

CERRITOS COLLEGE
JOURNALISM (AA-T)

ASSOCIATE IN ARTS DEGREE IN JOURNALISM FOR TRANSFER

The goals and objectives of the Journalism AA are to prepare majors for college work in entry-level work in the industry as reporters, content creators, and editors. The program also seeks to provide courses that will fulfill part of the general education requirements for other majors. Students who learn the skill sets offered in the Journalism courses will be able to transfer these skills to a variety of career situations that require the ability to gather information from a variety of sources, synthesize or make sense of that information, and report findings to other audiences. They will also gain an understanding and appreciation for the rights and responsibilities associated with free speech and expression.
