Jump Start Program // Guide

Overview:

The Jump Start program provides an opportunity for students to enroll into BSN courses at California State University, Fullerton (CSUF) while also being enrolled in a California community college ADN program. The Jump Start program only operates during the summer 10-week session through Open University (OU). Tuition and fees are determined by OU which is subject to change. Please visit their website to review all tuition and fees. Open University: <http://ou.fullerton.edu/>

Each summer session, the School of Nursing (SON) will offer the following courses:

- NURS 305: Professional Nursing (3 units)
- NURS 310: Nursing Research/Evidence Based Practice (3 units)
- NURS 340: Advanced Concepts I (2 units)
- NURS 340L: Advanced Concepts Lab (1 unit)

First-time Jump Start students must take NURS 305 or NURS 310 or both the first summer semester. Jump Start students who have previously completed NURS 305 **and** NURS 310 in the prior summer are eligible to enroll into NURS 340 and NURS 340L. There is a maximum of two courses per summer session.

Courses will be offered face-to-face and online.

Benefits:

To be successful in these courses, students must be willing to devote a significant amount of time to the coursework each week. Students should plan to spend approximately 10 to 15 hours per week, per class. Students who attend the Jump Start program will have the **opportunity** to complete up to 10 units of the 41 units of RN-BSN nursing coursework as well as become familiar with CSUF's students, faculty, and staff.

It's important to note that participating in the Jump Start program does not guarantee admission. Priority admission will only be given to students who complete the RN-BSN application process and meet all current RN-BSN admission criteria.

Eligibility:

To be eligible for the Jump Start program, applicants must demonstrate the following:

- Currently enrolled and in good academic standing in a California community college ADN program
- Completed at least one (1) semester of the ADN program prior to starting the Jump Start program
 - Can be in-progress with the first semester during application
