EMBEDDED TUTORS

Success Center tutors are all over campus, embedded in over 200 sections. If your class hosts an embedded tutor, that is an extra opportunity for you! Embedded tutors offer out-of-class study sessions just for you. Ask your embedded tutor when the next study session is and join it to help you succeed.

PERSONAL SUCCESS MENTORS

If you need assistance in Math, English, Psychology, Anatomy & Physiology, or Speech Language Pathology courses, then the ASK program can provide you with a personal academic success mentor! The success mentor will meet with you every other week for tutoring, check-ins, and to help you navigate the college. Visit www.cerritos.edu/ASK to apply

IN-PERSON TUTORING

Drop in for face-to-face tutoring in math, English, ESL and other subjects by visiting the Success Center, downstairs in the LRC building, beneath the library, in LC-137. Make an appointment to avoid waiting by going to Navigate (see instructions on other side).

WORKSHOPS

Unique workshops taught by faculty are offered online and in-person. Asynchronous pre-recorded workshops are available 24/7. Topics include language, math, study skills, health, and more! Visit the Success Center website for info.

ESL CONVO GROUPS

Would you like to practice your English? Join us! These tutor-facilitated conversation groups are a place where students can practice speaking skills in the Success Center (LC137). Some of the topics include travel, hobbies, and careers.

The Math, Engineering, Science Achievement (MESA) program provides academic support for students working toward calculus-based science, technology, engineering, and math degrees. Apply to become a member and enjoy access to a STEM community, with the MESA center's study space, STEM industry tours, internship opportunities, and more!
