forth in detail all grounds for the request including, without limitation, all facts, supporting documentation, legal authorities and arguments in support of the grounds for the request. Any matters not set forth in the written request shall be deemed waived. All factual contentions must be supported by competent, admissible and credible evidence. If no timely request for review is filed, the determination shall be final and all rights of the Applicant to challenge the District’s decision, whether by administrative process, judicial process or any other legal process or proceeding, shall be waived.

If the Applicant files the request for review within the time limit, then District staff shall schedule a time for a meeting to allow the Applicant to rebut any evidence used as a basis for the rating and to present evidence as to why the Applicant should be determined to be qualified to formally bid. District staff shall then review the Applicant’s evidence and subsequently notify Applicant regarding whether the Applicant is determined qualified to formally bid.

If the Applicant chooses to challenge District staff’s determination regarding Applicant’s prequalification rating after presenting evidence as described above, the Applicant may then, within two (2) business days of being notified of District staff’s determination, request that the District establish a three (3) member committee for a hearing to review the facts and reconsider the prequalification rating. The Applicant or his/her representative will be invited to appear in person to bring before the committee any information identified in the appeal. The Applicant will then be released from the meeting and the committee members shall consider whether to recommend a change in the Applicant’s rating. The committee shall render a recommendation to the Vice President of Business Services of the District who shall issue a final and binding decision. District counsel may be in attendance or on call during the appeal hearing. The Applicant will be faxed or emailed notification of the final and binding decision.
