**NORWALK, Calif. – June 25, 2024** – The Cerritos College Foundation announced that alumna Sharon Reichle created an endowment to fund scholarships for single-parent students in the nursing program. Sharon committed \$125,000 to be paid over the next five years and \$25,000 yearly thereafter until her passing. She has also included the Cerritos College Foundation in her estate plan.

Sharon's nursing career began after graduating from Cerritos College in 1968 as part of the inaugural nursing class. After beginning her career as a surgical floor nurse at Pacifica Hospital in Huntington Beach, Sharon moved on to various roles in the healthcare industry, earning promotions and taking on increased responsibilities. She took a five-year absence from nursing for two back surgeries and three pregnancies. Sharon worked at FHP Health Plan as a utilization and quality management supervisor before eventually starting her consulting firm, Care Continuum, Inc., specializing in medical management implementation.

Sharon created the endowment for single-parent students based on her life experience of having been a single parent for 18 years with no alimony or child support. She goes on to say, "I know firsthand that any little bit helps. I hope this endowment helps and inspires single-parent nursing students and other alumni to pay it forward."

"We are incredibly grateful for this incredible gift to the Cerritos College nursing program," said Dr. Elizabeth Riley, dean of the health occupations division. "Sharon is such an inspiration to our nursing students, especially those who are single parents. As a member of our inaugural nursing class of 1968, Sharon is part of our history, and with this gift, now she is a part of our future as well."
